Laurie M. Johnson, 2024-10-18 Laurie M Johnson argues that America's culture wars may seem to have erupted in the past couple of decades but they go back centuries For those who think that Christian nationalism or right wing populism is the problem to be solved that some people simply need to understand Christianity or politics better and become reasonable read on Christian nationalism and other ideological extremes are symptoms of major economic technological spiritual and psychological shifts that have left too many people uprooted disenchanted and precarious There are no easy answers but Johnson tries to show a path out that enlists not only individuals but also church and state Without leadership and structure provided at the levels of the church and state Christians and those impacted by them will remain part of the problem and not the solution Johnson says to Christians change is not talk it's action and Christian action can only happen with leadership that creates a context where we can work together rather than wasting our time in culture wars **The Essential Jung** C.

G. Jung, 2013-10-10 In this compact volume British psychiatrist and writer Anthony Storr has selected extracts from Jung's writings that pinpoint his many original contributions and relate the development of his thought to his biography Storr's explanatory notes and introduction show the progress and coherence of Jung's ideas These notes link the extracts and with Dr Storr's introduction they show the progress and coherence of Jung's ideas including such concepts as the collective

unconscious the archetypes introversion and extroversion individuation and Jung's view of integration as the goal of the development of the personality Jung maintained that we are profoundly ignorant of ourselves and that our most pressing task is to deflect our gaze away from the external world and toward the study of our own nature In a world torn by conflict and threatened by annihilation his message has an urgent relevance for every thoughtful person
