Justice Denied Clemency Appeals In Death Penalty Cases:

Justice Denied Cathleen Burnett, 2002 This first study of executive clemency petitions shows in dramatic detail how mistakes and miscarriages of justice often fail the condemned and victims alike *The Global Decline of the Mandatory Death Penalty* Andrew Novak, 2016-03-16 Historically at English common law the death penalty was mandatory for the crime of murder and other violent felonies Over the last three decades however many former British colonies have reformed their capital punishment regimes to permit judicial sentencing discretion including consideration of mitigating factors Applying a comparative analysis to the law of capital punishment Novak examines the constitutional jurisprudence and resulting legislative reform in the Caribbean Sub Saharan Africa and South and Southeast Asia focusing on the rapid retreat of the mandatory death penalty in the Commonwealth over the last thirty years The coordinated mandatory death penalty challenges which have had the consequence of greatly reducing the world s death row population represent a case study of how a small group of lawyers can sponsor human rights litigation that incorporates international human rights law into domestic constitutional jurisprudence ultimately harmonizing criminal justice regimes across borders This book is essential reading for anyone interested in the study and development of human rights and capital punishment as well as those exploring the contours of comparative criminal justice *Questioning Capital Punishment* James R. Acker, 2014-06-13 The death penalty has inspired controversy for centuries Raising questions regarding capital punishment rather than answering them *Questioning Capital Punishment* offers the footing needed to allow for more informed consideration and analysis of these controversies Acker edits judicial decisions that have addressed constitutional challenges to capital punishment and its administration in the United States and uses complementary materials to offer historical empirical and normative perspectives about death penalty policies and practices This book is ideal for upper level undergraduate and graduate classes in criminal justice *The Biblical Truth about America's Death Penalty* Dale S. Recinella, 2015-12-01 While secular support for capital punishment in America seems to be waning religious conservatives particularly in the Bible belt remain staunch advocates of the death penalty citing biblical law and practice to defend government sanctioned killing Dale S Recinella compares biblical teaching about the death penalty including such passages as eye for eye tooth for tooth life for life with the nation s current system of capital punishment and offers persuasive arguments for a faith based moratorium on and eventual abolition of executions Framing his careful and incisive analysis as a legal brief to those who believe the Bible mandates the ultimate punishment the author addresses two critical areas of inquiry what do the scriptures tell us about who is deserving of death and who has the authority to kill and what do they tell us about the required standards for execution and the plight of victims families Recinella s examination of the Hebrew Torah or Christian Pentateuch and the Talmud reveals that the biblical death penalty was not a simple system of swift retribution but a complex and practical set of laws that guided capital courts established under the Sanhedrin His scrutiny of these texts the Christian doctrine of atonement and Romans 13 in the

Pauline Epistles draws parallels between the traditional biblical arguments used in favor of capital punishment and those used as the basis for pro slavery positions in the nineteenth century Demonstrating that both approaches are unsubstantiated in biblical terms Recinella debunks the accepted religious reasoning for support of the death penalty and shows instead that the Bible s strict conditions for sanctioning execution are at odds with the arbitrary ways in which capital punishment is administered in the United States He provides convincing evidence that a sentence of death in today s criminal justice system in fact fails to meet both the Bible s exacting procedural requirements and its strict limitations on judicial authority By providing actual scriptural language and foundation to counter the position that biblical truth justifies a pro death penalty stance this thoughtful solidly researched and well reasoned work will give pause to religious fundamentalists and challenge them to rethink their strongly held views on capital punishment The Death Penalty as State Crime Laura L.

Handbook on Crime and Deviance Marvin D. Krohn, Alan J. Lizotte, Gina Penly Hall, 2010-01-15 *Capital Punishment* C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence
