Public Knowledge in Cold War Poland Alexej Lochmatow, 2023-09-22 This book explores the public debates among scholars that took place in Early Cold War Poland The author challenges the traditional narrative on the Sovietisation

of Central and Eastern European countries and proposes to see this process not as a spread of Marxist ideology or a Soviet institutional model but as an attempt to force scholars to rapidly adopt new academic and civic virtues This book argues that this project failed to succeed in Poland and shows how the struggle against these new virtues united both Marxist and non Marxist scholars While covering the arc of Polish scholarly debates the author invites the reader to go beyond Poland and to use virtues as a framework for reflections on both the foundations of scholarly practice and the nature of authoritarian regimes with their ambition to teach scholars how to be virtuous *Nikolai Bolkhovitinov and American Studies in the USSR* Sergei I.
