Jung And The Native American Moon Cycles Rhythms Of Influence:

Jung and the Native American Moon Cycles Michael Owen, 2002 Jung and the Native American Moon Cycles describes the life of C G Jung as seen through the lens of the Moon Cycles a Native American teaching about the archetypal influences and forces that affect us at different times in our lives Through this lens we see how the rhythm of Jung's life coincided with the great events of the 20th century This book offers new insights into Jung's life and death and provides a fascinating perspective on some of Jung's more important dreams It also unexpectedly casts new light on Jung's fateful associations with Freud and Picasso and the controversial areas of his life particularly his relationships with women and his supposed anti-Semitism Michael Owen also shows how readers will be able to place the events of their own lives on the Moon Cycles of the Native American Medicine Wheel gaining a new perspective into the births and deaths in their life inner and outer They will see what learning periods are ahead of them and understand the critical importance of the nine month and three year cycles Some of the patterns of time and other insights revealed Both Jung's parents were the thirteenth and youngest in their families Freud died twenty seven years almost to the day after he fainted in Jung's presence and said How sweet it must be to die Jung dreamt of the firebombing of Dresden twenty seven years before it happened Jung's writings about Picasso and its relationship to Jung's death

The Maya Book of Life Michael Owen, 2011-03 THE MAYA BOOK OF LIFE UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012 The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture Taken from a single painting it is the only tarot deck where the major arcana form a complete picture This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process Only 500 copies of the original Xultun Tarot were ever printed Now Kahurangi Press xultun.com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles He lives in New Zealand

What If I Whispered Your Name? Anne Pieterse, 2011-04-29 What if you brought me a white rose And placed the petals around my heart And then promised me We would never ever part Whisper by Anne Pieterse In 1998 Anne Pieterse and her husband took their family on a beach holiday Tragically their youngest son Kristo was swept away one day and they never saw him again Numb with pain Annes own grief and the betrayal of those closest to her dragged her on a downward spiral into a soul destroying depression It was a long journey through to the other side of grief in which she also had an affair and dramatic encounter with those who endured the 2004 South Asian Tsunami But after much soul searching Anne discovered the source that would propel her back into a positive appreciation of life love nature and self Rich with poetry and vivid descriptions of her life Journeying Beyond Grief is
