Management Of An Inter Firm Network Volume 8:

Management of an Inter-firm Network Yasuhiro Monden,2012 This book focuses especially on financial and or managerial accounting aspects of inter firm network in three phases 1 strategy for forming the inter firm network 2 management control of inter firm network and 3 task control of production sales and logistics of inter firm network

Economics Of Incentives For Inter-firm Innovation Yasuhiro Monden, 2018-02-23 In the current environment of severe global competition an uncertain business future as well as shorter product life cycles companies have a pressing need to develop new products and businesses rapidly In this book Professor Yasuhiro Monden expounds on his theories about interfirm networks and incentive price systems as important mechanisms to encourage innovation. The author has coined the term incentive price system to explain profit allocation systems which will motivate inter firm collaboration to develop new customer pleasing products or businesses He notes that such a comprehensive concept of incentive price has not been studied in conventional economics but is invaluable for solving various profit allocation problems. The theories in the book are richly illustrated by many case studies from the automobile auto parts smartphone semiconductor convenience store and nuclear power electricity industries Examples from the automobile industry account for more than half of the case studies because the author has accumulated much practical knowledge and experience from research and related activities in the Japanese automobile industry over several decades This book will be of interest to researchers and practitioners of lean or just in time production as well as those involved in related areas such as managerial accounting managerial economics Management of Service Businesses in Japan corporate finance organization theory and cooperative game theory Yasuhiro Monden, 2013 Showcases the performance of non manufacturing industries or service industries in contemporary Japan This book covers three fields Advanced Service Management in the Service industries Advanced Service Management in the Public and Non Profit Organizations and General Concepts and Techniques Applied to the Service Management
