Malo's Complete Guide to Canoeing and Canoe-camping John W. Malo,1983      *Malo's Complete Guide to Canoeing and Canoe-camping* John W. Malo,1974      The Canoe and White Water C.E.S. Franks,1977-12-15 The exhilaration of challenging and surviving rapids in a fragile canoe has made white water canoeing one of the fastest growing sports in Canada Much of this book is concerned with analyzing white water with the techniques for handling it rather than trying to conquer it by brute force with canoeing safety and with the planning and organizing of safe but adventurous trips But *The Canoe and White Water* goes far beyond primers in canoeing skills It sets the sport in the contexts of history technology geology and physics The author describes how canoes have been made over the centuries the factors governing their design and the features to look for in choosing one today In tracing the history of the canoe he rediscovers part of the Canadian heritage His own experience has led him to pursue the sciences which help the canoeist understand the sport he discusses the physics of river turbulence the geological formation of rivers and environmental questions His interests range from the personal rights of modern canoeists to the eating habits of the voyageurs of old The book reflects his enthusiasm and his research The text is illustrated with modern photographs instructive drawings of paddle strokes and river situations It is a clear concise and interesting account which will delight the enthusiast and intrigue the curious      Community Recreation Edith Jensen,1971

*The A.M.C. New England Canoeing Guide* Appalachian Mountain Club,1971      **Canoe Nation** Bruce Erickson,2013-06-15 More than an ancient means of transportation and trade the canoe has come to be a symbol of Canada itself In *Canoe Nation* Bruce Erickson chronicles the story of the canoe in the Canadian imagination He argues that the canoe's sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada and explores how the canoe went from being an industrial economic vehicle to a purely recreational vessel From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe has been overvalued as a connection to the nature of Canada Examining voyageur re enactments turn of the century sportsman stories and the subsequent greening of the canoe this book shows how this symbol authenticates Canada's reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics      *Illinois Canoeing Guide* ,1980      **River Reflections** Verne Huser,2005 Three hundred and fifty years of river literature come together in this memorable collection      **Illinois Canoeing Guide** Illinois.
