Problems and prospects

EDITED BY IAN D. THATCHER

Late Imperial Russia Problems And Prospects

David R. Marples

Late Imperial Russia Problems And Prospects:

Late Imperial Russia Ian D. Thatcher, 2005-09-03 This volume offers a detailed examination of the stability of the late imperial regime in Russia Accessible yet insightful contributions cover the historiography of complex topics such as peasants workers revolutionaries foreign relations and Nicholas II In addition there are original studies of some of the leading intellectuals of the time *Late Imperial Russia* Ian D. Thatcher, 2005 *The Standard of Living and Revolutions in Imperial Russia, 1700-1917* Boris Mironov, 2012-05-31 This is the first full scale anthropometric history of Imperial Russia 1700 1917 It mobilizes an immense volume of archival material to chart the growth weight and other anthropometric indicators of the male and female populations in order to chart how the standard of living in Russia changed over slightly more than two centuries It draws on a wide range of data statistics on agricultural production taxation prices and wages nutrition and demography to draw conclusions on the dynamics in the standard of living over this long period of time The economic social and political interpretation of these findings make it possible to reconsider the prevailing views in the historiography and to offer a new perspective on Imperial Russia *Late Tsarist Russia, 1881-1913* Beryl Williams, 2020-09-17 This book brings together the large volume of work on late Tsarist Russia published over the last 30 years to show an overall picture of Russia under the last two tsars before the war brought down not only the Russian empire but also those of Germany Austria Hungary and Turkey It turns the attention from the old emphases on workers revolutionaries and a reactionary government to a more diverse and nuanced picture of a country which was both a major European great power facing the challenges of modernization and industrialization and also a multi ethnic and multi confessional empire stretching across both Europe and Asia **Russia in the Twentieth Century** David R. Marples, 2014-01-14 The history of Russia as the natural successor to the Soviet Union is of crucial importance to understanding why communism ultimately lost out to Western democracy and the free market system David Marples presents a balanced overview of 20th century Russian history and shows that although contemporary Russia has retained many of the practices and memories of the Soviet period it is not about to revert back to the Soviet example *A Companion to Russian History* Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field **Themes in Modern European History, 1890-1945** Nicholas Atkin, Michael Biddiss, 2008-11-26 Themes in Modern European History 1890 1945 brings together an international team of scholars to address an eclectic range of developments and issues in

European history in the period between 1890 and the end of the Second World War This lively collection of essays adopts a thematic approach in order to explore comprehensively a period of great change and upheaval in Europe Concentrating on the main powers in Europe from Germany Italy and Russia to the UK and France the book links together developments in society the economy politics and culture and establishes them in their political framework Specially commissioned chapters discuss key issues such as popular culture the relationship between East and West intellectual and cultural trends the origins and impact of two world wars communism dictatorship and liberal democracy the relationship of Europe with the wider world Including a chronology maps and a glossary as well as suggestions for further reading this comprehensive volume is an invaluable and authoritative resource for students of modern European history

Russian Writers and the Fin de Siècle

Katherine Bowers, Ani Kokobobo, 2015-06-17 Russian literature has a reputation for gloomy texts especially during the late nineteenth century This volume argues that a fin de siècle mood informed Russian literature long before the chronological end of the nineteenth century in ways that had significant impact on the development of Russian realism Some chapters consider ideas more readily associated with fin de siècle Europe such as degeneration theory bioterrorism Freudian psychoanalysis or apocalypticism alongside earlier Russian realist texts by writers such as Turgenev Dostoevsky or Tolstoy Other chapters explore the changes that realism underwent as modernism emerged examining later nineteenth century or early twentieth century texts in the context of the earlier realist tradition or their own cultural moment Overall a team of emerging and established scholars of Russian literature and culture present a wide range of creative and insightful readings that shed new light on later realism in all its manifestations

Crises and Cycles in Economic Dictionaries and

Encyclopaedias Daniele Besomi, 2013-03-01 This book aims at investigating from the perspective of the major economic dictionaries the notions of economic crisis and cycle The project consists in giving an extensive summary of a number of significant entries on this subject with an introductory essay to each entry placing them and the dictionary to which they belong in their context giving some details on the author of the dictionary entry and assessing the entry's and its author's contribution The broad picture including the history of these encyclopedic tools will be examined in the introductory essays

Twentieth-Century Marxism Daryl Glaser, David M. Walker, 2007-09-12 Divided into three parts examining Marxism historically geographically and thematically this book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century

Hollywood Double Agent Jonathan Gill, 2020-04-07 This true story of Golden Age Hollywood and Cold War espionage is a captivating fast paced narrative that reads like a thriller Library Journal Boris Morros was a major figure in the 1930s and 40s The head of music at Paramount nominated for Academy Awards he then went on to produce his own films with Laurel and Hardy Fred Astaire Henry Fonda and others But as J Edgar Hoover would discover these successes were a cover for one of the most incredible espionage tales in the history of the Cold War Boris Morros also worked for Russian intelligence Morros's assignments took

him to the White House the Vatican and deep behind the Iron Curtain The high level intel he provided the KGB included military secrets and compromising information on prominent Americans his friends But in 1947 Morros flipped At the height of the McCarthy era he played a leading role in a deadly tale Jonathan Gill s Hollywood Double Agent is an extraordinary story about Russian spies at the heart of American culture and politics and one man caught in the middle of the Cold War Well written and perceptive Morros was an empty vessel who could be turned left or right depending on how it satisfied his personal interest New York Journal of Books Reads like an espionage thriller with malevolent powerful and sometimes bumbling characters Kirkus Reviews A fascinating and swift reading biography The Wall Street Journal

Marxism, Intellectuals and Politics D. Bates, 2006-11-27 What ought the political role of the intellectual to be What challenges does the post structuralist project present for Marxist accounts of the intellectual This text which includes important contributions from authors such as Montag and Sayers considers different attempts by Marxist and post Marxist writers to theorize these questions

Value and Prices in Russian Economic Thought François Allisson, 2015-05-15 This book explores Russian synthesis that occurred in Russian economic thought between 1890 and 1920 This includes all the attempts at synthesis between classical political economy and marginalism the labour theory of value and marginal utility and value and prices The various ways in which Russian economists have approached these issues have generally been addressed in a piecemeal fashion in history of economic thought literature This book returns to the primary sources in the Russian language translating many into English for the first time and offers the first comprehensive history of the Russian synthesis The book first examines the origins of the Russian synthesis by determining the condition of reception in Russia of the various theories of value involved the classical theories of value of Ricardo and Marx on one side the marginalist theories of prices of Menger Walras and Jevons on the other It then reconstructs the three generations of the Russian synthesis the first Tugan Baranovsky the second the mathematicians Dmitriev Bortkiewicz Shaposhnikov Slutsky etc and the last Yurovsky with an emphasis on Tugan Baranovsky s initial impetus This volume is suitable for those studying economic theory and philosophy as well as those interested in the history of economic thought

An Intellectual Biography of N.A. Rozhkov John A. González, 2016-09-19 An Intellectual Biography of N A Rozhkov is the first English language study to follow Russia s most gifted and important historian to emerge from the school of V O Kliuchevskii through the transformative decades that bridged the nineteenth and twentieth centuries Rozhkov s early philosophical influences are examined to explain his radicalisation from middle class intellectual academic to Leninist Bolshevik to Menshevik social democrat His Marxist socialist beliefs landed him in gaol several times and eventually he was exiled to Siberia for a decade where he was able to refine his political worldview and develop his theory of historical development Critical of Lenin and the 1917 revolution he spent the last decade of his life being persecuted by the Bolshevik regime

The Russian Liberals and the Revolution of 1905 Peter Enticott, 2016-03-31 There is a widespread notion that Russia is forever fated to be an authoritarian country

where liberalism and democracy can never make real progress However at the beginning of the twentieth century there was an extremely influential liberationist movement which culminated in the formation of a modern Western style liberal party the Constitutional Democrats or Kadets The book provides a comprehensive history of the rise of the Kadets focusing in particular on the revolutionary years 1905 06 It outlines how they dominated the first Duma elected by the people and analyses their policies social composition and political tactics The book challenges the view shared by many historians that the Kadets were inherently extreme doctrinaire or unwilling to compromise and argues that their eventual failure was primarily due to the intransigence of the old regime The Russian Liberals and the Revolution of 1905 illustrates in detail that the Kadets offered a moderate alternative to reaction on the one hand and revolution on the other

Trotsky and the Russian Revolution Geoffrey Swain, 2014-02-24 Supporters of Stalin saw Trotsky as a traitor and renegade Trotsky's own supporters saw him as the only true Leninist In Trotsky and the Russian Revolution Geoffrey Swain restores Trotsky to his real and central role in the Russian Revolution In this succinct and comprehensive study Swain contests that In the years between 1903 and 1917 it was the ideas of Trotsky rather than Lenin which shaped the nascent Bolshevik Party and prepared it for the overthrow of the Tsar During the autumn of 1917 workers supported Trotsky's idea of an insurrection carried out by the soviet rather than Lenin's demand for a party orchestrated coup d'etat During the Russian Civil War Trotsky persuaded a sceptical Lenin that the only way to victory was through the employment of officers trained in the Tsar's army As well as examining Trotsky's critique of Stalin's Russia in the 1930s this seminar reader probes deeper to explore the ideas which drove Trotsky forward during his years of influence over Russia's revolutionary politics exploring such key concepts as how to construct a revolutionary party how to stage a successful insurrection how to fight a revolutionary war and how to build a socialist state

Jews and the Imperial State Eugene M. Avrutin, 2018-07-05 At the end of the eighteenth and beginning of the nineteenth centuries a gradual shift occurred in the ways in which European governments managed their populations In the Russian Empire this transformation in governance meant that Jews could no longer remain a people apart The identification of Jews by passports vital statistics records and censuses was tied to the growth and development of government institutions the creation of elaborate record keeping procedures and the universalistic challenge of documenting populations In *Jews and the Imperial State* Eugene M. Avrutin argues that the challenge of knowing who was Jewish and where Jews were evolved from the everyday administrative concerns of managing territorial movement ethnic diversity and the maze of rights special privileges and temporary exemptions that composed the imperial legal code Drawing on a wealth of previously unexplored archival materials Avrutin tells the story of how one imperial population the Jews shaped the world in which they lived by negotiating with what were often perceived to be contradictory and highly restrictive laws and institutions Although scholars have long interpreted imperial policies toward Jews in essentially negative terms this groundbreaking book shifts the focus by analyzing what the law made possible Some Jews responded to the system of

government by circumventing legal statutes others by bribing converting or resorting to various forms of manipulations and still others by appealing to the state with individual grievances and requests A/AS Level History for AQA Tsarist and Communist Russia, 1855-1964 Student Book Hannah Dalton,2015-09-17 A new series of bespoke full coverage resources developed for the AQA 2015 A AS Level History Written for the AQA A AS Level History specifications for first teaching from 2015 this print Student Book covers the Tsarist and Communist Russia 1855 1964 Breadth component Completely matched to the new AQA specification this full colour Student Book provides valuable background information to contextualise the period of study Supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes **Information Warfare in the Age of Cyber Conflict** Christopher Whyte,A. Trevor Thrall,Brian M. Mazanec,2020-07-28 This book examines the shape sources and dangers of information warfare IW as it pertains to military diplomatic and civilian stakeholders Cyber warfare and information warfare are different beasts Both concern information but where the former does so exclusively in its digitized and operationalized form the latter does so in a much broader sense with IW information itself is the weapon The present work aims to help scholars analysts and policymakers understand IW within the context of cyber conflict Specifically the chapters in the volume address the shape of influence campaigns waged across digital infrastructure and in the psychology of democratic populations in recent years by belligerent state actors from the Russian Federation to the Islamic Republic of Iran In marshalling evidence on the shape and evolution of IW as a broad scoped phenomenon aimed at societies writ large the authors in this book present timely empirical investigations into the global landscape of influence operations legal and strategic analyses of their role in international politics and insightful examinations of the potential for democratic process to overcome pervasive foreign manipulation This book will be of much interest to students of cybersecurity national security strategic studies defence studies and International Relations in general A Companion to the Russian Revolution Daniel Orlovsky,2020-08-17 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered the geo political landscape of not only Eurasia but of the entire globe The impact of this immense event is still felt in the present day The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history Presenting a wide range of contemporary perspectives the Companion discusses topics including the dynamics of violence in war and revolution Russian political parties the transformation of the Orthodox church Bolshevism Liberalism and more Although primarily focused on 1917 itself and the singular Revolutionary experience in that year this book also explores time periods such as the First Russian Revolution early Soviet government the Civil War period and even

into the 1920 s Presents a wide range of original essays that discuss Brings together in depth coverage of political history party history cultural history and new social approaches Explores the long range causes influence on early Soviet culture and global after life of the Russian Revolution Offers broadly conceived contemporary views of the revolution largely based on the author s original research Links Russian revolutions to Russian Civil Wars as concepts A Companion to the Russian Revolution is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

Unveiling the Energy of Verbal Art: An Psychological Sojourn through **Late Imperial Russia Problems And Prospects**

In a global inundated with screens and the cacophony of instantaneous communication, the profound power and mental resonance of verbal beauty frequently disappear into obscurity, eclipsed by the regular barrage of noise and distractions. However, nestled within the lyrical pages of **Late Imperial Russia Problems And Prospects**, a fascinating function of fictional elegance that pulses with natural emotions, lies an remarkable journey waiting to be embarked upon.
