The Modern Yogi's Guide To Self-Exploration: A Creative Journey Through The 7 Chakra System Ely Bakouche, 2021-05-01 This book is a collection of reflections, prompts, tools, and practical exercises to support your self-discovery, mental, emotional, physical well-being, and healing in a sustainable way. What You'll Find Inside: An introduction to the myths in our modern understanding of the chakra system and alternative ways of thinking; 7 chapters based on the ancient wisdom of the chakras to anchor your reflections and healing in various topics like emotional awareness, confidence, or belonging; Everyday challenges, exercises to widen your understanding of your yoga practice and integrate seamlessly into your daily life; Illustrations by artist Katya Uspenkaya.

Author's Note: From a very early age, I've felt like the world was spinning too fast. I was always playing catchup and going against my inner natural pace. Yoga for me became a way to connect with my intuitive rhythm. It has taught me again and again about what it means to simply be with myself and with the world around me. After a while, I started wondering if I could stay as present in everyday challenges and happenings as I was when I was moving and breathing in my asana practice. I'd started on a yoga mat, but my practice never felt quite powerful enough to infiltrate all areas of my life. Why was it so difficult to say no to things I didn't want to do when I'd been learning about that in my physical practice? Why would I not let myself flow in my creative projects as much as my breath during meditation? This book is part of my journey of discovering how yoga can truly be a practice of every day, every hour, every minute. It is a collection of my attempts at putting together building blocks of awareness so I always find pockets of connection, whether I'm sitting on a loud train, cooking a meal, or deep into my

email inbox I hope you find comfort and ways to cultivate confidence through these pages May the reflections and practice build the freedom and intuition you need to let the wonderful practice of yoga take the shape it needs to serve you and your communities With love and curiosity Ely *Summary of Elie Wiesel and Marion Wiesel's Night* Milkyway Media,2024-03-26

Wilcox,2016-06-28 Abraham Joshua Heschel said that We are closer to God when we are asking questions than when we have the answers He believed that to be a Christian is not to be a person who knows all the answers but one who lives in the part of the self where the question is constantly being born Most of us don't think very much about our questions In our culture we are accustomed to being able to find out answers to nearly any question just by typing it into Google search or asking Siri But behind any answer there is always a question Sometimes the question isn't clear to us sometimes it is not very well articulated even to ourselves But it is always there In over thirty years as a psychotherapist and spiritual director Peter C Wilcox has seen how the questions people ask themselves have shaped their lives in some very important ways This book is an invitation to see how important it is to learn how to ask the right questions about our lives This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically Our questions orient our lives and give direction to us We will see that they enable us to make fifteen choices that have a tremendous impact on the kind of person we become
