Lislam Nouvel Espace Public En Afrique:

L'islam, nouvel espace public en Afrique Gilles HOLDER, 2009-09-01 Au fil d'un parcours travers cinq pays de l'Afrique de l'Ouest le Burkina Faso la Côte d'Ivoire le Mali le Niger et le Sénégal cet ouvrage souligne combien l'Afrique musulmane est inscrite dans la modernité et participe de ce que l'on peut appeler la globalisation islamique Mais plus encore qu'une active présence au monde l'Afrique d'aujourd'hui donne voir des pratiques politiques et sociales originales qui puisent massivement dans la ressource religieuse cherchant ainsi pallier la faillite morale politique et économique des États Découvrant le phénomène d'assimilation réciproque des sphères politique et religieuse et le degré d'organisation des acteurs islamiques au sein des sociétés civiles cet ouvrage pose la question de l'émergence d'un nouveau type de rapports entre l'État et la société que l'on peut qualifier d'espace public religieux

L'islam, nouvel espace public en Afrique Holder Gilles, 2009-09-01 En dépit de sa présence déterminante sur la longue durée l'islam en Afrique a encore du mal se départir d'une image de religion importée et bricolée face un monde musulman arabophone Si cette présence au sud du Sahara n'a nullement tenté à l'inscrire au contraire dans des effets de replis et de reprises successifs le puissant mouvement de réislamisation qui s'amorce la fin du XVIII^e siècle pour s'accroître dans les dernières décennies du XX^e siècle ne permet plus de faire l'économie de la dynamique sociale et politique du religieux pour comprendre l'Afrique actuelle et singulièrement de la place qu'il occupe l'islam Au fil d'un parcours travers cinq pays de l'Afrique de l'Ouest le Burkina Faso la Côte d'Ivoire le Mali le Niger et le Sénégal cet ouvrage souligne combien l'Afrique musulmane est inscrite dans la modernité et participe de ce que l'on peut appeler la globalisation islamique Mais plus encore qu'une active présence au monde l'Afrique d'aujourd'hui donne voir des pratiques politiques et sociales originales qui puisent massivement dans la ressource religieuse cherchant ainsi pallier la faillite morale politique et économique des États Découvrant et analysant les configurations des expériences démocratiques en cours le phénomène d'assimilation réciproque des sphères politique et religieuse et le degré d'organisation des acteurs islamiques au sein des sociétés civiles cet ouvrage pose en final la question de l'émergence d'un nouveau type de rapports entre l'État et la société que l'on peut qualifier d'espace public religieux

, *The Oxford Handbook of the African Sahel* Leonardo A. Villalón, 2021-10-15 Long on the margins of both scholarly and policy concerns the countries of the West African Sahel have recently attracted world attention primarily as a key battleground in the global war on terror This book moves beyond this narrow focus providing a multidimensional and interdisciplinary assessment of the region in all of its complexity The focus is on the six countries at the heart of the Sahelian geographic space Senegal Mauritania Mali Burkina Faso Niger and Chad Collectively the chapters explore the commonalities and interconnections that link these countries and their fates while also underscoring their diversity and the variations in their current realities The Sahel today is at an important crossroads under multiple pressures of diverse kinds environmental political demographic and economic as well as rapidly changing social and religious dynamics It is also marked by striking dynamism and experimentation drawing on a long history of innovation and

cultural transfer In many ways the Sahel is today on the cutting edge of grand natural experiments exploring how humans will adapt to climate change to technological innovation to the global movement of populations and the restructuring of world politics to urbanization social change and rapid demographic growth and to inter religious contact The region is a weathervane on the front lines of the forces of global change In nine thematic sections the chapters in this book offer holistic analyses of the key forces shaping the region Including scholars based in Africa Europe and the United States the authors represent an exceptional breadth and depth of expertise on the Sahel **Claiming and Making Muslim Worlds** Jeanine

Elif Dağyeli, Claudia Ghrawi, Ulrike Freitag, 2021-07-05 To what extent can Islam be localized in an increasingly interconnected world The contributions to this volume investigate different facets of Muslim lives in the context of increasingly dense transregional connections highlighting how the circulation of ideas about Muslimness contributed to the shaping of specific ideas about what constitutes Islam and its role in society and politics Infrastructural changes have prompted the intensification of scholarly and trade networks prompted the circulation of new literary genres or shaped stereotypical images of Muslims This in turn had consequences in widely differing fields such as self representation and governance of Muslims The contributions in this volume explore this issue in geographical contexts ranging from South Asia to Europe and the US Coming from the disciplines of history anthropology religious studies literary studies and political science the authors collectively demonstrate the need to combine a translocal perspective with very specific local and historical constellations The book complicates conventional academic divisions and invites to think in historically specific translocal contexts Islamic Reform in Twentieth-Century Africa Roman Loimeier, 2016-09-08 The first comprehensive

analysis of Muslim movements of reform in modern sub Saharan Africa Based on twelve case studies Senegal Mali Nigeria Niger Chad Sudan Ethiopia Somalia Kenya Tanzania Zanzibar and the Comoros this book looks at patterns and peculiarities of different traditions of Islamic reform Considering both Sufi and Salafi oriented movements in their respective historical contexts it stresses the importance of the local context to explain the different trajectories of development The book studies the social religious and political impact of these reform movements in both historical and contemporary times and asks why some have become successful as popular mass movements while others failed to attract substantial audiences It also considers jihad minded movements in contemporary Mali northern Nigeria and Somalia and looks at modes of transnational entanglement of movements of reform Against the background of a general inquiry into what constitutes areform the text responds to the question of what areform actually means for Muslims in contemporary Africa Key features Biographies of reformist scholars complement the text Case studies are placed in the context of the dynamics of areform in the larger world of Islam Addresses the importance of trans national entanglements and their formative power Focuses on the dynamics of social and religious development the political dynamics of Islamic areform and issues of youth generational change and gender Cultural Heritage in Mali in the Neoliberal Era Rosa De Jorio, 2016-06-30 Up to 2012 Mali was a poster child of

African democracy despite multiple signs of growing dissatisfaction with the democratic experiment Then disaster struck bringing many of the nation's unresolved contradictions to international attention A military coup carved off the country's south A revolt by a coalition of Tuareg and extremist Islamist forces shook the north The events so violent and unexpected forced experts to reassess Mali's democratic institutions and the neoliberal economic reforms enacted in conjunction with the move toward democracy Rosa De Jorio's detailed study of cultural heritage and its transformations provides a key to understanding the impasse that confronts Malian democracy As she shows postcolonial Mali privileged its cultural heritage to display itself on the regional and international scene The neoliberal reforms both intensified and altered this trend Profiling heritage sites ranging from statues of colonial leaders to women's museums to historic Timbuktu De Jorio portrays how various actors have deployed and contested notions of heritage These actors include not just Malian administrators and politicians but UNESCO and non-state NGOs She also delves into the intricacies of heritage politics from the perspective of Malian actors and groups as producers and receivers but always highly informed and critically engaged of international national and local cultural initiatives

Religion, Media, and Marginality in Modern Africa Felicitas Becker, Joel Cabrita, Marie Rodet, 2018-02-02 In recent years anthropologists historians and others have been drawn to study the profuse and creative usages of digital media by religious movements At the same time scholars of Christian Africa have long been concerned with the history of textual culture the politics of Bible translation and the status of the vernacular in Christianity Students of Islam in Africa have similarly examined politics of knowledge the transmission of learning in written form and the influence of new media Until now however these arenas Christianity and Islam digital media and old media have been studied separately Religion Media and Marginality in Modern Africa is one of the first volumes to put new media and old media into significant conversation with one another and also offers a rare comparison between Christianity and Islam in Africa The contributors find many previously unacknowledged correspondences among different media and between the two faiths In

the process they challenge the technological determinism the notion that certain types of media generate particular forms of religious expression that haunts many studies In evaluating how media usage and religious commitment intersect in the social cultural and political landscapes of modern Africa this collection will contribute to the development of new paradigms for media and religious studies Contributors Heike Behrend Andre Chappatte Maria Frahm Arp David Gordon Liz Gunner Bruce S Hall Sean Hanretta Jorg Haustein Katrien Pype and Asonzeh Ukah Religiosity on University Campuses in Africa Abdoulaye Sounaye,Frédérick Madore,2023 This volume examines religiosity on university campuses in Sub Saharan Africa Focusing on both individuals and organized groups the contributions open a window onto how religion becomes a factor affects social interactions is experienced and mobilized by various actors It brings together case studies from various disciplinary backgrounds anthropology sociology history religious studies literature and theoretical orientations to illustrate the significance of religiosity in recent developments on university campuses It pays a particular attention to religion informed activism and contributes a fresh analysis of processes that are shaping both the experience of being student and the university campus as a moral space Last but not least it sheds light onto the ways in which the campus becomes a site of a reformulation of both religiosity and sociality **The Oxford Handbook of Islam and Politics** John L. aussi paradoxalement accélérer la diffusion de l'islam Islamic Education in Africa Robert Launay, 2016-10-03 Writing boards and blackboards are emblematic of two radically different styles of education in Islam The essays in this lively volume address various aspects of the expanding and evolving range of educational choices available to Muslims in sub Saharan Africa Contributors from the United States Europe and Africa evaluate classical Islamic education in Africa from colonial times to the present including changes in pedagogical methods from sitting to standing from individual to collective learning from recitation to analysis Also discussed are the differences between British French Belgian and Portuguese education in Africa and between mission schools and Qur'anic schools changes to the classical Islamic curriculum the changing intent of Islamic education the modernization of pedagogical styles and tools hybrid forms of religious and secular education the inclusion of women in Qur'anic schools and the changing notion of what it means to be an educated person in Africa A new view of the role of Islamic education especially its politics and controversies in today's age of terrorism emerges from this broadly comparative volume *POLITIQUE AFRICAINE N-116 : Gouverner la mer. Etats, pirates, sociétés* Collectif, 2010-01-01 Dossier coordonné par Marie Christine CORMIER SALEM et Tarik DAHOU avec les contributions de Stefan EKL F AMIRELL Brenda CHALFIN Roland MARCHAL Zekeria OULD AHMED SALEM Victoria VEGUILLA La multiplication des actes de piraterie au large de la Somalie ou du Nigeria suscite une attention grandissante des grandes puissances De nouveaux dispositifs internationaux de gouvernement maritime se mettent en place leur initiative Face ces évolutions comment les Etats africains exercent ils leur souveraineté sur les zones maritimes Quels rapports cette gouvernance maritime entretient elle avec l'évolution des Etats et des sociétés Pour répondre ces questions ce dossier analyse l'expansion du gouvernement de la mer plusieurs échelles et sous divers angles les accords de pêche internationaux et les rapports entre Etats et pêcheries l'économie politique des espaces portuaires le problème de la piraterie et son traitement global Il avance l'hypothèse que derrière la multiplication des conflits sur les espaces marins se jouent des processus de pouvoir indits qui redéfinissent non seulement les rapports entre public et privé mais aussi entre frontières spatiales et représentations de la souveraineté *Le Djihad de la vache.* Giovanni Zanoletti, 2023-11-23 Fort de son travail de terrain au Mali notamment auprès des résistants vétéranaires l'auteur jette une lumière très originale sur le conflit armé qui déchire le pays et au-delà le Sahel Ce dernier participe d'une crise agraire que mettent en forme les logiques intrinsèques de la religion mais aussi les alliances historiques entre lignages notamment travers l'institution sociale de confiage des troupeaux aux bergers Les lignes historiques du pouvoir de l'inaltérabilité et de la mémoire s'entremêlent avec les enjeux contemporains de la propriété et de l'usage de la terre de l'agriculture et de l'levage industriels de la compétition lectorale de l'environnement régional et international Le djihadisme est le nom immédiat de cette complexité que ne parviennent ni comprendre ni endiguer les catégories communes du débat public et des interventions militaires étrangères Ce faisant l'ouvrage claire d'un jour neuf la société politique malienne en particulier la question touarogue que la revendication sécessionniste de l'Azawad est loin d'épuiser En définitive il montre que

la vache dans son économie politique morale esthétique urbaine autant que rurale est la traduction abrégée de son historicité irrductible aux seules problématiques de l'islam ou de l'ethnicité La violence religieuse au Sahel est d'ordre social et politique

Les représentations hybrides de la mort dans le roman africain francophone Bomaud Hoffmann, 2014-11-01 Cette présente étude s'intéresse aux représentations de la mort dans le roman africain francophone notamment aux symboles aux espaces aux personnages ou encore aux formes de la mort Contrairement d'autres travaux cet ouvrage met en évidence non seulement l'influence de la culture nigro-africaine et occidentale mais aussi celle de la culture islamique De même il s'agit d'une analyse synchronique et diachronique qui se concentre sur le caractère hybride des représentations de la mort et qui prend aussi en considération leur évolution dans le roman africain francophone Dans ce contexte ce travail propose de répondre plusieurs questions D'une part comment les romanciers africains utilisent-ils les représentations de la mort nigro-africaines occidentales et/ou islamiques Comment les réactualisent-ils Les romancières africaines développent-elles des représentations de la mort spécifiques par rapport à leurs collègues masculins D'autre part existe-t-il diverses façons de représenter la mort selon les générations auxquelles appartiennent les auteurs africains Y a-t-il une évolution depuis la première génération de prosateurs ou faut-il au contraire reconnaître des similitudes chez l'ensemble des écrivains africains
