**Supporting the Mental Health and Wellbeing of Learners in Post-16 Education** Paul Demetriou,2024-08-05 This comprehensive guide provides practical strategies and essential insights for anyone working with young adults revealing the importance of nurturing mental health and wellbeing needs of students in the post 16 education sector An invaluable resource for understanding and addressing the unique challenges faced by learners many of whom will be transitioning into adulthood this book covers key areas such as stress management building resilience and fostering positive self esteem and equips readers with the knowledge and practical strategies needed to support the mental health and overall wellbeing of post 16 learners It offers detailed real life case studies practical advice and the latest research to support academic and student services staff to effectively engage with students It also addresses issues such as anxiety depression exam stress and peer pressure and provides evidence based strategies that can be implemented in both the classroom and one to one settings This text supports the reader in understanding what can be done to support learners mental health and wellbeing both across the college and in individual classrooms With its accessible language and actionable advice this book is an essential toolkit for all those concerned with the wellbeing needs of students

*Health and Religious Rituals in South Asia* Fabrizio Ferrari,2011-03-07 Drawing on original fieldwork this book develops a fresh methodological approach to the study of indigenous understandings of disease as possession and looks at healing rituals in different South Asian cultural contexts Contributors discuss the meaning of disease possession and healing in relation to South Asian religions including Hinduism Islam Buddhism and Sikhism and how South Asians deal with the divine in order to negotiate health and wellbeing The book goes on to look at goddesses gods and spirits as a cause and remedy of a variety of diseases a study that has proved significant to the ethics and politics of responding to health issues It contributes to a consolidation and promotion of indigenous ways as a method of understanding physical and mental imbalances through diverse conceptions of the divine Chapters offer a fascinating overview of healing rituals in South Asia and provide a full length sustained discussion of the interface between religion ritual and folklore The book presents a fresh insight into studies of Asian Religion and the History of Medicine

**The Fallible Body: Narratives of Health, Illness & Disease** Vera Kalitzkus,Peter L. Twohig,2020-09-25 There is perhaps no subject that lends itself to interdisciplinarity better than corporeal finitude and it is a recognition of this fact that from 12 to 15 July 2006 a group of international scholars policy makers and practitioners were brought together for the 5th annual conference Making Sense of Health Illness and Disease

*The Aesthetics of the Body* Pasquale De

Marco,2025-07-10 The Aesthetics of the Body explores the human body as a canvas for artistic expression celebrating its beauty and diversity while examining our complex and often contradictory relationships with it From ancient cave paintings to contemporary performance art artists have used the body to communicate their ideas about the world This book traces the history of body art from its ritualistic origins to its modern manifestations examining its role in photography fashion dance and other performance art forms It also delves into the mind body connection and the impact of culture on body image exploring how the media portrays the body and how we internalize these messages The book emphasizes the importance of body awareness and self care recognizing the body s crucial role in overall health and well being Ultimately The Aesthetics of the Body invites readers to embrace the human body in all its complexity and beauty It is a reminder that our bodies are not merely objects but powerful tools for creative expression and social change If you like this book write a review     *Effective Communication Skills for Health Professionals* Philip Burnard,1997 This work discusses strategies for teaching presentation computing listening management and interview skills within each area     **Psychiatric and Mental Health Nursing for Canadian Practice** Wendy Austin,Mary Ann Boyd,2010-01-01 Rev ed of Psychiatric nursing for Canadian practice Wendy Austin Mary Ann Boyd
