Jeremiah's Scriptures Hindy Najman, Konrad Schmid, 2016-10-05 *Jeremiah's Scriptures* focuses on the composition of the biblical book of Jeremiah and its dynamic afterlife in ancient Jewish traditions. Jeremiah is an interpretive text that grew over centuries by means of extensive redactional activities on the part of its tradents. In addition to the books within the book of Jeremiah, other books associated with Jeremiah or Baruch were also generated. All the aforementioned texts constitute what we call Jeremiah's Scriptures. The papers and responses collected here approach Jeremiah's scriptures from a variety of perspectives in biblical and ancient Jewish sub-fields. One of the authors' goals is to challenge the current fragmentation of the fields of theology, biblical studies, and ancient Judaism. This volume focuses on Jeremiah and his legacy. Divine Presence amid Violence Walter Brueggemann, 2009-02-11 To pursue the matter of revelation in context, I will address an exceedingly difficult text in the Old Testament: Joshua 11. The reason for taking up this text is to deal with the often asked and troublesome question: What shall we do with all the violence and bloody war that is done in the Old Testament in the name of Yahweh? The question reflects a sense that these texts of violence are at least an embarrassment, are morally repulsive, and are theologically problematic in the Bible not because they are violent but because this is violence either in the name of or at the hand of Yahweh. *Hartford Puritanism* Baird Tipson, 2015 Statues of Thomas Hooker and Samuel Stone grace downtown Hartford, Connecticut, but few residents are aware of the distinctive version of Puritanism that these founding ministers of Hartford's First Church carried into the Connecticut wilderness or indeed that the city takes its name from Stone's English birthplace. Shaped by interpretations of the writings of Saint Augustine, largely developed during the ministers' years at Emmanuel College, Cambridge, Hartford's church order diverged in significant ways from its counterpart in the churches of the Massachusetts Bay Colony. Hartford Puritanism argues for a new paradigm of New England Puritanism. Hartford's founding ministers, Baird Tipson shows, both fully embraced and even harshened Calvin's double predestination. Tipson explores the contributions of the lesser-known William Perkins, Alexander Richardson, and John Rogers to Thomas Hooker's thought and practice: the art and content of his preaching as well as his determination to define and impose a

distinctive notion of conversion on his hearers The book draws heavily on Samuel Stone s *The Whole Body of Divinity* a comprehensive exposition of his thought and the first systematic theology written in the American colonies Virtually unknown today *The Whole Body of Divinity* not only provides the indispensable intellectual context for the religious development of early Connecticut but also offers a more comprehensive description of the Puritanism of early New England than any other document

Rooted Leadership John Johnson,2022-06-14 Behind many of the challenges facing us today is a failure of leadership This is not a new problem Yearning for wise guidance and effective authority is a perennial human longing We need leaders who are credible competent and committed But many leaders seem to be caught up even consumed with their own power and agendas Some see the leadership crisis as an intellectual problem believing we lack a clear theory of leadership Others view the breakdown of leadership as a result of increasing deficiency in moral character Most leadership books today revolve around the concepts of motivation inspiration empowerment and teamwork Helpful as these themes might be they miss something more fundamental Leadership needs a theological foundation that will be useful for shaping the undergirding principles and evaluating current leadership theories and practices We need to view leadership from the vantage point of God In *Rooted Leadership* John E Johnson explores how Christian theology provides an overarching leadership framework and applies that theory to leadership practices Spiritual reflection guided by scripture points us to the very center of leadership God and the purpose of leadership that we might display his glory All the best forms of leading take their cues from who God is his purposes and his ways of working with people that he has progressively revealed Building on three decades of research study and experience as a global leader Johnson surveys the landscape of contemporary leadership theory unpacks the assumptions and beliefs that underly current trends and responds by offering a robust approach to leadership founded on the character work and words of God

People are desperate for leaders who are credible: those who possess a moral center and exhibit sound leadership skills. Given our global realities, we need strategic leaders who possess cultural intelligence and theological discernment. The aim of this book is to shape such leaders. Each chapter combines careful research with contributions from leaders around the world. These voices bring much needed insight to leadership issues when translated and applied in different settings, especially the many urban, multi-cultural contexts that exist today. Toward a Common Hope Robert Allan Hill, 2018-11-21. Our churches and our country long for an expression of common hope. Over the last century, venerable voices in affirmation of a common faith and a common ground have been lifted and heard in Boston, such as those of John Dewey and Howard Thurman. The Dean of Marsh Chapel, Robert Allan Hill, has preached on themes related to a common hope since 2006. Hill has lifted the theology of hope of a common hope at the marrow of the gospel. We cherish our forebears who taught about a common faith and preached a common ground. In church and culture today in America, it is the prospect of a lasting, sturdy, shared hope, more purple than either blue or red, for which we hunger. The sermons about a common hope collected here were preached at the Chautauqua Institution in August of 2017.

Fe y Desplazamiento Christopher M. Hays, Milton Acosta, 2022-12-20. Durante décadas la nación de Colombia ha sufrido el flagelo del desplazamiento forzado debido al conflicto armado, lo cual ha dejado más de ocho millones sin hogar y sin tierra. Para responder ante esta crisis, los teólogos de la Fundación Universitaria Seminario Bíblico de Colombia crearon una metodología de investigación acci-n misional a fin de entender el fenómeno del desplazamiento forzado, movilizar las iglesias del país y así fomentar la recuperación holística de las víctimas. Se involucraron docenas de estudiosos y profesionales de cuatro continentes, además de coinvestigadores seleccionados de las mismas comunidades desplazadas. La investigación abarcó los campos de la teología, la economía, la política, la pedagogía, la sociología y, naturalmente, la teología. El fruto de esta colaboración innovadora fue una intervención llamada Fe y Desplazamiento, la cual se ha implementado en docenas de comunidades a lo largo del país. Este libro recopila sus hallazgos y aprendizajes, describiendo el potencial de la metodología de investigación acci-n misional y demostrando el poder de la investigación teológica interdisciplinaria puesta al servicio de la misión de la iglesia local.

The Liturgy of Politics Kaitlyn Schiess, 2020-09-08. A generation of young Christians are weary of the political legacy they've inherited. Could it be that the church's politics are shaped by its habits and practices? Contending that we must recognize the formative power of the political forces around us, Kaitlyn Schiess urges the church to recover historic Christian practices that shape us according to the truth of the gospel. **A Guide to Biblical Commentaries**

Preaching Like the Prophets Robert A. Carlson, 2017-02-08 The Old Testament prophets are a neglected treasury of biblical examples for pastoral preaching Too often the prophets are misunderstood as focusing on future or social justice issues This book shows that the prophets are essentially preachers very good ones whom we must learn from By comparing recent rhetorical analysis of the prophets to some of the best of current preaching literature this book shows that the prophets preached the way that we ought to preach It will help you to hear the prophets the same way that a pastor benefits from listening to a seasoned and exceptionally gifted preacher We can benefit not only from what the prophets say but how they say it By seeing how the prophets grab and keep their listeners how they enhance clarity and relevancy how they make truth come alive and how they persevere in their ministry you too can learn to preach like the prophets
