Gerard Noel shows this is unjust and based on false confessions and historical myth What s more Alexander created the blueprint for reform the first of its kind that would eventually lead to the Counter Reformation In his survey of the colourful reigns of the seventeen Renaissance Popes and his examination of the great Borgia myth Noel brings to light the true legacy political artistic religious of an extraordinary time The Story of the Borgias John Fyvie,1912 The Living Age ,1875

The Borgias Paul Strathern,2019-08-06 The Borgia family have become a byword for evil Corruption incest ruthless megalomania avarice and vicious cruelty all have been associated with their name And yet paradoxically this family lived when the Renaissance was coming into its full flowering in Italy Examples of infamy flourished alongside some of the finest art produced in western history This is but one of several paradoxes associated with the Borgia family For the family which produced corrupt popes depraved princes and poisoners would also produce a saint Previously history has tended to condemn or attempt in part to exonerate this remarkable family Yet in order to understand the Borgias the Borgias must be related to their time together with the world which enabled them to flourish Within this context the Renaissance itself takes on a very different aspect Was the corruption part of the creation or vice versa Would one have been possible without the other The powerful forces which first played out in the amphitheaters of ancient Greece hubris incest murder rivalries and doomed families treacheries of political power twists of fate they are all here Along with the final tragic downfall All these elements are played out in full in the glorious and infamous history of the Borgia family **Genevra Sforza and the Bentivoglio** Elizabeth Bernhardt,2025-10-01 Genevra Sforza ca 1441 1507 lived her long life near the apex of Italian Renaissance society as wife of two successive de facto rulers of Bologna Sante Bentivoglio then Giovanni II Bentivoglio Placed there twice without a dowry by Duke Francesco Sforza as part of a larger Milanese plan Genevra served the Bentivoglio by fulfilling the gendered role demanded of her by society most notably by contributing eighteen children accepting many illegitimates born to Giovanni II and helping arrange their futures for the success of the family at large Based on contemporary archival research conducted across Italy this biography presents Genevra as the object of academic study for the first time The book also explores how Genevra s life story filled with a multitude of successes appropriate for an elite fifteenth century female has been transformed into a farraginous body of misogynistic legends claiming she destroyed the Bentivoglio and the city of Bologna
