Chinois pour débutants Marie-Noëlle Bernès-Heuga, 2020-02-19 **Apprendre le Chinois - Textes Parallèles (Français - Chinois) Contes Simples** Polyglot Planet Publishing, 2015-09-05
Apprendre le chinois avec Textes Parallèles est le moyen le plus gratifiant et le plus efficace d'apprendre une langue. Vous viserez le vocabulaire que vous connaissez déjà et mettrez immédiatement en pratique les nouveaux mots que vous apprenez. La grammaire chinoise est aisément assimilée grâce aux textes écrits intelligemment et bien formatés. Pas besoin de chercher la signification des nouveaux mots dans un dictionnaire. Le vocabulaire connu est immédiatement mis en pratique dans des phrases et des textes faciles à retenir. Pas besoin de logiciel supplémentaire. L'apprentissage de la grammaire se fait de manière passive. Une méthode moderne pédagogique et divertissante recommandée pour les débutants en chinois ou les personnes ayant un niveau intermédiaire ou recherchant un cours de remise à niveau. Bien que nous estimions que n'importe qui quel que soit son niveau puisse travailler avec notre méthode, nous recommandons toutefois un niveau de base de compréhension du chinois pour obtenir un maximum de résultats avec un maximum de plaisir. Nos nouvelles font référence à la culture et des personnages européens. Les histoires ont été créées de manière à captiver l'attention du lecteur et sont agréables à lire. Vous serez ainsi plus motivé pour apprendre.
