Pioneers of the Computer Age: from Charles Babbage to Steve Jobs Abdul Montaqim, 2012-04-08. This book is intended to provide an introduction to and an overview of the computer industry or the Computer Age as well as the key people who created the computerised world we live in without too many technical details. Extract: The original human computers used tools to help them calculate. The most well known calculating tool from antiquity is the abacus, which was usually made from wood and featured a frame containing sticks along which beads could be moved. It is believed that the abacus was invented some time between 2700-2300 BC in Sumeria and its forerunner was probably a system whereby stones or beads were moved along grooves in the sand or ground or tablets of wood, stone or metal.

Reading The Sopranos David Lavery, 2006-02-24. Bada bing! What drama. The most important work of American popular culture in fifty years is how the New York Times describes The Sopranos. Critically acclaimed, award winning and the most watched show on HBO, the mobster drama swirls around the middle aged Mafioso Tony Soprano, James Gandolfini. Having to negotiate two families both at home and at work, is it any wonder he is suffering an epic midlife crisis involving Prozac and visits to a therapist? The series quickly became compulsory watching when it first screened back in 1999 and has since gone on to become an international hit and subject of intense discussion. Coinciding with the sixth and penultimate series, Reading The Sopranos offers a timely response to one of the most talked about shows on television. This book explores how The Sopranos has rewritten the rules of television drama and changed attitudes about television itself. Contributors present fresh perspectives on psychotherapy and dreams, racism and the Italian American community, Carmela and post feminism. The Sopranos as an HBO brand, racism, the full cast of gangsters, Italianate that people, Sopranos New Jersey and much more. Reading The Sopranos also features a timeline, character list and complete episode guide as well as editor David Lavery's up to date Intertextual Moments and Allusions on The Sopranos.
