Latin American Experiments In Neoconservative Economics:

Latin American Experiments in Neoconservative Economics Alejandro Foxley,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983

Latin American Democratic Transformations William C. Smith,2009-08-24 Latin American Democratic Transformations explores the manner in which Latin American societies seek to consolidate and deepen their democracies in adverse domestic and international circumstances The contributors engage recent debates on liberal and illiberal democracy and probe the complex connections between democratic politics and neoliberal market oriented reforms *Economic Neoliberalism and*

International Development Michael Tribe,2020-11-22 This book provides a robust theoretical and empirical exploration of the interrelationship between economic neoliberalism and international development Putting the experiences of developing and transitional economies centre stage the book investigates how their economic policies compare with the nature of economic liberalism during and after the significant economic reforms which took place from the mid 1980s Beginning with two chapters which provide an introduction to the concept of economic neoliberalism the second section focuses on its application to practice and the book moves on to country regional case studies taken from Sub Saharan Africa South Asia Latin America China and Eastern Europe The book closes with some concluding remarks summarising some of the principal findings Bringing together a wealth of expertise this book clarifies controversial economic and political issues which have been significantly misunderstood in public discourse and as such it will be of interest to a range of researchers interested in the economic social and political dynamics of developing and transitional countries *Politics In Chile* Lois Hecht

Oppenheim,2018-05-04 The third edition of *Politics in Chile* provides significantly updated coverage of Chilean politics and economic development from the return to civilian rule in 1990 to the 2006 election and early administration of Socialist Michelle Bachelet Chile s first woman president Lois Hecht Oppenheim focuses on recent efforts to reconstruct democratic practices and institutions including resolving such sensitive and lingering issues as human rights violations under Pinochet and civil military relations Chapters on the contemporary politics and economics under the civilian Concertaci governments are largely rewritten for this edition Rather than focusing on the search for development the third edition considers in greater depth the exceptionalism of the Chilean economic experiment through successive stages of stability socialism and neoliberalism **Money Doctors** Marc Flandreau,2005-07-26 This text brings together specialists from economics history and political science including Harold James and Kenneth Moure First providing a history of money doctors the book then covers themes such as the IMF and policy advice the Russian experience and contemporary money doctors **The SAGE**

Handbook of Neoliberalism Damien Cahill,Melinda Cooper,Martijn Konings,David Primrose,2018-02-26 Over the last two

decades neoliberalism has emerged as a key concept within a range of social science disciplines including sociology political science human geography anthropology political economy and cultural studies The SAGE Handbook of Neoliberalism showcases the cutting edge of contemporary scholarship in this field by bringing together a team of global experts Across seven key sections the handbook explores the different ways in which neoliberalism has been understood and the key questions about the nature of neoliberalism Part 1 Perspectives Part 2 Sources Part 3 Variations and Diffusions Part 4 The State Part 5 Social and Economic Restructuring Part 6 Cultural Dimensions Part 7 Neoliberalism and Beyond This handbook is the key reference text for scholars and graduate students engaged in the growing field of neoliberalism

Power and Ideas Susan K. Sell, 1998-01-01 The first comprehensive political science treatment of the global politics and diplomacy of intellectual property and antitrust with focus on relations between developing and industrialized countries

Global Governance Timothy J. Sinclair, 2004

Unsettling Statecraft Catherine M. Conaghan, James Malloy, 2010-11-23 Latin America in the 1980s was marked by the transition to democracy and a turn toward economic orthodoxy Unsettling Statecraft analyzes this transition in Bolivia Ecuador and Peru focusing on the political dynamics underlying change and the many disturbing tendencies at work as these countries shed military authoritarianism for civilian rule Conaghan and Malloy draw on insights from the political economy literature viewing policy making as a historically conditioned process and they conclude that the disturbing tendencies their research reveals are not due to regional pathology but are part of the more general experience of postmodern democracy

The State And Capital In Chile Eduardo Silva, 2019-07-11 Chile emerged from military rule in the 1990s as a leader of free market economic reform and democratic stability and other countries now look to it for lessons in policy design sequencing and timing Explanations for economic change in Chile generally focus on strong authoritarianism under General Augusto Pinochet and the insulation of policymakers from the influence of social groups especially business and landowners In this book Eduardo Silva argues that such a view underplays the role of entrepreneurs and landowners in Chile's neoliberal transformation and hence their potential effect on economic reform elsewhere He shows how shifting coalitions of businesspeople and landowners with varying power resources influenced policy formulation and affected policy outcomes He then examines the consequences of coalitional shifts for Chile's transition to democracy arguing that the absence of a multiclass opposition that included capitalists facilitated a political transition based on the authoritarian constitution of 1980 and inhibited its alternative This situation helped to define the current style of consensual politics that with respect to the question of social equity has deepened a neoliberal model of welfare statism rather than advanced a social democratic one

Neoliberalism, Accountability, and Reform Failures in Emerging Markets Luigi Manzetti, 2009 An analysis of the failure of neoliberal market reforms in producing sustained growth in emerging markets Focuses on problems with weak accountability institutions and collusion between government and business political patronage and corruption Provided by publisher

Reforming Social Policy Neclâ Yongaçoğlu

Tschirgi, International Development Research Centre (Canada), 2000 Reforming Social Policy Changing Perspectives in Sustainable Human Development

Labour Productivity and Flexibility Edward J. Amadeo, Susan Horton, 1997-12-13 This book is about two polemical issues in labour studies namely the notions and determinants of labour productivity and flexibility This book attempts to develop the notion of labour input flexibility or the capacity of workers to adapt to changes in the environment and its relation with labour productivity The role of institutions employment practices capital labour relations and labour market policies in determining labour flexibility is emphasized The chapters look at the experiences of industrialized countries European countries the USA Canada and Japan and three Latin American countries Brazil Chile and Mexico

Development Economics: Theory, Practice, and Prospects Thomas R. DeGregori, 2012-12-06

The Politics of Market Reform in Fragile Democracies Kurt Weyland, 2021-01-12 This book takes a powerful new approach to a question central to comparative politics and economics Why do some leaders of fragile democracies attain political success culminating in reelection victories when pursuing drastic painful economic reforms while others see their political careers implode Kurt Weyland examines in particular the surprising willingness of presidents in four Latin American countries to enact daring reforms and the unexpected resultant popular support He argues that only with the robust cognitive psychological insights of prospect theory can one fully account for the twists and turns of politics and economic policy in Argentina Brazil Peru and Venezuela during the 1980s and 1990s Assessing conventional approaches such as rational choice Weyland concludes that prospect theory is vital to any systematic attempt to understand the politics of market reform Under this theory if actors perceive themselves to be in a losing situation they are inclined toward risks if they see a winning situation around them they prefer caution In Latin America Weyland finds where the public faced an open crisis it backed draconian reforms And where such reforms yielded an apparent economic recovery many citizens and their leaders perceived prospects of gains Successful leaders thus won reelection and the new market model achieved political sustainability Weyland concludes this accessible book by considering when his novel approach can be used to study crises generally and how it might be applied to a wider range of cases from Latin America Africa and Eastern Europe

Women in the Age of Economic Transformation Nahid Aslanbeigui, Steven Pressman, Gale Summerfield, 2005-08-04 Changes are sweeping the world economy and are most apparent in post socialist Europe and in the developing world This volume examines the impact these changes are having on women The authors discuss the evidence of gender bias and reach some telling if unsurprising conclusions Regardless of the country involved the findings point to consistent female disadvantage in the transformation process

Turkey and European Integration Nergis Canefe, Mehmet Ugur, 2004-08-02 The authors uniquely present the Turkish view of integration within the broad context of the debates on Europeanisation and sovereignty but with a specific focus on the internal debates and issues in Turkey itself

Authoritarianism and the Crisis of the Argentine Political Economy William C. Smith, 1991 The author carefully reconstructs the crisis of Argentine political economy over the past 25

years He examines the roles of the major protagonists in contemporary Argentine politics

Business and the State in Developing Countries Sylvia Maxfield, Ben Ross Schneider, 2018-09-05 Much of the debate about development in the past decade pitted proponents of unfettered markets against advocates of developmental states Yet in many developing countries what best explains variations in economic performance is not markets or states but rather the character of relations between business and government The studies in *Business and the State in Developing Countries* identify a range of close collaborative relations between bureaucrats and capitalists that enhance elements of economic performance and defy conventional expectations that such relations lead ineluctably to rent seeking corruption and collusion All based on extensive field research the essays contrast collaborative and collusive relations in a wide range of developing countries mostly in Latin America and Asia and isolate the conditions under which collaboration is most likely to emerge and survive The contributors highlight the crucial roles played by capable bureaucracies and strong business associations

Handbook of Latin American Studies, 1985 Contains records describing books book chapters articles and conference papers published in the field of Latin American studies Coverage includes relevant books as well as over 800 social science and 550 humanities journals and volumes of conference proceedings Most records include abstracts with evaluations
