Inside the Roman Legions Kathryn Milne,2024-06-13 Takes the career of Spurius Ligustinus detailed by the Roman historian Livy as a focus giving a very human and empathetic approachability to the author's lucid and thorough analysis Inside the Roman Legions aims to tell the story of the Roman soldier through a holistic empathetic examination of what the experience of military service in the Middle Republic was really like It traces real examples of soldiers described in the ancient sources to reveal how they traveled how they were organized and what campaign objectives they faced Specifically the author follows the ordinary soldier Spurius Ligustinus whose life is related by the historian Livy as an example detailing the experiences of his career The book begins by discussing the young future soldier's background and what military values were conveyed to him through the prevailing culture of the time It then follows him through a range of potential experiences examining camp conditions and training with various types of weapons and armor and proceeds to take the reader through the experience of fighting in a pitched battle step by step It also addresses experiences that only some soldiers would have had such as escaping a total defeat deserting or being subject to unusual punishments Throughout the focus of the book is on how the individual might be shaped by the experiences as they are described **The History of Zonaras** Thomas Banchich,Eugene Lane,2009-01-26 While an exile from Constantinople the twelfth century Byzantine functionary and canonist John Zonaras culled earlier chronicles and histories to compose an account of events from creation to the reign of Alexius Comnenus For topics where his sources are lost or appear elsewhere in more truncated form his testimony and the identification of the texts on which he depends are of critical importance For his account of the first two centuries of the Principate Zonaras employed now lost portions of Cassius Dio From the point where Dio's History ended to the reign of Theodosius the Great d 395 he turned to other sources to produce a uniquely full historical narrative of the critical years 235 395 making Books XII 15 XIII 19 of the Epitome central to the study of both late Roman history and late Roman and Byzantine historiography This key section of the Epitome together with Zonaras Prologue here appears in English for the first time both complemented by a historical and historiographical commentary A special feature of the latter is a first ever English translation of a broad range of sources which illuminate Zonaras account and the historiographical traditions it reflects Among the authors whose newly translated works occupy a prominent place in the commentary are George Cedrenus George the Monk John of Antioch Peter the Patrician Symeon Magister and Theodore Scutariotes Specialized indices facilitate the use of the translations and commentary alike The result is an invaluable guide and stimulus to further research for scholars and students of the history and historiography of Rome and Byzantium **Byzantine Readings of Ancient**

Historians Anthony Kaldellis,2015-03-05 The survival of ancient Greek historiography is largely due to its preservation by Byzantine copyists and scholars This process entailed selection adaptation and commentary which shaped the corpus of Greek historiography in its transmission By investigating those choices Kaldellis enables a better understanding of the reception and survival of Greek historical writing Byzantine Readings of Ancient Historians includes translations of texts written by Byzantines on specific ancient historians Each translated text is accompanied by an introduction and notes to highlight the specific context and purpose of its composition In order to present a rounded picture of the reception of Greek historiography in Byzantium a wide range of genres have been considered such as poems and epigrams essays personalized scholia and commentaries Byzantine Readings of Ancient Historians is therefore an important resource for scholars and students of ancient history
