election of James Buchanan and it is true We believed him to be an honest man and that he *he* in italics for emphasis would be President if elected We were however mistaken for he is the willing tool of the slavery propagandists who have put a collar around his neck and will not even permit him to bark unless in their presence He finished his introduction by stating We are responsible for all articles that appear in The Rail Splitter and as this promises to be a warm and exciting campaign in which there will be a great deal of crimination and recrimination if we should incur the displeasure of any of the Democracy the term Democracy was often used at the time to refer the Democratic Party and its rule for telling the truth and they should feel aggrieved they can call at our office at 66 Randolph Street up stairs where we will be most happy to give them any satisfaction they may desire We will not however take back any statement we make of the truth of which we are satisfied Election 1864 The election of 1864 was disrupted by the Civil War Electoral votes were not counted from states in rebellion Tennessee and Louisiana under Union control chose Electoral College electors however Congress did not count their votes The Democrats in non rebellion states were divided between Peace Democrats and War Democrats The Republican Party in a move to appeal to Northern Democrats in favor of the war changed its name to the National Union Party for the 1864 election Lincoln was the Republican National Union Party nominee Union Major General George B McClellan was the Democratic Party nominee McClellan ran as a peace candidate McClellan was still a U S Army general on active duty during the campaign He did not resign his commission until Election Day McClellan campaigned on continuing the war and restoring the Union He was not seeking the abolition of slavery The former position differed from the Democratic Party platform which called for an immediate end to the war and negotiated settlement with the Confederacy The Democratic platform included the statement Resolved That this Convention does explicitly declare as the sense of the American people that after four years of failure to restore the Union by the experiment of war during which under the pretense of military necessity or war power higher than the Constitution the Constitution itself has been disregarded in every part and public liberty and private right alike trodden down and the material prosperity of the country essentially impaired justice humanity liberty and the public welfare demand that immediate efforts be made for a cessation of hostilities with a view to the ultimate Convention of all the States or other peaceable means to the end that at the earliest practicable moment peace may be restored on the basis of the Federal Union of the States Lincoln had strong doubt that he would be re elected President The last President to be re elected was Andrew Jackson in 1832 Military victories during the fall of 1864 boosted President Lincoln s popularity On Election Day November 8 1864 only 4 percent of the votes casted were by servicemen Each state decided how they would handle voting by members of the military Only seven states California Kansas Kentucky Maine Michigan Rhode Island and Wisconsin allowed servicemen to vote Many servicemen would have been happy to see the election end the war However it is believed that most thought that ending the war would mean that their sacrifices would have been in vain Many soldiers wrote to family members urging them to vote for Lincoln Election Day results saw Lincoln
