Le

The Shape of Change ,2021-11-01 In The Shape of Change Anne L

Birberick and Russell Ganim bring together essays by fourteen established scholars who dedicate their studies to David

Rubin as they explore the ways in which artistic endeavor shapes and is shaped by literary memory The volume is divided into two sections The first section Continuity and Discontinuity offers essays by Jody Enders Timothy Reiss Twyla Meding Marie Odile Sweetser Robert Corum Jr and the editors themselves and considers the ways in which seventeenth century authors draw upon generic conventions or diverse artistic media to create works that reflect the aesthetic and moral values of their time The second section entitled La Fontaine focuses primarily on Jean de La Fontaine s masterpiece Les Fables Here the problem of imitation and innovation as it relates to genre influence and literary reputation is examined in essays by Jules Brody Richard Danner Judd Hubert Catherine Gris Michael Vincent Nicholas Cronk and Ralph Albanese Jr The Shape of Change serves as a fine scholarly contribution to the studies of French seventeenth century literature and La Fontaine The essays are thoughtful as well as thought provoking and the volume s critical diversity is nicely balanced by its thematic coherence In its ability to stimulate new thinking this collection of essays will be of interest to both students and scholars of early modern France

French through Corpora Virginie André, Christophe Benoit, Henry Tyne, 2014-06-02 This book offers a series of studies that come together in their concern for furthering an understanding of the French language of its uses its forms its variation and its acquisition Other than contributing to a general understanding of French this book also addresses the use of corpora for the study of language and the links between tools methods analyses and applications What data are used and how What are the underlying theoretical and or methodological considerations How have these changed our way of formulating linguistic descriptions What are the implications for descriptive accounts of French today What are the applications of corpus studies These questions and many more are addressed here in a series of scholarly contributions grouped into four broad areas diachrony syntax sociolinguistics and the learning and teaching of French The book provides an up to date and challenging account of French for researchers in French linguistics It will also be suitable for use on post graduate and some undergraduate courses providing useful information not only for students and teachers of French but also for language and linguistics students in general Many of the issues addressed are not specific to the French language and can be accounted for within a more general area of reflection within linguistics on changing relations between data theory and methods

Revue Canadienne Des Langues Vivantes ,1982

Advances in Natural Language Processing Tapio Salakoski, Filip Ginter, Sampo Pyysalo, Tapio Pahikkala, 2006-08-11 This book constitutes the refereed proceedings of the 5th International Conference on Natural Language Processing FinTAL 2006 held in Turku Finland in August 2006 The book presents 72 revised full papers together with 1 invited talk and the extended abstracts of 2 invited keynote addresses The papers address all current issues in computational linguistics and monolingual and multilingual intelligent language processing theory methods and applications
