The Sociology Student's Guide to Writing Angelique Harris, Alia R. Tyner-Mullings, 2016-12-20 The Sociology Student's Guide to Writing by Angelique Harris and Alia R. Tyner-Mullings is a brief economical reference work that gives practical advice about the writing tasks and issues that undergraduate students face in their first sociology courses. Along with more traditional topics, it incorporates valuable information about composing emails, writing for online forums, and using technology for information gathering and note taking. Used by itself or in combination with other texts, this book will increase the quality of student writing and enhance their knowledge of how sociologists communicate in writing. **Assessment Essentials**

Trudy W. Banta, Catherine A. Palomba, 2014-09-09 A comprehensive expansion to the essential higher education assessment text. This second edition of *Assessment Essentials* updates the bestselling first edition, the go-to resource on outcomes assessment in higher education. In this thoroughly revised edition, you will find in a familiar framework nearly all new material, examples from more than 100 campuses, and indispensable descriptions of direct and indirect assessment methods that have helped to educate faculty staff and students about assessment. Outcomes assessment is of increasing importance in higher education, especially as new technologies and policy proposals spotlight performance-based success measures. Leading authorities Trudy Banta and Catherine Palomba draw on research standards and best practices to address the timeless and timeliest issues in higher education accountability. New topics include Using electronic portfolios in assessment, Rubrics and course embedded assessment, Assessment in student affairs, Assessing institutional effectiveness. As always, the step-by-step approach of *Assessment Essentials* will guide you through the process of developing an assessment program from the research and planning phase to implementation and beyond, with more than 100 examples along the way. Assessment data are increasingly being used to guide everything from funding to hiring to curriculum decisions, and all faculty and staff will need to know how to use them effectively. Perfect for anyone new to the assessment process as well as for the growing number of assessment professionals, this expanded edition of *Assessment Essentials* will be an essential resource on every college campus. **Beginning Postsecondary Students Longitudinal Study Second Follow-up Field Test Report**

(BPS:90/94) Daniel Johnson Pratt, 1994 This document is a summary and evaluation of methodological procedures and results for the field test of the Beginning Postsecondary Student Longitudinal Study Second Followup 1990-94 BPS 90/94. The BPS study is a departure from previous studies in that it starts with a cohort of individuals as they enter their postsecondary studies, regardless of when they completed high school. As a result, information is becoming available about nontraditional students who have delayed the completion of their education. All types of postsecondary students, academic, vocational, occupational, and technical, are included and can be represented in known proportions. An introduction considers the background, purposes, and scheduled products of the BPS study. Chapter 2 describes study design and method. Operating control systems implemented for the study are described in chapter 3. Details and descriptions of data locating and collection

activities and outcomes are given in chapter 4 and data quality is examined in chapter 5 Supporting documentation is presented in four appendixes Eight figures and 42 tables contain information about conducting the study SLD
