**Stahn Carsten [VNV], Jens  
Iverson, Rafael Braga da Silva**

## **Limiting Leviathan Hobbes On Law And International Affairs:**

**Limiting Leviathan** Larry May, 2013-09-26 Thomas Hobbes wrote extensively about law was strongly influenced by legal debates and is considered by many to be one of the first legal positivists Larry May presents the first book in English on Hobbes's legal philosophy offering a new interpretation of Hobbes's views about the connections among law politics and morality

**Hobbes on Legal Authority and Political Obligation** Luciano Venezia, 2015-09-01 Hobbes on Legal Authority and Political Obligation develops a new interpretation of Hobbes's theory of political obligation According to the account developed in the book the directives issued by the sovereign as introducing authoritative requirements so that subjects are morally obligated to obey them

**Hobbes and Rawls on European Integration** Jan Niklas Rolf, 2025-08-29 This book offers a contractarian reading of the European integration process that corroborates complements and on occasion contests European integration theory It argues that the social contract theories of Thomas Hobbes and John Rawls provide us with insufficiently exploited clues to the formation and justification of European supranational institutions and redistributive instruments An advanced understanding of the normative foundations of European integration seems to be all the more important in times of multiple crises differentiated integration and even disintegration all accompanied and accelerated by the growth of Euroscepticism and anti European parties

**Political Theology of International Order** William Bain, 2020-04-09 Is contemporary international order truly a secular arrangement Theorists of international relations typically adhere to a narrative that portrays the modern states system as the product of a gradual process of secularization that transcended the religiosity of medieval Christendom William Bain challenges this narrative by arguing that modern theories of international order reflect ideas that originate in medieval theology They are in other words worldly applications of a theological pattern This ground breaking book makes two key contributions to scholarship on international order First it provides a thorough intellectual history of medieval and early modern traditions of thought and the way in which they shape modern thinking about international order It explores the ideas of Augustine Thomas Aquinas William of Ockham Martin Luther and other theologians to rise above the sharp differentiation of medieval and modern that underpins most international thought Uncovering this theological inheritance invites a fundamental reassessment of canonical figures such as Hugo Grotius and Thomas Hobbes and their contribution to theorizing international order Second this book shows how theological ideas continue to shape modern theories of international order by structuring the questions theorists ask as well as the answer they provide It argues that the dominant vocabulary of international order system and society anarchy balance of power and constitutionalism is mediated by the intellectual commitments of nominalist theology It concludes by exploring the implications of thinking in terms of this theological inheritance albeit in a world where God is only one of several possibilities that can be called upon to secure the regularity of order

**War for Peace** Murad Idris, 2018-11-01 Peace is a universal ideal but its political life is a great paradox peace is the opposite of war but it also enables war If peace is the

elimination of war then what does it mean to wage war for the sake of peace What does peace mean when some say that they are committed to it but that their enemies do not value it Why is it that associating peace with other ideals like justice friendship security and law does little to distance peace from war Although political theory has dealt extensively with most major concepts that today define the political it has paid relatively scant critical attention to peace the very concept that is often said to be the major aim and ideal of humanity In *War for Peace* Murad Idris looks at the ways that peace has been treated across the writings of ten thinkers from ancient and modern political thought from Plato to Immanuel Kant and Sayyid Qutb to produce an original and striking account of what peace means and how it works Idris argues that peace is parasitical in that the addition of other ideals into peace such as law security and friendship reduces it to consensus and actually facilitates war it is provincial in that its universalized content reflects particularistic desires and fears constructions of difference and hierarchies within humanity and it is polemical in that its idealization is not only the product of antagonisms but also enables hostility *War for Peace* uncovers the basis of peace's moralities and the political functions of its idealizations historically and into the present This bold and ambitious book confronts readers with the impurity of peace as an ideal and the pressing need to think beyond universal peace

*International Criminal Tribunals* Larry May, Shannon Fyfe, 2017-03-02

In the last two decades there has been a meteoric rise of international criminal tribunals and courts and also a strengthening chorus of critics against them Today it is hard to find strong defenders of international criminal tribunals and courts This book attempts such a defense against an array of critics It offers a nuanced defense accepting many criticisms but arguing that the idea of international criminal tribunals can be defended as providing the fairest way to deal with mass atrocity crimes in a global arena Fairness and moral legitimacy will be at the heart of this defense The authors take up the economic and political arguments that have been powerfully expressed as well as arguments about sovereignty punishment responsibility and evidence but in the end they show that these arguments do not defeat the idea of international criminal courts and tribunals

**Hobbes on Justice** Johan Olsthoorn, 2024-10-31

Thomas Hobbes 1588-1679 is widely regarded as one of the most important political thinkers in the Western tradition Justice is one of the main political concepts today This is the first book length analysis of Hobbes's ideas on justice Hobbes made many startling claims about justice Norms of justice have no place outside the commonwealth the civil law determines what is just and unjust and nothing sovereigns do is unjust to their citizens But what exactly did Hobbes mean by justice And how did he convince his audience that he was speaking about justice when advancing such controversial views and not about something else In *Hobbes on Justice* Olsthoorn traces the place of justice in Hobbes's moral legal political and international thought as developed over time The book reconstructs his idiosyncratic glosses on notions like justice rights injury obligation and law proposes new solutions to some long standing interpretive puzzles and provides in depth discussions of property slavery treason just war and other neglected aspects of Hobbes's thought Olsthoorn shows that Hobbes's theory of justice doubled as a civil theodicy it aimed to morally empower

sovereign rulers by vindicating them from all stains of injustice no matter how horrid their rule Combining analytic philosophy intellectual history and political theory this major new study of Thomas Hobbes will be of wide and cross disciplinary interest to scholars of philosophy law politics and history      Potentia Sandra Leonie Field,2020 We live in an age of growing dissatisfaction with the standard operations of representative democracy The solution according to a long radical democratic tradition is the unmediated power of the people Mass plebiscites and mass protest movements are celebrated as the quintessential expression of popular power and this power promises to transcend ordinary institutional politics But the outcomes of mass political phenomena can be just as disappointing as the ordinary politics they sought to overcome breeding skepticism about democratic politics in all its forms Potentia argues that the very meaning of popular power needs to be rethought It offers a detailed study of the political philosophies of Thomas Hobbes and Benedict de Spinoza focusing on their concept of power as potentia concrete power rather than power as potestas authorized power Specifically the book s argument turns on a new interpretation of potentia as a capacity that is dynamically constituted in a web of actual human relations This means that a group s potentia reflects any hostility or hierarchy present in the relations between its members There is nothing spontaneously egalitarian or good about human collective existence a group s power deserves to be called popular only if it avoids oligarchy and instead durably establishes its members equality Where radical democrats interpret Hobbes sleeping sovereign or Spinoza s multitude as the classic formulations of unmediated popular power Sandra Leonie Field argues that for both Hobbes and Spinoza conscious institutional design is required in order for true popular power to be achieved Between Hobbes commitment to repressing private power and Spinoza s exploration of civic strengthening Field draws on early modern understandings of popular power to provide a new lens for thinking about the risks and promise of democracy      **Contingent Pacifism** Larry May,2015-08-27 In this the first major philosophical study of contingent pacifism Larry May offers a new account of pacifism from within the Just War tradition Written in a non technical style the book features real life examples from contemporary wars and applies a variety of approaches ranging from traditional pacifism and human rights to international law and conscientious objection May considers a variety of thinkers and theories including Hugo Grotius Kant Socrates Seneca on restraint Tertullian on moral purity Erasmus s arguments against just war and Hobbes s conception of public conscience The guiding idea is that the possibility of a just war is conceded but not at the current time or in the foreseeable future due to the nature of contemporary armed conflict and geopolitics wars in the past are also unlikely to have been just wars This volume will interest scholars and upper level students of political philosophy philosophy of law and war studies      Climate Action in a Globalizing World Carl Cassegard,Linda Soneryd,Hakan Thorn,Asa Wettergren,2017-05-18 The existence and urgency of global climate change is a matter of scientific consensus Yet the global politics of climate change have been anything but consensual In this context a wave of global climate activism has emerged in the last decade in response to the perceived failure of the political

negotiations This book provides a unique comparative study of environmental movements in USA Japan Denmark and Sweden analyzing their interaction with the international climate institutions of the United Nations with national governments and with currents in the global climate movement It documents how and why the movement evolved between the Copenhagen Summit of 2009 and the Paris Summit of 2015 altering its strategies and tactics while attracting new actors to the issue area Further it demonstrates how the development of global environmental networks has increased contact between environmental movements in the Global North and those from the Global South resulting in the establishment of climate justice as a political cause and unifying frame for global climate activism     Handbook of the History of the Philosophy of Law and Social Philosophy Gianfrancesco Zanetti,Mortimer Sellers,Stephan Kirste,2023-04-03 This Handbook discusses representative philosophers in the history of the philosophy of law and social philosophy giving clear concise expert definitions and explanations of key personalities and their ideas It provides an essential reference for experts and newcomers alike     **Just Peace After Conflict** Stahn Carsten [VNV],Jens Iverson,Rafael Braga da Silva,2020 As contemporary studies have increasingly viewed just post bellum to the concept of peace or the law of peace so opinions concerning what a just peace could look like have diverged Is it merely an elusive ideal Or is it predominantly procedural justice Is it dependent on concessions and compromise In this volume the third output of a major research project on Jus Post Bellum Carsten Stahn Jens Iverson and Jennifer Easterday bring together a team of experts to explore the issues surrounding a just peace what it is composed of and how it makes itself felt in the modern world concluding that a just peace is not only related to form and

**Political Philosophy and Taxation** Robert F. van Brederode,2022-06-02 This book explores how taxation is related to the role of the state and its relationship with its constituents the concept of private property rights the concepts of societal fairness and justice and the battle between the individual and the collective This book appeals to students and scholars who want to know how philosophers in the past and present think about taxation and how their thinking has developed through cross influencing There exists no comprehensive study providing such an overview This book is a foundational study on the philosophical justification of taxation qualitative aspect and the normative qualifications required of tax law to constitute tax that is just and fair distributive or quantitative aspect The latter includes evaluation of what type of tax is morally correct or acceptable to realize distributive justice This book covers periods from the Enlightenment era until the present The philosophers are grouped together in schools of thought and each chapter except for chapter 1 and chapter 13 are dedicated to a specific philosophical school Moreover this book aims to provide an overview of each school of thinking and the individual philosophers including placing them in the context of their times The book has particular importance as the study of taxation is an underdeveloped area of political and legal philosophy     *Handbook on Ministerial and Political Advisers* Richard Shaw,2023-05-09 Making a significant novel contribution to the burgeoning international literature on the topic this Handbook charts the various methodological theoretical comparative and empirical dimensions of a future research

agenda on ministerial and political advisers      *Imagining World Order* Chenxi Tang, 2018-12-15 No detailed description available for *Imagining World Order*      *Interpreting Hobbes's Political Philosophy* S. A. Lloyd, 2019-02-07 Details the current state of scholarly debate on crucial elements of Hobbesian political philosophy and presents innovative and original arguments      **Rethinking Hobbes and Kant** Chia-Yu Chou, 2016-07-15 Rethinking Hobbes and Kant argues that predominant approaches to the theoretical relationship between Hobbes and Kant have reached conclusions that were predigested in assumptions about the isms which these two writers are propounding Chou shows how these assumptions have inhibited commentators from recognising the affinities between Hobbes's and Kant's political philosophies or if they have prevented them from providing a plausible explanation of those affinities To provide a fresh understanding of the relation between Hobbes and Kant this book examines and compares what they actually wrote about some central conceptions in political theory as it becomes visible once the assumptions out of which they are formed are set aside Chou argues that what matters is that that we reflect upon our own assumptions and that we have at least some conscious awareness that the assumptions of our day were not held all the time and everywhere and that we do not reify them into crude models which distort the thought of the past and the present in equal measure This book therefore seeks to bring into the arena of conscious thought assumptions which are deeply rooted in many modern minds and which work to distort many current studies of the relationship between Hobbes and Kant's political philosophies with negative consequences for the understanding of Hobbes of Kant and of politics itself Providing a fresh understanding of the relation between Hobbes and Kant this book will be of great use for graduates and scholars of Political Theory Philosophy and Political Sociology

Reason of State Thomas Poole, 2015-07-20 This historically embedded treatment of theoretical debates about prerogative and reason of state spans over four centuries of constitutional development Commencing with the English Civil War and the constitutional theories of Hobbes and the Republicans it moves through eighteenth century arguments over jealousy of trade and commercial reason of state to early imperial concerns and the nineteenth century debate on the legislative empire to martial law and twentieth century articulations of the state at the end of empire It concludes with reflections on the contemporary post imperial security state The book synthesises a wealth of theoretical and empirical literature that allows a link to be made between the development of constitutional ideas and global realpolitik It exposes the relationship between internal and external pressures and designs in the making of the modern constitutional polity and explores the relationship between law politics and economics in a way that remains rare in constitutional scholarship      **Reason of State** Thomas M. Poole, 2015-07-20 An original work on the important idea of reason of state and British and imperial history and constitutional theory      Philosophical Foundations of Constitutional Law David Dyzenhaus, Malcolm Thorburn, 2016 Constitutional law has been and remains an area of intense philosophical interest and yet the debate has taken place in a variety of different fields with very little to connect them In a collection of essays bringing together scholars from several constitutional systems and

disciplines Philosophical Foundations of Constitutional Law unites the debate in a study of the philosophical issues at the very foundations of the idea of a constitution why one might be necessary what problems it must address what problems constitutions usually address and some of the issues raised by the administration of a constitutional regime Although these issues of institutional design are of abiding importance many of them have taken on new significance in the last few years as law makers have been forced to return to first principles in order to justify novel practices and arrangements in their constitutional orders Thus questions of constitutional revolutions challenges to the demands of the rule of law and the separation of powers have taken on new and pressing importance The essays in this volume address these questions filling the gap in the philosophical analysis of constitutional law The volume will provoke specialists in philosophy politics and law to develop new philosophically grounded analyses of constitutional law and will be a valuable resource for graduate students in law politics and philosophy

## **Limiting Leviathan Hobbes On Law And International Affairs** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. ### **Limiting Leviathan Hobbes On Law And International Affairs Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Limiting Leviathan Hobbes On Law And International Affairs free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Limiting Leviathan Hobbes On Law And International Affairs free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By

specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Limiting Leviathan Hobbes On Law And International Affairs free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Limiting Leviathan Hobbes On Law And International Affairs. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Limiting Leviathan Hobbes On Law And International Affairs any PDF files. With these platforms, the world of PDF downloads is just a click away.

### FAQs About Limiting Leviathan Hobbes On Law And International Affairs Books

1. Where can I buy Limiting Leviathan Hobbes On Law And International Affairs books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
