### **Like A Bird In A Cage Like A Bird In A Cage:**

Early American Proverbs and Proverbial Phrases Bartlett Jere Whiting, 1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor s Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting s authority a proverb or proverbial phrase is what BJW thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what s the real thing and what is spurious

**The Case for Shakespeare's Authorship of The Famous Victories, with the Complete Text of the Anonymous Play** Seymour M. Pitcher, 1961-06-30 In the opinion of the author the anonymous sixteenth century playscript entitled The Famous Victories of Henry the Fifth is actually one of the first efforts by the young but spirited dramatist William Shakespeare Produced about 1586 when the still unknown playwright actor was 22 years old the play in question is neither poetic nor highly distinguished But Professor Pitcher an ardent Shakespearean scholar here presents an interesting and ingenious argument for his belief that the unknown playwright was the Bard himself The object of much critical disparagement and scholarly dispute The Famous Victories covers approximately the same span of events as that in the playwright s famous trilogy immortalizing Henry of Monmouth In its own time it was considered exciting What a glorious thing it is wrote Thomas Nash in 1592 to have Henry the Fifth represented on the stage leading the French king prisoner and forcing him and the dolphin to swear fealty Dr Pitcher believes that Heming and Condell omitted The Famous Victories from their First Folio in 1623 because they felt it was not worthy of a place with the later highly professional plays of Shakespeare none of which contains such inexperienced writing If Dr Pitcher s line of reasoning is correct his conclusion is of great value in dissipating some of the mystery surrounding Shakespeare s early years For despite the play s slapstick and buffoonery it shows that its 22 year old author was no mere holder of horses at theatre doors but was already well read enough among rusty brass and wormeaten books to piece together his story of The Famous Victories from the chronicles of Edward Hall Raphael Holinshed and John Stow Certain to arouse violent discussion among Shakespearean scholars Dr Pitcher s book is the considered product of many years of thought and study The text of the Elizabethan play concerned will in itself be of

interest to students of the drama and the possibility that Shakespeare himself penned its lines will lend an excitement to the reading of the scenes The famous Grafton portrait of a youth believed to be the young Shakespeare appears as frontispiece

**Metaphors of Confinement** Monika Fludernik, 2019-08-13 Metaphors of Confinement The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

**Franz Kafka** Stanley Corngold, 2018-03-15 In Stanley Corngold's view the themes and strategies of Kafka's fiction are

generated by a tension between his concern for writing and his growing sense of its arbitrary character Analyzing Kafka's work in light of the necessity of form which is also a merely formal necessity Corngold uncovers the fundamental paradox of Kafka's art and life The first section of the book shows how Kafka's rhetoric may be understood as the daring project of a man compelled to live his life as literature In the central part of the book Corngold reflects on the place of Kafka within the modern tradition discussing such influential precursors of Cervantes Flaubert and Nietzsche whose works display a comparable narrative disruption Kafka's distinctive narrative strategies Corngold points out demand interpretation at the same time they resist it Critics of Kafka he says must be aware that their approaches are guided by the principles that Kafka's fiction identifies dramatizes and rejects     *Forecast* ,1925     Parker's Conversations Richard Green Parker,1850     *The Corner cupboard, by the ed. of 'Enquire within upon everything'.* ,1867     A Journey of Discovery All Around Our House Robert Kemp Philp,1867     **The Modern World Dictionary of the English Language ...** ,1896     **Tombstone** Jane Eppinga,2003 Tombstone sits less than 100 miles from the Mexico border in the middle of the picturesque Arizona desert and also squarely at the heart of America's Old West Silver was discovered nearby in 1878 and with that strike Tombstone was created It soon grew to be a town of over 10 000 of the most infamous outlaws cowboys lawmen prostitutes and varmints the Wild West has ever seen The gunfight at the O K Corral made Wyatt Earp and John Henry Doc Holliday legendary and secured Tombstone's reputation as The Town Too Tough to Die In this volume more than 200 striking images and informative captions tell the stories of the heroes and villains of Tombstone the saloons and brothels they visited the movies they inspired and Boot Hill the well known cemetery where many were buried
