Glover Pocket Reference Guide 4th Edition:

Pocket Ref 4th Edition Thomas Glover, 2017-09-18 Pocket Ref 4th edition The concise all purpose pocket sized reference book featuring abundant information on many subjects hundreds of tables maps formulas constants and conversions If you need to know it it is in this book [The Architecture Reference & Specification Book](#) Julia McMorrough, 2013-08 Most architectural standards references contain thousands of pages of details overwhelmingly more than architects need to know to know on any given day The Architecture Reference Specification Book contains vital information that s essential to planning and executing architectural projects of all shapes and sizes in a format that is small enough to carry anywhere It distills the data provided in standard architectural volumes and is an easy to use reference for the most indispensable and most requested types of architectural information **The Architecture Reference & Specification Book Updated & Revised** Julia McMorrough, 2018-01-09 Most architectural standards references contain thousands of pages of details overwhelmingly more than architects need to know to know on any given day The updated and revised edition of Architecture Reference Specification contains vital information that s essential to planning and executing architectural projects of all shapes and sizes all in a format that is small enough to carry anywhere It distills the data provided in standard architectural volumes and is an easy to use reference for the most indispensable and most requested types of architectural information

Using the Engineering Literature Bonnie A. Osif, 2016-04-19 With the encroachment of the Internet into nearly all aspects of work and life it seems as though information is everywhere However there is information and then there is correct appropriate and timely information While we might love being able to turn to Wikipedia for encyclopedia like information or search Google for the thousands of links *Aerial Dance* Jayne C. Bernasconi, Nancy E. Smith, 2008 Aerial Dance is the first book to showcase this newest dance genre The book traces the historical roots of this latest art form which is rapidly gaining in popularity It also defines its place in the lineage of modern dance and addresses aesthetics philosophical approaches to teaching and safety issues Aerial Dance will be of great interest to all those associated with or attracted to this emerging art form Whether a novice or professional a practitioner or educator they will learn from those who helped shape aerial dance into what it is today Through this book and DVD package readers will gain insight from essays written by leading choreographers in the field gain a greater understanding of and appreciation for aerial dance choreography through Look Up features that provide cross references to video performance clips on the DVD and view high quality photographs that illustrate the origins of aerial dance Part I details the evolution of aerial dance and its place in a postmodern world It delves into the aesthetics of aerial dance and the differences between this genre and circus based aerial arts Part II presents a variety of essays from many of the top artists in the field who provide insight into their own approaches to aerial dance The book also presents a variety of teaching applications including ideas for working with special populations and related art forms Part III is all about safety including injury prevention rigging other safety related issues This part helps readers

understand anatomical and physiological issues regarding safety Note that Aerial Dance is not meant as an instruction book in choreographing or executing aerial dance moves No book can ensure safe rigging or keep a dancer from falling Those who are interested in learning and practicing aerial dance must first find a skilled and experienced teacher The appendix includes contact information on aerial dancers teachers festivals and aerial dance equipment Readers will find great insight and direction from seasoned experts in this innovative dance form Aerial Dance captures the passion of the genre and helps readers appreciate the creative possibilities it offers Materials, Structures, and Standards Julia McMorrough,2006-01-01

Most architectural standards references contain thousands of pages of details overwhelmingly more than architects need to know to know on any given day Now there is a place where architects can find vital information essential to planning and executing architectural projects of all shapes and sizes in a format that is small enough to carry anywhere Materials Structures and Standards distills the data provided in standard architectural volumes and offers an easy to use reference for the most indispensable and most requested types of architectural information Part 1 Building an Architectural Project addresses basic geometry architectural drawing types AutoCAD guidelines building codes accessibility issues structural and mechanical systems conventional building components and sustainable design Part 2 Materials provides a detailed catalog of wood masonry and brick metals concrete and interior finishes Also included are an illustrated glossary of architectural terms and a cross referenced guide to the most helpful books organizations and websites *Commercial Real Estate Investing in Canada* Pierre Boiron,Claude Boiron,2009-01-26 Many investors include commercial real estate in their portfolio yet there are few comprehensive resources available to those looking for information on how to profit in commercial real estate Written by a father and son team with extensive experience in buying selling and developing commercial real estate *Commercial Real Estate Investing in Canada* is a must have guide for all real estate investors This one of a kind compendium will guide readers on such topics as The business of real estate Land use controls Taxation of property Types of income producing properties Renovations and repairs Property management Property appraisals Conducting due diligence Real estate contracts And much more *Commercial Real Estate Investing in Canada* is a tremendously valuable and indispensable tool to all Canadian real estate investors agents brokers property managers landlords loan officers builders and lawyers
