Making Sense Of Your Freedom Philosophy For The Perplexed:

Making Sense of Your Freedom James W. Felt, 1994 **Making Sense of Your Freedom** James W. Felt, 2005 James W. Felt S J invites his audience to consider that we are responsible for what we do precisely because we do it freely In the course of his analysis Felt considers determinism compatibilism agency and the problem of evil *That's Just Your Interpretation* Paul Copan, 2001-11-01 In our relativistic society Christians more than ever are bombarded by tough questions about their faith Author Paul Copan has observed that many of these questions emerge as anti truth claims that are part of today s skeptical mind set Christians defending their faith often hear slogans and questions such as It s all relative Everything is one with the Divine all else is illusion The Gospels contradict each other Why would a good God create hell This book provides incisive answers to slogans related to truth and reality theism pantheism Eastern religion and naturalism and doctrinal issues such as the incarnation and truth of Scripture Each of the twenty two chapters provides succinct answers and summary points for countering the arguments Copan s book is accessible for all Christians who want to defend the plausibility of Christianity in the marketplace of ideas It also includes helpful summary sections additional resources and additional documentation in the endnotes for review and discussion **Free Will** Nicholas Rescher, 2018-01-18 This volume is a reassessment of free will and as such seeks to answer the question Do humans ever act under the guidance of the will To determine if humans have free will Rescher first examines what exactly free will is and how it should function While the literature on the subject of free will is vast a good deal still remains to be done to avert obscurity and confusion Rescher leads the reader through a conceptual web of distinctions that taken together provide a satisfying contribution to philosophical thought on free will in general Rescher sharpens his highly conceptual assessment by making distinctions between productive or metaphysical and moral or motivational freedom free decision and free action motivational and causal determination of choices durational events and the instantaneous eventuations that mark their commencements and completions and between pre determination and precedence determination In doing so he also examines the role of nature nurture and free choice Each of these distinctions defines the characteristics of free will and averts a group of problems and difficulties traditionally ascribed to the doctrine With these in place it becomes possible to validate the compatibility between freedom of the will and a certain special mode of determinism Rescher s conceptual perspective in this age old debate opens up the prospect of naturalizing free volition through its natural emergence via the same process of evoking development that has seen the emergence of intelligence on the world s stage That is only after the conceptual issues are settled can the question of how things actually stand be answered This work will be an important reassessment of free will not just because of the author s final conclusion but because of the issue illuminating path he takes to get there **Heart of the Living God** Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all

our Love will only get better in heaven The treasured ability to have loving relationships is Gods gift to us in our Imago Deithe image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I dont think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theisms avoidance of Love And he exposes some foul play in the process Thats the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at www.PreciousHeart.net **How Do You Know You're Not Wrong?** Paul Copan,2005-08-01 In today s postmodern world believers more than ever before are faced with a host of objections to Christianity Expert apologist Paul Copan describes these objections as anti truth claims and with *How Do You Know You re Not Wrong* he provides a helpful resource with thorough biblical answers to such regularly used objections as Whatever works for you Just as long as it makes you happy All religions are basically the same Christianity is anti semitic At the end of each chapter he provides practical and easy to share summary points to help readers intelligently and effectively answer the challenges of their non Christian friends and neighbors **Coming to Be** James W. Felt,2001-01-01 Synthesizes Thomistic and Whiteheadian metaphysics *Free Will* Nicholas Rescher,2013-05-02 Few philosophical issues have had as long and elaborate a history as the problem of free will which has been contested at every stage of the history of the subject The present work practices an extensive bibliography of this elaborate literature listing some five thousand items ranging from classical antiquity to the present **American Catholic Philosophical Quarterly** ,2005 *International Philosophical Quarterly* ,1997 *The Review of Metaphysics* ,1996 *Proceedings and Addresses of the American Philosophical Association* American Philosophical Association,2005 List of members in v 1 **Paperbound Books in Print 1995** Reed Reference Publishing,R5ference Reed,1995-12 CURRENT CONTENTS ,1996 Current Contents Institute for Scientific Information (Philadelphia),1998 **The Publishers Weekly** ,1994 **Modern Schoolman** ,1995 The New Scholasticism ,1997 Includes section Book Reviews The Philosopher's Index ,2009 Vols for 1969 include a section of abstracts Index to Book Reviews in Religion ,1999
