Decoding Jesus : A Comparison between John Calvin and Ellen G. White's Views Dr. PP Jones, Th.D, 2014-04-26 Decoding Jesus will forever change your view about Jesus John Calvin 1509-1564 and Ellen G White 1827-1915 though divergent in many ways shared a pivotal common denominator the Judeo-Christian Bible from Genesis to Revelation as a major template from which they reflected on the close connectedness and radical difference of God, human beings and the created environment Calvin encountered a theological conundrum He was unaware that one cannot hold on to the 16th century Reformation of employing the biblical historical time line from Genesis to Revelation as a reflexive scheme on God's four grand acts: creation, reconciliation, the cross, redemption, renewal, Pentecost, Holy Spirit and fulfillment, end of time whilst simultaneously embracing the classical first millennium Trinitarian view Karl Barth the great Swiss Reformed theologian of the early 20th century was aware of Calvin's conundrum Barth resolved that the dogma of the Trinity is not found in the Bible but should be used as a good dogma operating as the main starting pattern of one's theology How further can one go than Barth in giving the notion of the Trinity a biblical vote of no confidence White treaded softly around the Trinity notion Her vast ocean of voluminous writings is devoid of the word Trinity She visited Switzerland and having read Calvin's doctrines she most likely saw Calvin and the Reformation's contradiction concerning the dogma of the Trinity and wanted to avoid the same trap

Understanding Marilynne Robinson Alexander John Engebretson, 2017-11-06 A comprehensive study of the award-winning Midwestern author of fiction and nonfiction Alex Engebretson offers the first comprehensive study of Marilynne Robinson's fiction and essays to date providing an overview of the author's life, themes and literary and religious influences Understanding Marilynne Robinson examines this author of three highly acclaimed novels and recipient of the National Book Critics Circle Award for fiction, the Pulitzer Prize for fiction, the Orange Prize for fiction and the National Humanities Medal Through close readings of the novels and essay collections Engebretson uncovers the unifying elements of Robinson's work: a dialogue with liberal Protestantism, an emphasis on regional settings, the marked influence of nineteenth-century American literature and the theme of home The study begins with *Housekeeping*, Robinson's haunting debut novel which undertakes a feminist revision of the Western genre Twenty-four years later Robinson began a literary project that would bring her national recognition three novels set in a small rural Iowa town The first was *Gilead* which took up the major

American themes of race the legacy of the Civil War and the tensions between secular and religious lives Two more Gilead novels followed *Home* and *Lila* both of which display Robinson's gift for capturing the mysterious dynamics of sin and grace In *Understanding Marilynne Robinson* Engebretson also reviews her substantial body of non fiction which demonstrates a dazzling intellectual range from the contemporary science religion debates to Shakespeare to the fate of liberal democracy Throughout this study Engebretson makes the argument for Marilynne Robinson as an essential deeply unfashionable visionary presence within today's literary scene

Children and the Theologians Jerome W. Berryman, 2009-11-01 The long history of children in theology is told via analysis of some twenty five theologians grouped according to six historical periods Each account examines what a particular theologian thought about children and the experience it was based upon Four themes that have shaped our attitudes about children in the church emerge from this history ambivalence ambiguity indifference and grace The result of this study is to promote a healthier church which will respect and utilize the distinctive gifts of children In so doing theologians will be better able to help clear the way for grace in the postmodern church

The Purple Crown Tripp York, 2020-01-24 The Purple Crown exhibits how Christianity's ultimate act of witnessing martyrdom is an inherently political act York argues that the path of Christianity leads to a confrontation with the same powers that crucified Jesus Tripp York goes outside of the normal understandings of public theology and points to the most powerful persuaders within Christian history the martyrs The martyrs remind us of the moment in which all the world was simultaneously exposed as fallen and redeemed of Christ's death and resurrection In York's telling just as the martyrs' deaths reveal Christ so too their lives bear witness to the City of God exposing those powers and principalities that crucified Jesus and continue to crucify him through his followers He includes the biography of the El Salvador priest Oscar Romero

The Merging of Theology and Spirituality Larry S. McDonald, 2006-07-29 While acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience Alister McGrath believes that spirituality represents the interface between ideas and life between Christian theology and human existence The book explores the centrality of McGrath's theology in the development of his views on spirituality McGrath does not approach spirituality from a theological void but

instead uses his theological perspective as the foundation Through detailed examination of McGrath's previous work and the writing of other evangelicals *The Merging of Theology and Spirituality* offers an overview of a unique thinker's contributions and a guide for future theological and spiritual exploration **Praise Seeking Understanding** Jason Byassee, 2007-11-08

Morality After Calvin Kirk M. Summers, 2016-09-28 In Morality After Calvin Kirk M Summers examines the development of ethical thought in the Reformed Orthodox tradition immediately following the death of Calvin Framed around a previously unstudied poetic work of French theologian Theodore Beza the Cato Censorius Christianus 1591 and read in conjunction with the works and correspondence of Beza and his colleagues the book reveals the theoretical underpinnings of the disciplinary activity during the period The poems of the Cato show that the moral fervor of the latter half of the sixteenth century had its genesis in a well formulated theology that viewed a Christian s sanctification as a process of restoration to an original order created by God For Beza the Christian life does not end with grace and salvation but begins there The principles of morality in this theoretical framework look back to the very moment of creation when God structured human relationships established a certain order in nature and issued commands The Mosaic Law and Christ himself embody these

principles which include an ethos of listening sincerity of life engagement with one's calling love of neighbor respect for divine order and a desire for the purity of the flock With insight and dexterity as well as the use of previously unavailable sources Summers contributes this significant volume to the study of Beza and his place in the history of the Reformed Orthodoxy

Celebrating the Reformation Mark D Thompson, 2017-09-21 Too often the Reformers and their doctrines have been caricatured misrepresented or misappropriated in the service of agendas they would never have recognized let alone endorsed Happily there has been a great deal of fine scholarship in recent years that has exploded some of these myths but it has not always been accessible to non specialists The intention of Celebrating the Reformation is that Christians today will find new cause to rejoice in what God did in the sixteenth century through weak and fallible men and women These people sought in their own context to submit themselves to the word of God and lead his people in a godly and faithful response to the gospel of grace Three sections deal with the chief Reformers key doctrines and the Reformation in retrospect Each contribution seeks to connect its subject to the present making clear its relevance for today The Reformation is not a dead movement but a living legacy that can still capture the imagination and encourage men and women in their own Christian discipleship The contributors are Andrew Bain Colin R Bale Rhys S Bezzant Gerald Bray Martin Foord David A Hhne Chase Kuhn Andrew Leslie Edward Loane John McClean Joe Mock Michael J Ovey Tim Patrick Mark D Thompson Stephen Tong Jane Tooher and Dean Zweck
