Last Act The Final Years And Emerging Legacy Of Ronald Reagan:

Last Act Craig Shirley, 2015-10-13 His name in American politics is more cited than any other president Both the Republican and Democratic parties are radically different today mainly as a result of Ronald Reagan and the force of his ideas No twentieth century president shaped the American political landscape so profoundly Craig Shirley's *Last Act* is the important final chapter in the life of Reagan that no one has thus far covered It's the kind of book that widens our understanding of American history and of the presidency and the men who occupied it To tell Reagan's story Craig has secured the complete exclusive and enthusiastic support of the Reagan Foundation and Library and spent considerable time there reviewing sealed files and confidential information Cast in a grand and compelling narrative style *Last Act* contains interesting and heretofore untold anecdotes about Reagan Mrs Reagan their pleasure at retirement the onslaught of the awful Alzheimer's and how he and Mrs Reagan dealt with the diagnosis the slow demise the extensive plans for a state funeral the outpouring from the nation which stunned the political establishment the Reagan legacy and how his shadow looms more and more over the Republican Party Washington the culture of America and the world *Reagan* Larry Schweikart, 2019-05-07 New York Times 1 bestselling author Larry Schweikart armed with previously unseen sources from Ronald Reagan's Presidential Library uncovers the most important president of the 20th century and details the life and policies of a man who still remains dear to the hearts of Americans From his time as a lifeguard in Illinois to a sports announcer to a rising actor to a labor union leader then finally governor of California in the tumultuous 1960s and ultimately President Reagan's life is told as it has never been before **Historical Dictionary of the Reagan-Bush Era** Richard S. Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett's classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of *Historical Dictionary of the Reagan Bush Era* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era *The Search for Reagan* Craig Shirley, 2024-02-13 Never before has anyone explored the mind soul and heart of Ronald Reagan *The Search for Reagan* explores the challenges and controversies in Reagan's life and how he successfully dealt with each depicting a man who was never as conservative as some conservatives wanted him to be but rather as conservative as he was comfortable being a man who wanted to win on his own terms and integrity Ronald Reagan was a singularly unique man and conservative who championed a wildly successful revolution leading to more

freedom and less government for the American people and to the fall of communism while boosting American morale which had been his three big goals He was the first president in many years who believed optimism from the Oval Office had a direct bearing on the affairs of the nation As a consequence he left office more popular than when he entered with a whopping 73 percent approval He is beloved even today as his presidential library is visited far more than any other presidential library by more than five million people each year He understood that American conservatism was based upon the individual and not the group He is still regarded as one of the most admired men in America The range of Reagan scholarship by virtue of books sold about him continues to grow In his presidency he solved the mystery of high inflation that had bedeviled his predecessor high interest rates and high gas prices He created over twenty million new jobs and the number of American millionaires grew from 4 414 to 34 944 He quite literally changed our world for the better and is considered by most historians to be one of our four greatest presidents along with George Washington Abraham Lincoln and Franklin Roosevelt

Reagan Max Boot, 2024-09-10 NEW YORK TIMES 10 BEST BOOKS OF 2024 INSTANT NEW YORK TIMES BESTSELLER Washington Post 50 Best Nonfiction Books of 2024 Best Books of 2024 The New Yorker The Economist Chicago Public Library The Auburn Citizen This elegant biography of the 40th president stands out for its deep authority and nimble style A landmark work New York Times 10 Best Books of 2024 Reagan His Life and Legend aims to be the definitive biography and it succeeds New Yorker Magisterial Important Vivid Splendid Washington Post Son of the Midwest movie star and mesmerizing politician America's fortieth president comes to three dimensional life in this gripping and profoundly revisionist biography In this monumental and impressive biography Max Boot the distinguished political columnist illuminates the untold story of Ronald Reagan revealing the man behind the mythology Drawing on interviews with over one hundred of the fortieth president's aides friends and family members as well as thousands of newly available documents Boot provides the best biography of Ronald Reagan to date Robert Mann The story begins not in star studded Hollywood but in the cradle of the Midwest small town Illinois where Reagan was born in 1911 to Nelle Clyde Wilson a devoted Disciples of Christ believer and Jack Reagan a struggling alcoholic salesman Boot vividly creates a portrait of a handsome young man indeed a much vaunted lifeguard whose early successes mirrored those of Horatio Alger And contextualizing Reagan's life against American history Boot re-creates the world in which Reagan transitioned from local Iowa sportscaster to budding screen actor The world of Hollywood from the 1930s to the 1950s would prove significant not only in Reagan's coming of age in such classics as Knute Rockne and Kings Row but during the twilight of his film career when he played opposite a chimpanzee in Bedtime for Bonzo and then his eventual emergence as a television host of General Electric Theater which established his bona fides as one of the leading conservative voices of the time Indeed the leap to California governor in 1966 seemed almost preordained in which Reagan became a bellwether for a nation in the throes of a generational shift Reagan's 1980 presidential election augured a shift that continues into this century Boot writes not as a partisan but as a historian seeking

to set the story straight He explains how Reagan was an ideologue but also a supreme pragmatist who signed pro abortion and gun control bills as governor cut deals with Democrats in both Sacramento and Washington and befriended Mikhail Gorbachev to end the Cold War A master communicator Reagan revived America s spirits after the traumas of Vietnam and Watergate But Boot also shows how Reagan was armored in obliviousness He traces Reagan s opposition to civil rights over forty years reveals how he neglected the exploding AIDS epidemic and details how America experienced a level of income inequality not seen since the Gilded Age With its revelatory insights Reagan His Life and Legend is no apologia depicting a man with a good versus evil worldview derived from his moralistic upbringing and Hollywood westerns Providing fresh examinations of trickle down economics the Cold War s end the Iran Contra affair as well as a nuanced portrait of Reagan s family this definitive biography is as compelling a presidential biography as any in recent decades

A Pope and a President Paul Kengor, 2017-04-18 A Singular Bond That Changed History Even as historians credit Ronald Reagan and Pope John Paul II with hastening the end of the Cold War they have failed to recognize the depth or significance of the bond that developed between the two leaders Acclaimed scholar and bestselling author Paul Kengor changes that In this fascinating book he reveals a singular bond which included a spiritual connection between the Catholic pope and the Protestant president that drove the two men to confront what they knew to be the great evil of the twentieth century Soviet communism Reagan and John Paul II almost didn t have the opportunity to forge this relationship just six weeks apart in the spring of 1981 they took bullets from would be assassins But their strikingly similar near death experiences brought them close together to Moscow s dismay A Pope and a President is the product of years of research Based on Kengor s tireless archival digging and his unique access to Reagan insiders the book reveals The inside story on the 1982 meeting where the president and the pope confided their conviction that God had spared their lives for the purpose of defeating communism Captivating new information on the attempt on John Paul II s life including a previously unreported secret CIA investigation was Moscow behind the plot The many similarities and the spiritual bond between the pope and the president and how Reagan privately spoke of the DP the Divine Plan to take down communism New details about how the Protestant Reagan became intensely interested in the secrets of F tima which date to the reported apparitions of the Virgin Mary at F tima Portugal starting on May 13 1917 sixty four years to the day before John Paul II was shot A startling insider account of how the USSR may have been set to invade the pope s native Poland in March 1981 only to pull back when news broke that Reagan had been shot Nancy Reagan called John Paul II her husband s closest friend Reagan himself told Polish visitors that the pope was his best friend When you read this book you will understand why As kindred spirits Ronald Reagan and John Paul II united in pursuit of a supreme objective and in doing so they changed history

Getting Right with Reagan Marcus M. Witcher, 2019-11-29 Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent

supporters in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan s time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan s presidential library and museum positioned him above partisan politics emphasizing his administration s role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher s work so deftly shows the conservative movement as we know it now
