Numbers - Women's Bible Study Leader Guide Melissa Spoelstra,2017-08-01 Something in us aches for more more hope more joy more freedom All around us people are dancing to the steps of bigger better and faster and we can easily join in without even realizing it Before long complaining and comparing accompany our desire for more yet we re not any closer to filling the ache inside God offers us another way In this study of the Book of Numbers we ll find a group of people that wandered in the desert for forty years unable to enter the Promised Land because of their complaining grumbling and lack of faith The New Testament tells us that their story was written to warn us 1 Corinthians 10 6 so that we would not make the same mistakes and suffer the same consequences God sent his only Son to die to buy our freedom from the sin that leads to discontentment and we find our own promised land of peace and contentment in the life he gives us By exploring Numbers we can come to identify the reasons for our complaining learn contentment while being authentic about the difficulties of life accept short term hardship in light of the greater good of God s ultimate deliverance recognize the relationship between complaining and worry and discover how to realign with God s character and promises Together we will learn contentment as we discover more of our incredible God who truly is more than enough Only God can fill that ache inside and help us focus on his provision and purpose in the midst of life s joys and pains The Leader Guide to be used along with the study s workbook and DVD contains six session plan outlines complete with discussion points and questions activities prayers and more plus leader helps for facilitating a group Other components for the Bible study available separately include a Participant Workbook DVD with six 20 25 minute sessions and boxed Leader Kit an all inclusive box containing one copy of each of the Bible study s components **The English Teacher's Survival Guide** Mary Lou Brandvik,Katherine S. McKnight,2011-01-21 Problem solving techniques for all aspects of the English teacher s job This unique time saving book is packed with tested techniques and materials to assist new and experienced English teachers with virtually every phase of their job from lesson planning to effective discipline techniques The book includes 175 easy to understand strategies lessons checklists and forms for effective classroom management and over 50 reproducible samples teachers can adopt immediately

for planning evaluation or assignments It is filled with creative and functional ideas for reading response activities writing assignments group and individual projects and speeches Offers instructions for creating and implementing an effective classroom wide behavior management program Shows how to practice the art of teaching English effectively and reduce time on labor intensive tasks Reveals how to work effectively with parents colleagues substitute teachers administrators and community resources The second edition includes coverage of technology in the classroom advice for working with reluctant readers a wealth of sample teaching units and more

Elements of Literature Robert Anderson,1993 Connecting Across Disciplines Susan Chenelle,Audrey Fisch,2016-02-10 While the Common Core has made informational text a focal point in English language arts classrooms around the country it has also made literacy a key concern in other subjects Teaching literacy in the disciplines and navigating informational texts are challenging prospects How can content area teachers find high quality informational texts that will enhance their curriculum How do they go about working with these new texts Most importantly how do teachers balance their responsibility towards their subject matter with the new charge to incorporate disciplinary literacy The key is to connect communicate and collaborate Teachers can meet these challenges together and enhance student literacy engagement and motivation along the way This volume offers a practical model that teachers in any discipline can use to incorporate informational texts into their classrooms on their own or in collaboration with colleagues in other content areas We also share suggestions and ideas for initiating and implementing collaboration between teachers of any discipline even those working at the secondary level with complex schedules and curricula

Understanding Learning and Teaching Michael Prosser,Keith Trigwell,1999-02-16 How can university teachers improve the quality of student learning Prosser and Trigwell argue that the answer lies in determining how students perceive their unique learning situations In doing so they draw upon the considerable body of educational research into student learning in higher education which has been developed and published over the past three decades and they enable university teachers to research and improve their own teaching This book outlines the key principles underlying successful teaching and learning in higher education and is a key resource for all university teachers
