

Tracing a word throughout the play Act V.

Directions for the journal entries

Every time the word is used, create a journal entry

1. Write out the passage that contains your word and give the act, scene and line numbers. Record enough of the passage to make its meaning clear; avoid cutting off in mid thought. Identify the speaker.
2. Clarify the meaning of the passage by paraphrasing it & put it into your own words. Briefly explain what is happening in the play at the time the words are spoken.
3. Draw conclusions about how the word is used. For example, compare the passage to one you recorded earlier by explaining how the meaning of the word is affected by the character that uses it and the situation in which it is used.
4. At the end of the play, use your journal to draw final conclusions about your word. What characters use the word most often? How does the denotation and connotation of the word change from character to character, situation to situation? Is there an unusual use of the word? How does this word affect & impact the play as a whole? How does your word become a motif that builds and creates a theme?
