Billings, 2017-03-27 Bringing together many of the most influential scholars in sport and media studies this book examines the diverse ways that media influences our understanding of the world's most important sport events dubbed sports mega events It sheds new light on how these events have been changed by the media and have in turn adapted to media to further their brand's cultural influence Focusing on the central concept of mediatization the permeation of media into all spheres of contemporary life the book presents original case studies of major events including the Olympics FIFA rugby and cricket World Cups Tour de France Super Bowl World Series Monaco Grand Prix Wimbledon and many more Written from a truly international perspective this is a seminal work in sport and media studies that reveals the growing political economic and cultural influences of sport mega events in contemporary society Sport Media and Mega Events is an essential text for any course on the sociology of sport event management sport marketing or featuring a cultural communication or media studies approach to sport **Engineering Earth** Stanley D.

Brunn, 2011-03-19 This is the first book to examine the actual impact of physical and social engineering projects in more than fifty countries from a multidisciplinary perspective The book brings together an international team of nearly two hundred authors from over two dozen different countries and more than a dozen different social environmental and engineering sciences Together they document and illustrate with case studies maps and photographs the scale and impacts of many megaprojects and the importance of studying these projects in historical contemporary and postmodern perspectives This pioneering book will stimulate interest in examining a variety of both social and physical engineering projects at local regional and global scales and from disciplinary and trans disciplinary perspectives Be the Pine, Be the Ball Paul J.

Zingg, 2018-04-27 Focusing on the landscapes and memory of golf and examining the game's nature and appeal this collection of seventy-two haiku poems and essays aims to lead readers to a fuller appreciation of the culture and history of golf and a deeper awareness of a player's place in the game Be the Pine Be the Ball also reveals the compelling beauty and power of haiku the most popular poetic form in the world Through the brevity of its style precise language and ability to reveal how ordinary moments and elements of our lives are pathways to a better understanding of ourselves and the world around us haiku can have both a meditative and consequential effect on the reader A key to the connection between haiku and golf is that both foster powers of concentration and detailed observation with a related reduction of distractions Both seek to cultivate a more tranquil and disciplined mind and to translate that condition into how a life is lived and a game is played
