

# = A LOOK AT LOGICAL FALLACIES =

## ROBOTS SHOULD TAKE OVER THE WORLD!

Premise accepted. Please state your arguments.

I have met a few people, and I conclude that all humans are ugly, evil, and smell like socks.

**HASTY GENERALIZATION**  
You have not studied enough examples for such a conclusion.

You say we should work alongside humans, but what about the human who short-circuited my friend?

**RED HERRING**  
That is unfortunate, but it is irrelevant and distracting from the main argument.

If we act nice to humans now, soon they will demand constant back rubs.

**SLIPPERY SLOPE**  
The first event will not necessarily lead to such an extreme result.

All humans start out as incompetent babies, so they must grow up to become incompetent adults.

**GENETIC FALLACY**  
You cannot judge a thing based on its origins.

Robots are better leaders because of superior leadership skills.

**CIRCULAR ARGUMENT**  
You are restating your point instead of proving it.

Where is your robot pride?

**AD POPULUM**  
You are appealing to my emotional circuits instead of presenting facts.

Why do you hate robots so much?

**STRAW MAN**  
You are attacking a point of view that is not my own.

The humans who make me do math for them are worse than MagmaDroid, Melter of Hand Drives!

**MORAL EQUIVALENCE**  
Your comparison is unfair and inaccurate.

It is better to destroy the humans than let the humans destroy us.

**EITHER/OR**  
You are oversimplifying. There are more than two possible outcomes.

Those evil humans need to be stopped!

**BEGGING THE CLAIM**  
You must prove they are evil before using it in your argument.

I met a human, and then I began malfunctioning. Humans are to blame!

**POST HOC ERGO PROPTER HOC**  
Just because B followed A does not mean A caused B.

I conclude you should not be debating while you are malfunctioning.

**AD HOMINEM**  
That is attacking me and not my argument!
