Landmark Papers In General Surgery:

Landmark Papers in General Surgery Graham MacKay, Richard Molloy, Patrick O'Dwyer, 2013-02-14 Critiquing key papers in the field Landmark Papers in General Surgery gives surgeons and trainees an expert appraisal and contextual discussion of the evidence base behind current clinical practice all in a clear and easy access layout Landmark Papers in General Surgery Graham MacKay, Richard Molloy, Patrick O'Dwyer, 2013-02-14 Landmark Papers in General Surgery will give surgeons surgical trainees and other healthcare professionals an expert appraisal of key papers and fast access to the evidence base behind current clinical practice in General Surgery Each chapter draws together a fascinating selection of the most important clinical trials across every subspecialty within General Surgery as selected and appraised by a panel of experts Organized according to a common format each discussion offers a clear structure by which to appraise the medical literature Following a background summary of each trial experts discuss the impact of the research and critique the methods used giving the reader rapid understanding of the paper's place within the wider field of research This emphasis on the tools of critical appraisal is enhanced by an introductory chapter equipping the reader with the skills required to knowledgeably appraise a research paper For clinicians needing to keep abreast of the vast scope of medical research this book will prove an interesting and timesaving resource but it will also appeal to allied health professionals keen to improve the depth of their understanding of surgery By bringing together the evidence base with expert guidance on critical appraisal higher surgical trainees preparing for the academic and specialty sections of the FRCS exit examination will also find the text invaluable as a means of consolidating and nuancing their knowledge *50 Landmark Papers Every Acute Care Surgeon Should Know* Stephen M Cohn, Peter Rhee, 2019-11-26 In *50 Landmark Papers every Acute Care Surgeon Should Know* editors Stephen Cohn and Peter Rhee have compiled a selection of the most influential recent contributions to the specialty of acute care surgery emergency surgery This book comprises 50 thought provoking and relevant topics reviewing carefully selected papers to update the readers on what has been published in the last decade 50 key papers cover the most relevant studies from a wide range of topics from Acute Cholecystitis to Ventilator Associated Pneumonia This book is of interest to surgical residents and trainees Trauma and Surgical Critical Care fellows and all members of the Acute Care team This is both an informative and personal look at evidence based topics and is relevant to all general and acute care surgeons About the Editors Stephen M Cohn MD FACS Hackensack Meridian School of Medicine at Seton Hall University Nutley New Jersey USA Peter Rhee New York Medical College Westchester Medical Center Valhalla New York USA **50 Landmark Papers every Trauma Surgeon Should Know** Stephen M Cohn, Ara Feinstein, 2019-07-10 In *50 Landmark Papers every Trauma Surgeon Should Know* editors Stephen Cohn and Ara Feinstein have compiled a selection of the most influential contributions to the specialty of trauma surgery This book comprises 50 thought provoking reviews of carefully selected papers and explains how trauma surgery practice has changed as a result of this research The selection of key papers the insights into

the significance of each paper from trauma experts and the opportunity to read the original authors thoughts about their groundbreaking developments make this a unique and fascinating resource Of interest to surgical residents and trainees Trauma and Surgical Critical Care fellows and all members of the Trauma team This is both an informative and personal look at the foundation stones of modern Trauma care Key Features Unique commentaries by original authors and experts Demonstrates how clinical practice has adapted following these landmark studies Specialty defining papers are brought to life and their impact assessed Shows how the insight and vision of individual surgeons propelled change *Landmark Papers in Neurosurgery* Reuben D. Johnson,Alexander L. Green,2014-06-05 Evidence based medicine is a concept that has come to the fore in the past few years Clinicians are increasingly encouraged to practise patient management based on available evidence in the scientific literature For example new pharmacological therapies are only used when large randomized trials have proven that a particular drug is better than existing ones This is also the case in surgical specialties although surgery has traditionally seen a lack of use of this information with individual surgeon s preferences being most influential in treatment choices However more recently there has been a large expansion of trials and studies aimed at providing surgeons with information to guide their choices using firm evidence This new edition has been revised and expanded to include new data where relevant and also features a new chapter on pituitary surgery *Landmark Papers in Neurosurgery* Second Edition remains a key collection of the most important trials and studies in neurosurgery allowing the reader to rapidly extract key results and making it essential reading for all neurosurgeons and trainees in the field

Landmark Papers in Anaesthesia Nigel R. Webster,Helen F. Galley,2013-08-22 Part of the groundbreaking *Landmark Papers* in series *Landmark Papers in Anaesthesia* details 10 key papers in each of the major areas of anaesthesia Each paper is discussed in detail summarized and its strengths and weaknesses highlighted 50 Landmark Papers every Thyroid and Parathyroid Surgeon Should Know Sam Wiseman,Sebastian Aspinall,2023-08-04 This book provides an expert perspective from some of the world s leading surgeons on the papers that have had the greatest impact in the field of thyroid and parathyroid surgery over the past decade The broad range of topics covered will enable the reader to understand how recent research developments have led to changes in current thyroid and parathyroid surgical practice and represents an excellent resource for trainees at all levels preparing for specialty examinations This book contains Concise review and analysis of key papers by expert clinicians with each chapter focused on the most important aspects of the surgical management of thyroid and parathyroid disease Essential reading for students residents fellows and surgeons studying for their professional exams or wanting an update on the current thyroid and parathyroid surgery literature Critical distillation of the diverse and expanding research over a broad range of topics from this field that includes investigation and management of benign and malignant thyroid disease primary secondary and tertiary hyperparathyroidism thyroid and parathyroid surgery and surgical complications Expert analysis of the key contemporary papers and topics underlying the practice of endocrine neck surgery

for general surgeons otolaryngologists head and neck surgeons endocrine surgeons trainees and other healthcare professionals *Landmark Papers in Cardiovascular Medicine* Aung Myat, Tony Gershlick, A. H. Gershlick, 2012-09-27

Landmark Papers in Cardiology provides a detailed summary of the most important trials and studies in cardiology which have paved the way for breakthroughs in the clinical management of the entire spectrum of cardiovascular disease Each chapter is written by a prominent international cardiologist in that particular field making this book essential reading for all cardiologists and cardiovascular trainees The text enables all cardiology trainees to apply evidence based medicine to real world clinical scenarios and the management of patients in everyday practice It can also be used as a revision aid for trainees preparing for in training assessments and exit exams For established cardiologists and other allied healthcare professionals with an interest in cardiovascular medicine this book will act as an easily accessible reference text and a benchmark guide to the clinical trials and developments in basic science and clinical cardiology from which current patient management strategies have been derived 50 Landmark Papers every Plastic Surgeon Should Know Tor Wo Chiu, 2025-10-17 This book

identifies the key scientific articles in the field of Plastic Surgery and explains why these papers are important in contemporary clinical management The text includes commentaries on landmark papers in a wide range of clinical areas within Plastic Reconstructive and Aesthetic Surgery These are not necessarily the most cited in their field though many of them are Reviewers were asked to pick a paper in their field of expertise that in their view should be read more carefully and they have selected papers that they are passionate about and may have co authored and which underpin the care of patients Further the insights offered will stimulate further reading and will facilitate a deeper understanding of a topic and of course be useful in examinations This an invaluable reference for Plastic Surgery trainees fellows and surgeons studying for exams as well as for seasoned clinicians who want to stay current in their field 50 Landmark Papers Every Spine Surgeon

Should Know Alexander R. Vaccaro, MD, PhD, MBA, Jefferson R. Wilson, MD, Charles G. Fisher, MD, MHSc, FRCSC, 2018-07-24 There has been an exponential increase in the volume and quality of published research relating to spine care over the last several decades Among thousands of articles a small fraction has been shown to be truly game changing forcing the entire field to pause and take notice These landmark studies may describe a new procedure or surgical approach evaluate the relative effects of known treatments or techniques introduce a new classification system or provide new insights into natural history or disease prognosis Such studies form the foundations of spine surgery today This book will be a useful reference not only to the established spine surgeon but also to neurosurgery and orthopedic residents as well as to spine surgery fellows as they continue to fortify their knowledge surrounding spinal disorders Further this will no doubt serve as a useful evidence based resource for trainees studying for professional examinations and perhaps most importantly challenge and inspire clinicians to produce high quality impactful research **50 Landmark Papers every Pediatric Surgeon**

Should Know Mark Davenport, Bashar Aldeiri, Joseph Davidson, 2023-12-29 This book identifies the 50 key scientific articles

in the field of pediatric surgery It provides a commentary to each carefully selected paper and explains why these papers are so important thus providing every surgeon with the foundation stones of knowledge in this fast moving area The key advances in neonatal pediatric and fetal surgery game changers if you will that have led to the significant improvements in clinical outcome and results are all included The choice of papers provides an insight into the development of pediatric surgery and offers an important aid to understanding the subject for practicing pediatric surgeons and residents 50 Landmark Papers every Colorectal Surgeon Should Know John R.T. Monson, Lawrence Lee, Fergal J. Fleming, 2024-08-19 There has been an exponential increase in the volume and quality of published research relating to colorectal disease over the last decades This book identifies the 50 key scientific articles in the field of colorectal disease and colorectal surgery and through expert reflections and editorial perspectives explains why these papers are important Influential contributors who have shaped the practice of modern Colorectal Surgery comment on the Landmark Papers that have shaped and defined the specialty Among thousands of articles a small fraction are truly game changing Such studies form the foundations of colorectal surgery today and the selection of papers within this book provide the 50 landmark papers every 21st century colorectal surgeon needs to know A commentary to each carefully selected paper explains why these papers are so important thus providing every surgeon with the foundation stones of knowledge in this fast moving area A valuable reference not only to the established surgeon but also to colorectal surgery residents and trainees as well as to more experienced surgeons as they continue to learn new techniques and approaches and to improve their knowledge of colorectal disease and treatments The papers provide an evidence based resource for those surgeons preparing for professional exams and may inspire clinicians to produce new research **Cracking the Intercollegiate General Surgery FRCS Viva 2e** Tjun Tang, Elizabeth O'Riordan, Stewart Walsh, 2020-11-16 Cracking the Intercollegiate General Surgery FRCS Viva A Revision Guide 2e provides the framework and knowledge to pass the non subspecialty sections of the FRCS General Surgery viva and clinical examination This comprehensive and up to date revision text covers all essential topics in critical care emergency and general surgery as well as research papers basic statistics and data manipulation for the academic section This essential revision guide provides you with the vital points for each topic presented in a concise structured manner and referenced where appropriate It is essential reading for anyone preparing for the FRCS General Surgery exam **Landmark Papers in Pain** Paul Farquhar-Smith, Pierre Beaulieu, Siân Jaggar, 2018-07-18 Pain Medicine a relatively new specialty has proven increasingly relevant to medical practitioners in every field The specialism of pain has emerged over the past 50 years largely due to the persistence of experts and new medical evidence that points to its necessity Today it is a distinct and integral part of global medical practice Landmark Papers in Pain offers a comprehensive inventory of over 80 key studies in pain medicine from the last 100 years Each paper is accompanied by a concise commentary on the significance of the original findings written by an expert in pain The reviews discuss how the paper influenced the development of the speciality and how the

findings have advanced our global comprehension of pain Together the selected papers and reviews chart the growth of an embryonic field into the modern speciality of pain medicine Compiled by leading specialists in the field the papers included in this book are significant for any student researcher clinical practitioner or medical historian interested in pain medicine Organised into eight distinct topics and cross referenced by topics and author of original paper the book is comprehensive in its coverage and easy to use A review of the contemporary and historical research that shaped the speciality of pain

Landmark Papers in Pain is essential reading for all medical practitioners with an interest in pain medicine **Landmark Papers in Neurology** Martin R. Turner,Matthew C. Kiernan,2015-08-20 Current understanding of neurological disease has been evolving over the past 150 years With the increasing and earlier sub specialization of neurology trainees and their variable exposure to higher academic study there is little opportunity to put this development into a historical context as a whole Understanding the evidence base or appreciating the lack of it in some cases is an important part of training but this is rarely presented in a palatable entertaining form Part of the Landmark Papers in series this book brings together the ten most important papers for each sub speciality within neurology covering the full range of major neurological conditions Papers have been selected by leading international experts who not only summarize what each paper showed but place them into a wider context that makes a coherent story of how their sub speciality has developed **Landmark Papers in**

Otolaryngology John S. Phillips,Sally Erskine,2018-08-09 Otolaryngological conditions affect people of all ages from newborns to older members of society and have serious consequences for daily functions such as breathing taste and communication There is a constant desire to understand the best evidence for current practice in a constantly evolving field such as medicine and key publications underpin this contemporary knowledge Landmark Papers in Otolaryngology presents a distilled summary of 99 of the classic ground breaking and significant publications in the field of otolaryngology that are of essential relevance to the speciality today Each paper is described critiqued and brought into the context of modern day practice by a carefully selected team of international authorities from each subspecialist area to provide the reader with a clear understanding of the key publications in otolaryngology Whether your aim is to understand the origins of otolaryngology to review advances in key areas or to gain insight from experts this book offers a wealth of knowledge for everyone in the field from the new trainee to the senior clinician Landmark Papers in Otolaryngology is an invaluable and easily accessible reference text for all practitioners in the field as well as those in overlapping specialities such as maxillofacial surgery neurology and plastic surgery **50 Landmark Papers every Oral and Maxillofacial Surgeon**

Should Know Niall MH McLeod,Peter A Brennan,2020-12-29 The exponential growth in the number of research papers published in recent decades can make it difficult to identify the key papers that have truly made a difference in the practice of oral and maxillofacial surgery This book provides readers with a concise reference source for the key papers that underpin contemporary surgical practice in oral and maxillofacial surgery Covering all aspects of the specialty the content will help

both trainees and specialists to understand the scientific developments and pioneering surgeries that allow us to practice as we currently do It is essential revision material for those sitting for specialist examinations in oral and maxillofacial surgery Presents 50 key research studies on surgery along with full analysis Additional commentaries from the original authors experts or editors providing a valuable perspective on why the study is important Constitutes essential reading for trainees residents and fellows and surgeons studying for professional examinations Distills all the literature into a compact guide on the must know scientific articles About the Editors Niall MH McLeod FRCS OMFS FDS MRCS Consultant Oral Maxillofacial Surgeon The Royal London and Whipps Cross Hospitals London UK Peter A Brennan MD PhD FRCS FRCSI FDS Consultant Maxillofacial Surgeon and Professor of Surgery Queen Alexandra Hospital Portsmouth UK

Landmark Papers in Internal Medicine Harold C. Sox, Edward J. Huth, American College of Physicians (2003-), 2009 ACPs journal Annals of Internal Medicine is one of the most prestigious journals in medicine This new book looks at the landmark papers published in Annals as selected by leading experts from each subspecialty of internal medicine and how they impacted and continue to influence medical science
