## **User's Guide**

**Version 5.0.1**

**August 2009**

MacCaption does the entire captioning and subtitling processes, from text entry, positioning and time coding to encoding DV, NLE, MPEG-2, HD and video reading on the hard drive without using a closed caption encoder.

This manual covers all features of all versions of MacCaption. Please check the feature comparison chart for the features available in the version you are licensed to use. You can always upgrade your software to a higher version, in most cases, by paying the difference in the price of the software you are licensed to and the price of the software you like to upgrade to.
