Dauch,Hank H. Cox,2012-09-18 Politicians voters executives and employees all want the answer to one question How can America compete with cheap foreign labor and restore skilled well paying jobs to our economy American Drive answers that question An executive with nearly thirty years in the trenches of the hard nosed Detroit automobile industry Richard E Dick Dauch had long dreamed of running his own manufacturing company From his first job on the plant floor at General Motors to his

crucial role in helping to rescue Chrysler from the brink of bankruptcy Dauch focused passionately and relentlessly on quality productivity and flexibility in manufacturing In 1993 he took on the challenge of his life buying a lagging axle supply and parts business from GM along with five rusting unprofitable union controlled near decrepit plants in the heart of a crime ridden Detroit and a deteriorating environment in Buffalo New York The newly created stand alone company was named American Axle and Manufacturing Dauch set out to create a world class industrial automotive manufacturer He bought and bulldozed the crack liquor and prostitution businesses that surrounded the company and rebuilt the plants He upward educated trained and expanded the skill sets of the workforce struck tough bargains with unions and solved massive quality problems that were costing tens of millions every year and undermining customer satisfaction Within one year of opening the doors AAM had turned an astounding 66 million in profit In American Drive Dauch narrates the story of AAM against the backdrop of his nearly fifty years in the auto industry from its glory days to its decline in the face of foreign competition government bailouts battles with unions and the recent Great Recession Tough smart inspiring high energy and opinionated Dauch offers memorable lessons on leadership advanced product technology communication negotiation and making profits in the most difficult times Dauch s story transcends the auto industry and draws a blueprint for job creation manufacturing competitiveness economic growth and excellence in America

U.S. Master Depreciation Guide (2008) CCH Tax Law Editors,2007-12 CCH s U S Master Depreciation Guide offers tax and accounting professionals who work with businesses a one stop resource for guidance in understanding and applying the complex depreciation rules to their fixed assets This area is especially challenging because bits and pieces of applicable information must be gathered from a maze of Revenue Procedures IRS Tables and IRS Regulations These sources are frequently old and include some materials which may be non applicable CCH s U S Master Depreciation Guide pulls the pieces together so practitioners can make sense of all the corresponding information and put the information into practice

The New Domestic Automakers in the United States and Canada A.J.

Jacobs,2015-12-16 Over the past forty years state provincial and local governments in the United States and Canada have provided foreign automakers with approximately 4 80 billion in incentives in order to lure light vehicles assembly plants to their areas This has included tax abatements infrastructure construction land giveaways job training programs and other subsidies As of early 2015 ten foreign vehicle makers operated 20 light vehicles in developed North America Despite the fact that all ten of these automakers have pursued a similar pattern first exporting vehicles into the United States and Canada

before launching vehicle plants in developed North America each has followed its own specific historical development path and has created its own unique growth trajectory This book provides a unique historical and qualitative review of these ten vehicle makers from their early beginnings to their export entry into the United States and or Canada through early 2015 In addition it chronicles the histories of more than a dozen former automakers and potential future foreign light motor vehicle assembly plants in the United States and Canada This includes the first foreign automaker to build its cars in the United States De Dion Bouton of France in July 1900 the early 20th Century endeavors of Fiat Mercedes and Rolls Royce and the present day hopes of Chinese and Indian automakers In the process the text also provides an assessment of the top competing states and sites for any future plants the possible incentives packages governments may offer to attract such facilities and an estimated incentive value for each automaker Overall the goal of this book is to expand the knowledge of policymakers at all tiers of government in the United States and Canada and to help them take a more holistic look at the pros and cons of attracting Automobile Manufacturing FDI It is hoped that this will enable them to make more informed decisions when pursuing a new foreign motor vehicle assembly plant Its findings should also prove informative to urban and regional planning political science sociology economics labor and international development scholars and students in North America and worldwide
