Most beading books include a mix of patterns but call for very specific beads and materials. So if crafters don't like the beads used in the projects or don't have them in hand, they won't enjoy the projects no matter how beautiful they are. But Susan Beal has untangled this knotty problem. *Bead Simple* is the first work of its kind that offers stunning jewelry patterns that can be completely customized with a variety of beads and stringing materials. Based on simple yet effective beading techniques, this strikingly illustrated pattern guide includes 50 glittering designs, each featuring two bold variations for a total of 150 projects that can easily be achieved with different materials or tweaks. With hot guest designers including DIY Network's Jennifer Perkins and Megan Nicolay, author of the bestselling *Generation T*, here is the one book that finally offers jewelers the versatility to let their unique personalities shine through. [Encyclopedia of Greece and the Hellenic Tradition](#) Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek-speaking peoples and has a continuing history of more than 3,500 years. The *Encyclopedia of Greece and the Hellenic Tradition* contains approximately 900 entries devoted to people, places, periods, events, and themes, examining every aspect of that culture from the Bronze Age to the present day. The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition. Language and religion are perhaps the most obvious vehicles of continuity, but there have been many others: law, taxation, gardens, music, magic, education, shipping, and countless other elements have all played their part in maintaining this unique culture. Today Greek arts have blossomed again; Greece has taken its place in the European Union; Greeks control a substantial proportion of the world's merchant marine; and Greek communities in the United States, Australia, and South Africa have carried the Hellenic tradition throughout the world. This is the first reference work to embrace all aspects of that tradition in every period of its existence. *Encyclopedia of Ancient Greece* Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era, this thoroughly cross-referenced and fully indexed work is written by an international group of scholars. This *Encyclopedia* is derived from the more broadly focused *Encyclopedia of Greece and the Hellenic Tradition*, the highly praised two-volume work. Newly edited by Nigel Wilson, this single-volume reference provides a comprehensive and authoritative guide to the political, cultural, and social life of the people and to the places, ideas, periods, and events that defined ancient Greece. **Country Life Illustrated**, 1968 [Fun-tastic Crafting for Family and Friends](#) Pasquale De Marco, 2025-07-20 *Fun-tastic Crafting for Family and Friends* is more than just a crafting book; it's an invitation to create lasting memories, strengthen family bonds, and unleash your creativity.
