## **Liquidation R Gimes Matrimoniaux 2016 2017:**

**The EU Regulations on the Property Regimes of International Couples** Ilaria Viarengo, Pietro Franzina, 2020-06-26  
This article by article Commentary on EU Regulations 2016 1103 and 2016 1104 critically examines the uniform rules adopted by the EU to deal with the property relations of international couples both married and in registered partnerships. Written by experts from a variety of European countries it offers a comprehensive side by side discussion of the two Regulations to provide context and a deeper understanding of the issues of jurisdiction applicable law and recognition of judgements covered. **Research Handbook on Family Property and the Law** Margaret Briggs, Andy Hayward, 2024-06-05 This pivotal Research Handbook analyses the interconnectedness of family property and the law through historical contemporary comparative and jurisdiction specific lenses. Authors analyse some of the most well known contested and politicised legal developments in the field of family property law. [Cross-border couples property regimes in action before courts. Understanding the eu regulations 1103 and 1104/2016 in practice](#) María José Cazorla González, Lucia Ruggeri, 2022 This book has the prime purpose of analysing practice through European and national case law from the entry into force of the Twin Regulations adding hypothetical cases in some of the countries participating in enhanced cooperation that do not yet provide for the direct application of the Regulations and resolving them by basing judgments on private international law. The European family today is diverse and proof of this is the different models and their evolution in recent decades with family relationships being based not only on those constituted by marriage but also on those formed by couples living together in a stable manner. **Le droit européen des relations patrimoniales de couple** Andrea Bonomi, Patrick Wautelet, 2021-05-06 La mobilité croissante des couples et des familles et l'internationalisation des patrimoines sont des phénomènes auxquels les praticiens du droit patrimonial de la famille sont de plus en plus souvent confrontés. Qu'il s'agisse de conseiller des futurs poux ou partenaires l'aube d'une union d'accompagner des couples qui s'interrogent sur les conséquences d'un déménagement sur leurs relations patrimoniales ou de procéder à la liquidation d'un patrimoine commun en cas de dissolution du couple il est nécessaire d'identifier la loi applicable aux relations patrimoniales au sein des couples. Bien souvent le praticien sera aussi amené à interroger sur la validité d'un contrat conclu par les poux ou partenaires étrangers. En cas de litige il sera également nécessaire de déterminer la juridiction compétente voire de s'interroger sur les effets d'une décision étrangère. Ces questions sont rendues plus complexes par le temps long dans lequel s'inscrivent la plupart des relations de couple. Pour offrir une réponse ces questions le législateur européen a adopté en 2016 deux règlements le premier vise les régimes matrimoniaux de couples mariés le second les relations patrimoniales entre partenaires. Cet ouvrage a comme ambition d'offrir une analyse détaillée des dispositions de ces deux règlements. L'analyse richement illustrée par des exemples qui puisent dans le droit comparé aborde les textes tant sous l'angle théorique que pratique. Fruit du travail d'une équipe internationale elle offre une lecture réellement européenne des textes. Le commentaire est particulièrement attentif aux

interactions entre les deux règlements analysés et les autres textes qui donnent forme au droit international privé européen et singulièrement le règlement successions. Les auteurs ont également tenu compte de l'apport de la Cour de justice au droit international privé européen. L'ouvrage constitue un guide précieux pour clarifier tous les praticiens : avocats, notaires, magistrats, juristes au service de banques, de fiduciaires, de family offices ou de conseils en gestion patrimoniale. Il pourra aussi être utile aux étudiants, chercheurs et universitaires qui s'intéressent au droit international privé et au droit des relations patrimoniales familiales.

**Marital Agreements and Private Autonomy in Comparative Perspective** Jens M Scherpe, 2012-02-24. This book deals with a subject that has recently been the focus of debate and law reform in many jurisdictions: how much scope should spouses have to conclude agreements concerning their financial affairs and under what circumstances should such agreements be binding and enforceable. These marital agreements include pre-nuptial, post-nuptial and separation agreements. The book is the result of a British Academy funded research project which investigated and compared the relevant law of England and Wales, Australia, Austria, Belgium, France, Germany, Ireland, the Netherlands, New Zealand, Scotland, Singapore, Spain, Sweden and the jurisdictions of the United States. In addition to chapters on these jurisdictions, the book includes a chapter on the English practitioner's view. It also provides a comparative analysis of the different matrimonial property regimes and the rules on marital agreements that explores underlying themes and principles and makes recommendations for regulating marital agreements. A key theme is the function and effect of marital agreements in the different jurisdictions. Thus each chapter first explains the underlying default rules for ancillary relief, matrimonial property and maintenance. It then analyses the current rules for marital agreements and gives a brief account of the private international law rules. The book provides a comprehensive source of reference on ancillary relief, matrimonial property and maintenance and the rules on pre-nuptial, post-nuptial and separation agreements in 14 jurisdictions. It offers guidance for academics and practitioners dealing with international matters and a basis for discussions on law reform. I applaud the vision and perseverance of Jens Scherpe in having conceived this book and with so much distinguished help in now bringing it to birth. I will be using it for many years and I warmly invite my fellow family lawyers across the world to do likewise. Foreword by The Rt Hon Lord Wilson of Culworth, Justice of the Supreme Court of the United Kingdom. This title is included in Bloomsbury Professional's Family Law online service.
