Green Criminology An Introduction To The Study Of Environmental Harm:

Green Criminology Rob White, Diane Heckenberg, 2014-02-03 Over the past ten years the study of environmental harm and crimes against nature has become an increasingly popular area of research amongst criminologists This book represents the first international comprehensive and introductory text for green criminology offering a concise exposition of theory and concepts and providing extensive geographical coverage diversity and depth to the many issues pertaining to environmental harm and crime Divided into three sections the book draws on a range of international case studies and examples and looks at the conceptual and methodological foundations of green criminology before examining in detail areas of environmental crime and harm and how they are addressed including climate change and social conflict abuse and harm to animals threats to bio diversity pollution and toxic waste environmental victims environmental regulation law enforcement and courts environmental forensic studies environmental crime prevention Green Criminology is packed with pedagogical features including dialogue boxes case examples discussion questions and lists of further reading and is perfect for students around the world engaged with green criminology and crime against the environment **Green Criminology** Michael J.

Lynch, Michael A. Long, Paul B. Stretesky, Kimberly L. Barrett, 2017-08-22 This groundbreaking text provides students with an overview and assessment of green criminology as well as a call to action Green Criminology draws attention to the ways in which the political economic organization of capitalism causes ecological destruction and disorganization Focusing on real world issues of green crime and environmental justice chapters examine ecological withdrawals ecological additions toxic towns wildlife poaching and trafficking environmental laws and nongovernmental environmental organizations The book also presents an unintimidating introduction to research from the physical sciences on issues such as climate change pollution levels and the ecological footprint of humans providing a truly interdisciplinary foundation for green criminological analysis To help students succeed in the course and to encourage them to see themselves as future green criminology researchers the end of chapter study guides include Questions and Activities for Students that review topics students should be able to conceptualize and address Lessons for Researchers that suggest additional areas of research in the study of green crime

Green Criminology Rob White, Diane Heckenberg, 2014-02-03 Over the past ten years the study of environmental harm and crimes against nature has become an increasingly popular area of research amongst criminologists This book represents the first international comprehensive and introductory text for green criminology offering a concise exposition of theory and concepts and providing extensive geographical coverage diversity and depth to the many issues pertaining to environmental harm and crime Divided into three sections the book draws on a range of international case studies and examples and looks at the conceptual and methodological foundations of green criminology before examining in detail areas of environmental crime and harm and how they are addressed including climate change and social conflict abuse and harm to animals threats to bio diversity pollution and toxic waste environmental victims environmental regulation law enforcement and courts

environmental forensic studies environmental crime prevention Green Criminology is packed with pedagogical features including dialogue boxes case examples discussion questions and lists of further reading and is perfect for students around the world engaged with green criminology and crime against the environment Green Criminology Piers Beirne, 2017-07-05 In little more than a decade Green Criminology has become an established new perspective in the field It embraces an exciting and wide range of topics from controversies about genetic modification through corporate offending against the environment and human communities to animal abuse Green Criminology provides a focal point for longstanding and new areas of research as well as making important interdisciplinary connections Forging a Socio-Legal Approach to Environmental Harms Tiffany Bergin, Emanuela Orlando, 2017-06-14 Environmental harms exert a significant toll and pose substantial economic costs on societies around the world Although such harms have been studied from both legal and social science perspectives these disciplinary specific approaches are not on their own fully able to address the complexity of these environmental challenges Many legal approaches for example are limited by their inattention to the motivations behind environmental offences whereas many social science approaches are hindered by an insufficient grounding in current legislative frameworks This edited collection constitutes a pioneering attempt to overcome these limitations by uniting legal and social science perspectives Together the book's contributors forge an innovative socio legal approach to more effectively respond to and to prevent environmental harms around the world Integrating theoretical and empirical work the book presents carefully selected illustrations of how legal and social science scholarship can be brought together to improve policies The various chapters examine how a socio legal approach can ultimately lead to a more comprehensive understanding of environmental harms as well as to innovative and effective responses to such environmental offences

The Oxford Handbook of Criminology Alison Liebling, Shadd Maruna, Lesley McAra, 2023 With contributions from leading authorities this is the definitive guide to current criminological theory research and policy The Oxford Handbook of Criminology provides a comprehensive collection of chapters covering the core and emerging topics studied on criminology courses indispensable to students academics and professionals alike 43 chapters written by over 85 leading academics exploring relevant theory cutting edge research policy developments and current debates encouraging students to appreciate the diverse and interdisciplinary nature of criminological discourse Includes detailed references to aid further research Chapters updated to reflect recent cases statistics and scholarship as well as significant current events such as Covid 19 and social justice movements New chapters added presenting research on topical issues including victimology hate crime desistance cybercrime atrocity crimes convict criminology security and smart cities prison abolitionism comparative criminology sex offending and network criminology Digital formats and resources The seventh edition is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning

support www.oxfordtextbooks.co.uk/ebooks The accompanying online resources include essay questions and links to useful websites for each chapter along with guidance on answering essay questions and access to chapters from previous editions

Environmental Crime and Social Conflict Avi Brisman, Nigel South, Rob White, 2016-03-09 This impressive collection of original essays explores the relationship between social conflict and the environment a topic that has received little attention within criminology The chapters provide a systematic and comprehensive introduction and overview of conflict situations stemming from human exploitation of environments as well as the impact of social conflicts on the wellbeing and health of specific species and ecosystems Largely informed by green criminology perspectives the chapters in the book are intended to stimulate new understandings of the relationships between humans and nature through critical evaluation of environmental destruction and degradation associated with social conflicts occurring around the world With a goal of creating a typology of environment social conflict relationships useful for green criminological research this study is essential reading for scholars and academics in criminology as well as those interested in crime law and justice *Research*

Handbook on Environmental Crimes and Criminal Enforcement Susan L. Smith, Iina Sahramäki, 2024-07-05 This Research Handbook thoroughly examines the difficult and rapidly expanding problem of national transnational and international environmental crimes including air and water pollution unlawful mining and timber harvesting and transnational trafficking of endangered species It provides an understanding of cutting edge empirical and theoretical research on these crimes and their legal prosecution

Environmental Crime and Restorative Justice Mark Hamilton, 2021-03-01 This book explores the use of restorative justice approaches in the context of environmental crimes It critically assesses regular criminal justice approaches with regard to green crimes and explores restorative justice conferencing as an alternative Focussing on justice approaches in Australia and New Zealand it argues that court processes following environmental offending provide minimal to no offender and victim voice interaction and input rendering them invisible It proposes a third measure of justice that of meaningful involvement beyond that of fair procedure and outcome It suggests the use of restorative justice conferencing a facilitated dialogue between stakeholders to crime or conflict as a vehicle to operationalise and achieve justice as meaningful involvement This book speaks to those interested in green criminology victimology and environmental law *Research*

Handbook of Comparative Criminal Justice Nelken, David, Hamilton, Claire, 2022-09-15 With contributions from leading experts in the field this timely Research Handbook reconsiders the theories assumptions values and methods of comparative criminal justice in light of the challenges and opportunities posed by globalisation deglobalisation and transnationalisation

An Environmental Court in Action Elizabeth Fisher, Brian Preston, 2022-07-28 This book provides a critical assessment of the New South Wales Land and Environmental Court NSWLEC Effective adjudication has become a key consideration for environmental lawyers One of the most important questions is whether environmental law frameworks need their own courts with the conclusion being yes they do Here a pioneer of such a court the NSWLEC is forensically examined to see what it

might teach other such courts Showing a court in action it suggests models that practitioners and policy makers might follow It also speaks to the environmental law scholars setting out a conceptual framework for studying such courts as legal institutions This multi faceted collection is invaluable to scholars and practitioners alike **Timber Trafficking in**

Vietnam Ngoc Anh Cao,2018-02-09 This book is the first systematic investigation into the problem of timber trafficking in Vietnam providing a detailed understanding of the typology of victimization from and key factors driving this crime The book first reveals a multifaceted pattern of timber trafficking in Vietnam comprising five different components harvesting transporting trading supporting and processing It then assesses the crime s victimization from timber trafficking Thanks to the employment of a broad conceptual framework of human security Cao reveals that timber trafficking has substantial harmful impacts on all seven elements of human security economic food health environmental personal community and political whilst being closely interconnected they vary between different groups of victims Cao concludes by offering five solutions to better control of timber trafficking in the context of Vietnam which crucially involve refining the current policy framework of forest governance and improving the efficiency of law enforcement A wide ranging and timely study this book will hold particular appeal for scholars of green criminology and environmental harm **Routledge Handbook of**

International Environmental Law Erika Techera,Jade Lindley,Karen N. Scott,Anastasia Telesetsky,2020-12-29 This book critically explores the legal tools concepts principles and instruments as well as cross cutting issues that comprise the field of international environmental law Commencing with foundational elements progressing on to discrete sub fields then exploring regional cooperative approaches cross cutting issues and finally emerging challenges for international environmental law it features chapters by leading experts in the field of international environmental law drawn from a range of countries in order to put forward a truly global approach to the subject The book is split into five parts The foundations of international environmental law covering the principles of international environmental law standards and voluntary commitments sustainable development issues of public participation and environmental rights and compliance state responsibility liability and dispute settlement The key instruments and governance arrangements across the most critical areas of international environmental law biodiversity wildlife freshwater forestry and soils fisheries marine pollution chemicals and waste air and atmospheric pollution and climate change Crucial developments in seven distinct regions of the world Africa Europe North America Latin America South East Asia the polar regions and small island states Cross cutting issues and multidisciplinary developments drawing from multiple other fields of law and beyond to address human rights and Indigenous rights war and armed conflict trade financing investment criminology technology and energy Contemporary challenges and the emerging international environmental law regimes which address these the changing climate forced migration marine plastic debris and future directions in international environmental law Containing chapters on the most critical developments in environmental law in recent years this comprehensive and authoritative book makes for an essential reference work for

students scholars and practitioners working in the field *Routledge International Handbook of Green Criminology* Nigel South, Avi Brisman, 2020-04-14 The Routledge International Handbook of Green Criminology was the first comprehensive and international anthology dedicated to green criminology It presented green criminology to an international audience described the state of the field offered a description of a range of environmental issues of regional and global importance and argued for continued criminological attention to environmental crimes and harms setting an agenda for further study In the six years since its publication the field has continued to grow and thrive This revised and expanded second edition of the Handbook reflects new methodological orientations new locations of study such as Asia Canada and South America and new responses to environmental harms While a number of the original chapters have been revised the second edition offers a range of fresh chapters covering new and emerging areas of study such as conservation criminology eco feminism environmental victimology fracking migration and eco rights and e waste This handbook continues to define and capture the field of green criminology and is essential reading for students and researchers engaged in green crime and environmental harm **The Palgrave Handbook of Environmental Restorative Justice** Brunilda Pali, Miranda Forsyth, Felicity Tepper, 2022-09-19 This handbook explores the dynamic new field of Environmental Restorative Justice Authors from diverse disciplines discuss how principles and practices of restorative justice can be used to address the threats and harms facing the environment today The book covers a wide variety of subjects from theoretical discussions about how to incorporate the voice of future generations nature and more than human animals and plants in processes of justice and repair through to detailed descriptions of actual practices of Environmental Restorative Justice The case studies explored in the volume are situated in a wide range of countries and in the context of varied forms of environmental harm from small local pollution incidents to endemic ongoing issues such as wildlife poaching to cataclysmic environmental catastrophes resulting in cascades of harm to entire ecosystems Throughout it reveals how the relational and caring character of a restorative ethos can be conducive to finding solutions to problems through sharing stories listening healing and holding people and organisations accountable for prevention and repairing of harm It speaks to scholars in Criminology Sociology Law and Environmental Justice and to practitioners policy makers think tanks and activists interested in the environment Elgar Encyclopedia of Environmental Crime Rob White, 2025-02-12 In the Elgar Encyclopedia of Environmental Crime contributing authors present novel ways to conceptualise environmental harm and describe its contemporary manifestations identifying how to combat these crimes to ensure a sustainable future They provide conceptual insights as well as empirical descriptions investigating crimes of contamination pollution and ecological damage The Routledge Companion to Criminological Theory and Concepts Avi Brisman, Eamonn Carrabine, Nigel South, 2018-07-03 A comprehensive one stop reference text The Routledge Companion to Criminological Theory and Concepts the Companion will find a place on every bookshelf whether it be that of a budding scholar or a seasoned academic Comprising over a hundred concise and authoritative essays written by leading scholars in

the field this volume explains in a clear and inviting way the emergence context evolution and current status of key criminological theories and conceptual themes The Companion is divided into six historical and thematic parts each introduced by the editors and containing a selection of accessible and engaging short essays written specifically for this text Foundations of criminological thought and contemporary revitalizations The emergence and growth of American criminology From appreciation to critique Late critical criminologies and new directions Punishment and security Geographies of crime Comprehensive cross referencing between entries will provide the reader with signposts to later developments to critiques and to associated theoretical developments explored within the book and lists of further reading in every entry will encourage independent thinking and study This book is an essential reference work for criminology students at all levels and is the perfect companion for courses on criminological theory

The Illegal Wildlife Trade Daan P. van Uhm, 2016-11-15 In this book the author examines the illegal wildlife trade from multiple perspectives the historical context the impact on the environment the scope of the problem internationally the sociocultural demand for illegal products the legal efforts to combat it and several case studies from inside the trade The illegal wildlife trade has become a global criminal enterprise following in the footsteps of drugs and weapons Beyond the environmental impact financial profits from the illegal wildlife trade often fund organized crime groups and violent gangs that threaten public safety and security in myriad ways This innovative volume covers several key questions surrounding the wildlife trade why is there a demand for illegal wildlife products which actors are involved in the trade how is the business organized and what are the harmful consequences The author performed ethnographic fieldwork in three key markets Russia Morocco and China and has constructed a detailed picture of how the wildlife trade operates in these areas Conversations with informants directly involved in the illegal business ensure unique insights into this lively black market In the course of his journey the author follows the route of the illegal wildlife trade from poor poaching areas to rich business districts where corrupt officials legally registered companies wildlife farms and sophisticated criminal organizations all have a share A fascinating look inside the world of poachers smugglers and traders

The Routledge Handbook of Criminal Justice Ethics Jonathan Jacobs, Jonathan Jackson, 2016-07-01 The enormous financial cost of criminal justice has motivated increased scrutiny and recognition of the need for constructive change but what of the ethical costs of current practices and policies Moreover if we seriously value the principles of liberal democracy then there is no question that the ethics of criminal justice are everybody's business concerns for the entire society The Routledge Handbook of Criminal Justice Ethics brings together international scholars to explore the most significant ethical issues throughout their many areas of expertise anchoring their discussions in the empirical realities of the issues faced rather than applying moral theory at a distance Contributions from philosophers legal scholars criminologists and psychologists bring a fresh and interdisciplinary approach to the field The Handbook is divided into three parts Part I addresses the core issues concerning criminal sanction the moral and political aspects of the justification of punishment and the relationship between

law and morality Part II examines criminalization and criminal liability and the assumptions and attitudes shaping those aspects of contemporary criminal justice Part III evaluates current policies and practices of criminal procedure exploring the roles of police prosecutors judges and juries and suggesting directions for revising how criminal justice is achieved Throughout scholars seek pathways for change and suggest new solutions to address the central concerns of criminal justice ethics This book is an ideal resource for upper undergraduate and postgraduate students taking courses in criminal justice ethics criminology and criminal justice theory and also for students of philosophy interested in punishment law and society and law and ethics

Corporate Criminal Liability in Environmental Jurisprudence Indrajit Dube, Mia Mahmudur Rahim, 2025-09-08 Environmental jurisprudence is a dynamic field that integrates insights from various disciplines including basic sciences earth science economics and law At its core this discipline emphasizes the importance of enforcing rights as environmental pollution poses significant threats to individuals and society as a whole The repercussions of pollution are not confined to the immediate vicinity they can reverberate across vast regions and impact countless future generations Addressing pollution as a wrong or crime demands a nuanced understanding of the law making the study of environmental jurisprudence essential This book explores corporate polluter liability within the framework of environmental jurisprudence While protective measures for the environment have been embedded in various statutes since the early 20th century the notion of environmental jurisprudence has only recently come to the forefront of legal discourse This field is crucial for safeguarding the natural and legal rights of individuals communities and the state With a comprehensive approach that encompasses both national and international dimensions this book critically engages with the foundational concepts of environmental jurisprudence exposing the rampant environmental violations perpetrated by corporations and outlining how these entities can be held accountable within regulatory frameworks Furthermore it provides a thorough analysis of essential international instruments aimed at combatting corporate induced environmental degradation offering recommendations to elevate corporate criminal liability within the realm of environmental jurisprudence scholarship Highlighting the urgent need for accountability but also inspiring action toward a sustainable future this book will interest legal scholars researching on criminal liability and environmental law

Green Criminology An Introduction To The Study Of Environmental Harm Introduction

In today's digital age, the availability of Green Criminology An Introduction To The Study Of Environmental Harm books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Green Criminology An Introduction To The Study Of Environmental Harm books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Green Criminology An Introduction To The Study Of Environmental Harm books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Green Criminology An Introduction To The Study Of Environmental Harm versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Green Criminology An Introduction To The Study Of Environmental Harm books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Green Criminology An Introduction To The Study Of Environmental Harm books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for

literature enthusiasts. Another popular platform for Green Criminology An Introduction To The Study Of Environmental Harm books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Green Criminology An Introduction To The Study Of Environmental Harm books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Green Criminology An Introduction To The Study Of Environmental Harm books and manuals for download and embark on your journey of knowledge?

FAQs About Green Criminology An Introduction To The Study Of Environmental Harm Books

What is a Green Criminology An Introduction To The Study Of Environmental Harm PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Green Criminology An Introduction To The Study Of Environmental Harm PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Green Criminology An Introduction To The Study Of Environmental Harm PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Green Criminology An**

Introduction To The Study Of Environmental Harm PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Green Criminology An Introduction To The Study Of Environmental Harm PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
