Effective Police Supervision Larry S. Miller,Harry W. More,Michael C. Braswell,2017-02-17 Outstanding first line supervisors are essential to the success of any law enforcement agency yet many officers lack the supervision training necessary to excel Effective Police Supervision immerses readers in the group behaviors and organizational dynamics supervisors must master in order to lead their teams and to help create an effective police department Combining behavioral theory and updated case studies this core text now in its eighth edition is a vital tool for all college students pursuing criminal justice courses on supervisory practices as well as police officers preparing for promotional exams **Cultural Anthropology** Raymond Scupin,2019-12-10 Now with SAGE Publishing Cultural Anthropology A Global Perspective delves

into both classic and current research in the field reflecting a commitment to anthropology's holistic and integrative approach. This text illuminates how the four core subfields of anthropology—biological anthropology, archaeology, linguistics, and cultural anthropology—together yield a comprehensive understanding of humanity. In examining anthropological research, this text often refers to research conducted in other fields, sparking the critical imagination that brings the learning process to life. The Tenth Edition expands on the book's hallmark three-themed approach: diversity of human societies, similarities that make all humans fundamentally alike, and a synthetic/complementary approach by introducing a new fourth theme addressing psychological essentialism. Recognizing the necessity for students to develop an enhanced global awareness more than ever before, author Raymond Scupin uses over 30 years of teaching experience to bring readers closer to the theories, data, and critical thinking skills vital to appreciating the full sweep of the human condition. This title is accompanied by a complete teaching and learning package.

Transcultural Flows of English and Education in Asian Contexts Tyler Andrew Barrett, Melissa Fellin, 2016-10-20

Transcultural Flows of English and Education in Asian Contexts examines issues concerning the potential of English learning and teaching to go beyond the classroom and affect the multicultural realities of Asian societies. Asian societies often carry long histories and traditions that influence beliefs about identities which are changing in our globalizing world. The authors in this volume explore the synthesis that occurs when culture is shared and re-constructed in different contexts. Specifically, the authors show how English is appropriated and refashioned through language and culture exchanges both inside and outside of traditional classrooms in East Asia (i.e., Japan, South Korea, China, and Southeast Asia) (e.g., Indonesia, Thailand). Inside the classroom, transcultural flows have the potential to result in take-up, exchange, appropriation, and refashioning of language and cultural practices that can generate transcultural realities outside the classroom. Understanding transcultural flows may also require understanding circumstances outside of the classroom, for instance, transcultural exchanges that lead to friendships and professional relationships as companies embrace English and attempt to reach a global audience, as English facilitates access to global interaction in cyberspace, and as membership to nation-states, recognition, and identity often confront the politics of English as a global language. For both teachers and students of English, the impact of transcultural connections reaches far beyond the teaching and learning experience. English connects people around the globe even after students and teachers have finished their lessons or teachers have left the country. To examine the transcultural flows that result from English learning and teaching in Asia, this book addresses the following questions: What becomes of English when it is unmoored from local, national, and regional spaces and imaginatively reconceptualized? What are new forms of global consciousness and cultural competency? How is English rediscovered and reinvented in Asian countries where there are long traditions of cultural beliefs and language practices? How are teachers and students taking up and appropriating English inside and outside classrooms? How has English learning and teaching affected social, political, and business relationships? This book will be of interest to scholars in sociolinguistics, anthropology, and

education Sex after Service Drew A. Helmer, 2014-12-11 Military service members and veterans are perhaps particularly vulnerable to sexual dysfunction given some common experiences in the military and during combat deployments. Deployment to a combat theater is an inherently stressful experience made worse with actual combat exposure and other physical and psychological hardships and trauma. This in turn contributes to higher rates of physical damage including traumatic brain injury and amputations, post-traumatic stress disorder, and unhealthy coping mechanisms, alcohol, and substance abuse. Medications commonly prescribed to treat or manage these conditions can also contribute to sexual dysfunction. Perhaps worst of all, the most intense period of experiencing these complications is likely to occur in the service member's or veteran's 20s and early 30s, the life stage at which most Americans are dating, selecting a partner, and creating a family. Sexual dysfunction can have significant impacts on all of those important activities. This book serves as an authoritative resource for military service members, veterans, and those who love them on all manner of sexual health issues. Starting with an introduction to the basic concepts of sexual health, Helmer then goes on to discuss the effects of combat on overall health, sexual health, and function, and differences in those effects on men and women. Including Veterans' stories throughout, the book illustrates some of the challenges and complex situations empathically and in nonjudgmental terms. While many service members join and experience combat before the age of 30, the author also considers the effects of aging and life stage on sexual health and function in military personnel. Finally, Helmer clearly articulates a process for determining if there is a sexual health issue that rises to the level of a problem and what can be done about it. This is handled with a positive, hopeful tone and general yet effective suggestions on where and how to seek assistance.

Anthropology Raymond Scupin, Christopher R. DeCorse, 2019-12-20 Integrating historical, biological, archaeological, and applied approaches with ethnographic data from around the world, *Anthropology: A Global Perspective* is founded on four essential themes: the diversity of human societies, the similarities that tie all humans together, the interconnections between the sciences and humanities, and a new theme addressing psychological essentialism.

A Handbook of Media and Communication Research Klaus Bruhn Jensen, 2013-03-01 *A Handbook of Media and Communication Research* presents qualitative as well as quantitative approaches to the study of media and communication, integrating perspectives from both the social sciences and the humanities. Taking methodology as a strategic level of analysis that joins practical concerns with theoretical issues, the Handbook offers a comprehensive and in-depth review of the field and a set of guidelines for how to think about, plan, and carry out media and communication studies in different social and cultural contexts. The second edition has been thoroughly updated with reference to the development of the internet, mobile, and other digital media. Each chapter addresses shifting configurations of established media organizations, media discourses, and media users in networked practices of communication. The introduction and one further chapter probe changing conceptions of mass and interpersonal, online and offline communication in research as in everyday life. Three new chapters have been added to exemplify different forms of

research employing multiple methods to study multiple media in multiple contexts List of contributors Klaus Bruhn Jensen Barrie Gunter Rasmus Helles Annette Hill Stig Hjarvard Peter Larsen Amanda Lotz Graham Murdock Horace Newcomb Paddy Scannell Lynn Schofield Clark Kim Christian Schröder Specialised Translation M. Rogers,2015-05-26 This book shifts the common perception of specialised or LSP translation as necessarily banal and straightforward towards a more realistic understanding of it as a complex and multilayered phenomenon which belies its standard negative binary definition as non literary **High Heels and Bound Feet** Roberta Edwards Lenkeit,2018-10-23 The lucid essays in the original edition of High Heels and Bound Feet drove lively discussions and engagement with core anthropological concepts in traditional and online courses Lenkeit showed how one's daily life at work at school at home and at play could be more engaging and provocative when viewed through anthropology's multifaceted lens The slightly expanded Second Edition is freshened by the addition of seven new essays Each continues to illustrate myriad possible applications of concepts and methods from anthropology to everyday experiences While essays focus on cultural anthropology the inclusion of topics on linguistics biological anthropology and archaeology brings attention to the holistic nature of the discipline All essays conclude with material useful for assimilating content Thinking It Through Anthropological Terms and Thinking Practically According to the author education should color one's life and broaden one's perspective High Heels and Bound Feet 2 E will pique readers interest as they discover how anthropology informs energizes and infuses their lives every day **An Encyclopedia of Language** N.E. Collinge,2002-09-11 Examines how language works accounting for its nature its use its study and its history Two comprehensive indexes of Topics and Technical Terms and Names Carefully illustrated to explain key points in the text This rich repository of information on all aspects of language is a must for all libraries in higher education schools and larger public libraries Library Review Each article has an excellent bibliography In addition there are comprehensive indexes of topics and technical terms and names Highly recommended for all college and general public libraries Choice This important book is in many ways a state of the art survey of current conceptions of and approaches to language with generous references to more detailed sources Each chapter has a good bibliography Language International A comprehensive guide with very thorough bibliographies Collinge's Encyclopedia is recommended to academic libraries Reference Reviews The bibliographies are an invaluable aid the editor is to be congratulated for having done an excellent job there are virtually no areas of language and linguistics that do not get a look in somewhere and there is good signposting in the text itself Nigel Vincent Times Higher Education Supplement **Pre-Service and In-Service Teacher Education: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources,2018-11-02 As with any industry the education sector goes through frequent changes due to modern technological advancements It is every educator's duty to keep up with these shifting requirements and alter their teaching style to best fit the needs of their classroom Pre Service and In Service Teacher Education Concepts Methodologies Tools and Applications explores the
