ESSAY QUESTIONS (2009 – B. E. C. E)

Question.1

- a). Simplify: $\frac{1200 \times 1260}{800}$ and write your answer in standard form.
- b). A plot of land measures 25 m by 12 m. A portion of this plot measuring 8 m by 8 m is used for the cultivation of vegetables. Find the area of the plot not cultivated.
- c). The table below shows the performance of Aisha in her final examination.

| Subject | Score |
|------------------|-------|
| English Language | 54% |
| Mathematics | 36% |
| Ga | 68% |
| Science | 50% |
| Social Studies | 32% |

Draw a pie chart to represent this information.

Solution

(a). $\frac{1200 \times 1260}{800} = \frac{12 \times 1260}{8} = 3 \times 630 = 1890 = 1.89 \times 10^3$

b). Area of plot of land = $25\text{m} \times 12\text{m} = 300\text{m}^2$

Area of land used for the cultivation of vegetables = $8\text{m} \times 8\text{m} = 64\text{m}^2$

Area of land left uncultivated = $300 - 64 = 236\text{m}^2$

c). Total score of the subjects
 $= 54\% + 36\% + 68\% + 50\% + 32\% = 240\%$

| Subject | Score | Angle of sector |
|-------------------|-------|---|
| English Language. | 54% | $\frac{54}{240} \times 360^\circ = 81^\circ$ |
| Mathematics | 36% | $\frac{36}{240} \times 360^\circ = 54^\circ$ |
| Ga | 68% | $\frac{68}{240} \times 360^\circ = 102^\circ$ |
| Science | 50% | $\frac{50}{240} \times 360^\circ = 75^\circ$ |
| Social Studies | 32% | $\frac{32}{240} \times 360^\circ = 48^\circ$ |

Question.2

i) The table below shows the scores of some students in an examination.

| Scores | 0 | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
|-----------|---|---|---|---|---|---|---|---|---|---|----|
| Frequency | 3 | 5 | 3 | 2 | 7 | 6 | 5 | 4 | 2 | 2 | 1 |

- o From the table, find;
- n a). how many students wrote the examination;
- s b). the modal score;
- c). the number of students that scored 7 or more;
- c d). the mean score correct to one decimal place.

Solution

a) Number of students who wrote the examination.

$= 3 + 5 + 3 + 2 + 7 + 6 + 5 + 4 + 2 + 2 + 1 = 40$

b). Modal score = score with the highest frequency
 Then the modal score is 4

c). Number of students who scored 7 or more
 $= 4 + 2 + 2 + 1 = 9$

d)

| Scores (x) | 0 | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
|-------------------|---|---|---|---|----|----|----|----|----|----|----|
| Frequency, f | 3 | 5 | 3 | 2 | 7 | 6 | 5 | 4 | 2 | 2 | 1 |
| $f \cdot x$ | 0 | 5 | 6 | 6 | 28 | 30 | 30 | 28 | 16 | 18 | 10 |
| $\Sigma f = 40$ | | | | | | | | | | | |
| $\Sigma fx = 117$ | | | | | | | | | | | |

The Impacts of Language and Literacy Policy on Teaching Practices in Ghana Philomena Osseo-Asare, 2021-03-15 This text critically examines changes in Ghanaian language and literacy policy following independence in 1957 to consider its impacts on early literacy teaching By adopting a postcolonial theoretical perspective the text interrogates the logic behind policy changes which have prioritised English local language or biliteracy It draws on data from interviews with teachers and researcher observation to demonstrate how policies have influenced teaching and learning Dr Osseo Asare s findings inform the development of a conceptual framework which highlights the socio cultural factors that impact the literacy and biliteracy of young children in Ghana offering solutions to help teachers combat the challenges of frequent policy changes This timely monograph will prove to be an essential resource not only for researchers working on education policies teacher education and English language learning in

postcolonial Ghana but also for those looking to identify the thematic and methodological nuances of studying literacy and education in postcolonial contexts *Circular Economy: Recent Trends in Global Perspective* Sadhan Kumar

Ghosh,Sannidhya Kumar Ghosh,2021-11-23 This book presents the advantages of the circular economy as a powerful and inevitable model for tackling the current challenges against shrinking resources and establishing the resource efficient economy The experienced contributors present the status and strategies of circular economy implementation in several countries with hands on experience to protect the environment while promoting the circular economy through legislative requirements best practices adopted and popularizing the idea of circulation of resources amongst the researchers academia policy makers industry and the general public at large The book advocates model that consists of designing products and processes with a view to endlessly recycling them evolving a greater scope of sustainable development *Community Participation in School Management* Kazuro Shibuya,2022-09-12 Nobody denies that trust in schools is key to success in generating any educational outcomes However trust is often eroded resulting in conflicts alienation and differentiation among school level stakeholders This book analyses school based management SBM of education through the lens of relational trust in the context of Ghana revealing how community participation in school management leads to educational outcomes Conducting quantitative analysis of headteacher questionnaires from public basic schools and qualitative analysis of case study schools in the Akatsi South District of Ghana Shibuya offers critical insights into building sustainable relationships between individual households and geographical school communities He argues it is critical to highlight relational trust as an analytical tool to examine relationships between actors and factors in school management The research finds that trust in schools is a two way mechanism and the mutuality of expectations and obligations among stakeholders is essential if children s learning outcomes are to improve With its mixed methods approach this book will be a valuable resource for scholars in comparative education those in educational development and those interested in African contexts

Innovations in Teaching and Learning: International Approaches in Developing Teacher Education and Curriculum for The Future Marco Ferreira,Lawrence Meda,Markus Talvio,2024-04-16 During the last few years teachers across cultures have faced a lot of unprecedented demands in developing their methods in instruction Population mobility unstable labour market and globalisation change society around us rapidly In addition education per se is constantly changing and redefining and modifying learning and teaching environments are an ongoing process For example modern educational psychology including positive psychology movements emphasizing collaborative knowledge creation calls teachers to facilitate their students learning and wellbeing and to create a positive learning environment instead of using traditional frontal teaching and other teacher centered methods Digital revolution has challenged teachers to adapt new educational settings and to update their pedagogical approaches into more use of digital solutions Indeed the COVID 19 pandemic propelled the teachers to offer new optimal learning experiences **Handbook of Caribbean Economies** Robert

Looney,2020-11-10 This volume aims to illustrate the uniqueness of the economies of the countries and territories of the Caribbean as well as the similarities they share with other regions While most countries in the region share many of the characteristics of middle income countries theirs is a matter of extremes Their generally small size suggests a fragility not found elsewhere While much of the world is beginning to feel some effects of climate change the Caribbean is ground zero These factors suggest a difficult road ahead but the chapters presented in this volume aim to help to spur the search for creative solutions to the region s problems The chapters written by expert contributors examine the Caribbean economies from several perspectives Many break new ground in questioning past policy mindsets while developing new approaches to many of the traditional constraints limiting growth in the region The volume is organized in four sections Part I examines commonalities including issues surrounding small economies tourism climate change and energy security Part II looks at obstacles to sustained progress for example debt natural disasters and crime In Part III chapters consider the specific role of external influences including the USA and the European Union the People s Republic of China as well as regional co operation The volume concludes in Part IV with country case studies intended to provide a sense of the diversity that runs through the region

Community Participation with Schools in Developing Countries Mikiko Nishimura,2020-08-04

The Sustainable Development Goals SDGs 2016 2030 set by the United Nations in 2015 restated the importance of universal primary education for all and specifically discuss quality equity and inclusion in basic education To achieve this the role of community has been emphasized and participation has become a buzzword in international development over the past several decades Despite the growing attention to community participation in school management previous literature has shown mixed results in terms of its actual practice and its impacts on quality equity and inclusion in education This book deepens the contextual understanding of community in developing countries and its involvement in schools in general and its impact on quality equity and inclusion of school education in particular By presenting various case studies in Asia Africa Latin America and a post conflict state in Europe the book analyses commonalities and differences in the ways communities are involved and cast their impacts and challenges The book contributes knowledge on the ways in which community involvement could work in developing countries the detailed processes and factors that make community participation work in different dimensions and remaining challenges that scholars and practitioners still need to be concerned and mindful in the field This book will appeal to both researchers and practitioners who are concerned about the community participation approach for the SDGs

Effective and efficient design and provision of product-service systems Johannes

Matschewsky,2019-04-10 The world manufacturing companies operate in is changing In the past these companies relied on the design and sale of products Today this linear model of business is becoming increasingly insufficient As customers are more and more focused on their core business buying and operating machinery and other goods becomes unattractive to them In response to this manufacturing companies are expanding their value capture into additional stages of the product

lifecycle by providing integrated offerings of products and services Product Service Systems PSSs Designing and providing PSSs is fundamentally different from traditional product sales Expanding to become a PSS provider is therefore challenging for companies with a history of designing and selling products Departing from this it is the aim of this thesis to support manufacturing companies in their expansion to effective and efficient design and provision of PSSs The research reported has both descriptive and prescriptive properties reflecting the goals of understanding the status quo in manufacturing companies practice and providing support based on this To establish a point of departure the current design and provision of two manufacturing companies expanding their business towards PSSs was investigated From this an in depth understanding of the status quo and a number of challenges emerged Based on this the research had the goal to contribute to identifying and developing solutions to these challenges with an initial focus on methods supporting PSS design and provision However although methods fitting to the challenges identified exist they appear to receive limited uptake in manufacturing companies practice In order to improve their practical utility a structured method is proposed to assist users in both academia and practice in developing methods in a requirements oriented fashion The utility of methods in improving the efficiency and effectiveness of PSS design and provision is thereby to be enhanced A particular challenge for manufacturing companies expanding to become PSS providers is the change in how value is captured Resulting from the extensive involvement throughout the lifecycle a need for a broader multidimensional understanding of value capture was identified However the manufacturing companies investigated have been found to experience challenges in grasping this change with a focus on a product sales centric understanding of value capture remaining prevalent To support companies towards reaping the benefits of the expansion to PSS design and provision methods to explore how value is currently created and captured in the use phase and how to enhance the future value capture based on that information in the design phase have been developed and applied As a result broadly relevant value dimensions were attained aiming to facilitate a lifecycle focused effective and efficient design and provision of PSSs Eventually to broaden the understanding of effective and efficient design and provision of PSSs in practice today the potential contributions of real world PSSs to a circular economy were investigated based on an existing framework The result was ambiguous indicating both advancements compared to traditional sales and substantial room for improvement particularly with a focus on the absolute decoupling of economic activity and resource use Based on the synthesis of the research results manufacturing companies are supported in their expansion to effective and efficient design and provision of PSSs and towards a promising future
