Sexual Myths of Modernity Alison M. Moore, 2015-11-19 The notion of

sexual sadism emerged from nineteenth century alienist attempts to imagine the pleasure of the torturer or mass killer. This was a time in which sexuality was mapped to social progress so that perversions were always related either to degeneration or decadence. These ideas were internalized in later Freudian views of the drives within the self and of their repression under the demands of modern European civilization. Sadism was always presented as the barbarous past that lurked within each of us ready to burst forth into murderous violence: crime, anti-Semitism and finally genocide. This idea maintained its currency in European thought after the Second World War as Freudian influenced accounts of the history of philosophy configured the Marquis de Sade as a kind of Kantian superego in a framework that viewed the Western Enlightenment as unraveled by its own inner demons. In this way a straight line was imagined from the late eighteenth century to the Holocaust. These ideas have had an ongoing legacy in debates about sexual perversion, feminism, genocide, representation and historical memory of Nazism. However, recent genocide research has massively debunked assumptions that perpetrators of mass violence are especially sexually motivated in their cruelty. This book considers how the late twentieth century imagination eroticized Nazism for its own ends but also how it has been informed by nineteenth century formulations of the idea of mass violence as a sexual problem.

Lives Reclaimed Mark Roseman, 2025-08-22. From the celebrated historian of Nazi Germany, the story of a remarkable but completely unsung group that risked everything to help the most vulnerable. In the early 1920s amidst the upheaval of Weimar Germany, a small group of peaceable idealists began to meet, practicing a quiet communal life focused on self-improvement. For the most part, they had come to know each other while attending adult education classes in the city of Essen. But the Bund, as they called their group, had lofty aspirations under the direction of their leader, Artur Jacobs. Its members hoped to forge an ideal community that would serve as a model for society at large. But with the ascent of the Nazis, the Bund was forced to reevaluate its mission, focusing instead on offering assistance to the persecuted despite the great risk. Their activities ranged from visiting devastated Jewish families after Kristallnacht to sending illicit letters and parcels of food and clothes to deportees in concentration camps, to sheltering political dissidents and Jews on the run. What became of this group? And how should its deeds, often small seemingly insignificant acts of kindness and assistance, be evaluated in the broader history of life under the Nazis? Drawing on a striking set of previously unpublished letters, diaries, Gestapo reports, other documents, and his own interviews with survivors, historian Mark Roseman shows how and why the Bund undertook its dangerous work. It is an extraordinary story in its own right, but Roseman takes us deeper, encouraging us to rethink the concepts of resistance and rescue under the Nazis, ideas too often hijacked by popular notions of individual heroism or political idealism. Above all, the Bund's story is one that sheds new light on what it meant to offer a helping hand in this dark time.

A Terrible and Terribly Interesting Epoch Alexandra Garbarini, Jean-Marc Dreyfus, 2021-11-15 Published in association with the United States Holocaust Memorial Museum This extraordinary wartime diary provides a rare glimpse into the daily life of French and foreign born Jewish refugees under the Vichy regime during World War II Long hidden the diary was written by Lucien Dreyfus a native of Alsace who was a teacher at the most prestigious high school in Strasbourg an editor of the leading Jewish newspaper of Alsace and Lorraine the devoted father of an only daughter and the doting grandfather of an only granddaughter In 1939 after the French declaration of war on Hitler's Germany Lucien and his wife Marthe were forced by the French state to leave Strasbourg along with thousands of other Jewish and non Jewish residents of the city The couple found refuge in Nice on the Mediterranean coast in the south of France Anti Jewish laws prevented Lucien from resuming his teaching career and his work as a newspaper editor But he continued to write recording his trenchant reflections on the situation of France and French Jews under the Vichy regime American visas allowed his daughter son in law and granddaughter to escape France in the spring of 1942 and establish new lives in the United States but Lucien and Marthe were not so lucky Rounded up during an SS raid in September 1943 they were deported and murdered in Auschwitz Birkenau two months later As the only diary by an observant Jew raised bi culturally in French and German Dreyfus's writing offers a unique philosophical and moral reflection on the Holocaust as it was unfolding in France

Predicting the Holocaust Jürgen Matthäus, 2018-12-14 Published in association with the United States Holocaust Memorial Museum Historians long have analyzed the emergence of the final solution of the Jewish question primarily on the basis of German documentation devoting much less attention to wartime Jewish perceptions of the growing threat Jürgen Matthäus fills this critical gap by showcasing the highly insightful reports compiled during the first half of World War II by two Geneva based offices those of Richard Lichtheim representing the Jewish Agency for Palestine and of Gerhart Riegner's World Jewish Congress office Since the first days of war Lichtheim's predictions of Jewish dead ran in the millions and increased progressively with the rising tide of Nazi rule over Europe His and Riegner's perceptions of German anti Jewish policy resulted from shared goals and personal experiences as well as from their bureaus range of functions and the massive problems that impacted the gathering and communicating of information on the unfolding Holocaust in German controlled Europe Beyond the specifics of the wartime Geneva setting these sources show how human cognition works in times of extreme crisis and contribute to a better understanding of the potential inherent in Jewish sources for gauging perpetrator actions The reports and contextual information featured here reflect the first

narratives on the Holocaust their emergence evolution and importance for post war historiography The Political Diary of Alfred Rosenberg and the Onset of the Holocaust Jürgen Matthäus, Frank Bajohr, 2015-09-28 Published in association with the United States Holocaust Memorial Museum In December 2013 after years of exhaustive search the U S Holocaust Memorial Museum received more than four hundred pages of diary notes written by one of the most prominent Nazis the Party's chief ideologue and Reich minister for the occupied Soviet territories Alfred Rosenberg By combining Rosenberg's diary notes with additional key documents and in depth analysis this book shows Rosenberg's crucial role in the Nazi regime's anti Jewish policy In the second half of 1941 the territory administered by Rosenberg became the region where the mass murder of Jewish men women and children first became a systematic pattern Indeed months before the emergence of German death camps in Poland Nazi leaders perceived the occupied Soviet Union as the area where the final solution of the Jewish question could be executed on a European scale Covering almost the entire duration of the Third Reich these previously inaccessible sources throw new light on the thoughts and actions of the leading men around Hitler during critical junctures that led to war genocide and Nazi Germany's final defeat War, Pacification, and Mass Murder, 1939 Jürgen Matthäus, Jochen Böhrer, Klaus-Michael Mallmann, 2014-04-18 Published in association with the United States Holocaust Memorial Museum This invaluable work traces the role of the Einsatzgruppen of the Security Police and SD the core group of Himmler's murder units involved in the Final Solution of the Jewish Question during and immediately after the German campaign in Poland in 1939 In addition to relevant Einsatzgruppen reports the book includes key documents from other sources especially eyewitness accounts from victims or onlookers Such accounts provide an alternative often much more realistic perspective on the nature and consequences of the actions previously known only through documentation generated by the perpetrators With carefully selected primary sources contextualized by the authors clear narrative this work fills an important gap in our understanding of a crucial period in the evolution of policies directed against Jews Poles and others deemed dangerous or inferior by the Third Reich Supplemented by maps and photographs this book will be an essential reference and research tool
