Dante Germino

Machiavelli To Marx Modern Western Political Thought:

Machiavelli to Marx Dante L. Germino, 1979 Germino examines the scholars of this period whose works he feels have made significant new approaches to the critical understanding of our world and consequently to the problems of our time He discusses utilitarianism liberalism scientism and messianic nationalism Back cover

Machiavelli to Marx Dante Germino, 1979-04-15 Germino examines the scholars of this period whose works he feels have made significant new approaches to the critical understanding of our world and consequently to the problems of our time He discusses utilitarianism liberalism scientism and messianic nationalism Back cover

Modern Western Political Thought Dante L. Germino, 1972

Political Thought From Machiavelli to Stalin E. A. Rees, 2004-03-12 This is the first book in English to explore the relationship between Stalin's ideas and methods and the practices advocated by Machiavelli and those associated with Machiavellian politics It advances the concept of revolutionary Machiavellism as a way of understanding a particular strand of revolutionary thought from the Jacobins through to Leninism and Stalinism By providing a wide ranging survey of European political thought in the Nineteenth and early Twentieth century E A Rees locates the Bolshevik tradition within the wider European tradition

Western Political Thought Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability

Political Theory and Political Thought N. D. Arora, S. S. Awasthy, 2007

Reconstructing the Classics Edward Bryan Portis, 2007-06-07 To truly understand the substance and value of any great philosopher's work students must examine political theory against the backdrop of history the surrounding literature and the individual theorist's views on human nature and rational motivation In this third edition of his classic text Edward Portis provides students with the framework they need to fully appreciate the original texts they are reading and apply the concepts they are learning Fully updated since the previous edition almost a decade ago Portis expands his coverage to include a complete chapter on Max Weber Further Portis strengthens his lucid introductions to the greatest theorists of Western political thought proving them indispensable guides for both the politically engaged citizen and the practicing social scientist He also provides suggestions updated for this edition for further reading in political theory

Machiavelli and the Politics of Democratic Innovation Christopher Holman, 2018-08-08 Presenting a detailed reinterpretation and reconstruction of the political thought of Niccol Machiavelli Machiavelli and the Politics of Democratic Innovation uses original readings of Machiavelli's texts to develop a new theoretical model of democratic practice The book critically and creatively juxtaposes certain concepts drawn from Machiavelli's work in order to produce new political insights Christopher Holman identifies two unique ideas in Machiavelli through his rearrangement of Machiavellian concepts The first drawn primarily from *The Prince* is an image of the individual human being as a creative subject that seeks the exteriorization of desire via political creation The second drawn primarily

from The Discourses on Livy is an image of the democratic republic as a form of regime in which this desire for creative self expression is universalized all citizens being able to affirm their psychic orientation toward innovation through their equal access to political institutions and orders Such institutions and orders to the extent that they function as media for the expression of a fundamental human creativity must be arranged so that they are capable of continual interrogation and refinement In the final instance a new ethical ground for the normative defense of democratic life is constructed one grounded in the orientation of individual beings toward novelty and innovation Oakeshott on History Luke

O'Sullivan,2015-10-15 This book challenges the common view that Michael Oakeshott was mainly important as a political philosopher by offering the first comprehensive study of his ideas on history It argues that Oakeshott s writings on the philosophy of history mark him out as the most successful of the philosophers who attempted to establish historical study as an autonomous form of thought during the twentieth century It also contends that his work on the history of political thought is best seen in the context of debates over the origins of the liberal state For the first time extensive use has been made of unpublished material in the collection of Oakeshott s papers at the LSE resulting in an intellectual biography that should be of interest both to first time students and those already familiar with his published works **Democracy as the Political**

Empowerment of the Citizen Majid Behrouzi,2006-01-01 This book along with its companion volume Democracy as the Political Empowerment of the People relates the democratic potential of the latest electronic technologies to the idea of direct participatory democracy Having clarified the original meaning of the idea of democracy this volume proceeds to develop a new theory of democracy Direct Deliberative e Democracy **Classical and Protestant Liberalism** Daniel

Dei,2021-05-25 Classical and Protestant Liberalism Similarities and Differences compares classical liberalism with Protestant liberalism The book discusses similarities and differences between the philosophical propositions of these two liberal strands The central argument is that Protestant liberalism has incorporated some key elements of classical liberalism to redefine essential elements of the Christian faith to appeal to the contemporary individual s sense Protestant liberal version of Christianity sharply deviates from conventional Christianity Classical liberal notions of natural rights social contract individualism pluralism secularization and utilitarian perspective on ethics sustain this version of Christianity Protestant liberals present essential aspects of Christianity to contemporary individuals through these classical liberal existential views Protestant liberal views on the immanence of God anthropocentrism Jesus as an ethical example evolutionary view of the Bible philosophical optimism salvation the church as an instrument of social progress the kingdom of God religious authority continuity modernism and reduction of Christianity to its unchanging essence reveal classical liberal influences **The**

Routledge Handbook of Soft Power Naren Chitty,Lilian Ji,Gary D Rawnsley,2023-07-07 The Routledge Handbook of Soft Power 2nd Edition offers a comprehensive detailed and ground breaking examination of soft power a key factor in cultural diplomacy cultural relations and public diplomacy Interrogating soft power as influence the handbook examines

manifestations in media public mind policy and theory in a fraught geopolitical climate one demanding reconceptualization of soft power's role in state and civic society behaviour Part I provides important new conceptualization and critical analysis of soft power from international relations philosophical and other social theoretical perspectives analyses multiple methods of soft power measurement and makes proposals and connects soft power innovatively with other concepts Part II addresses soft power and contemporary issues by examining new technology and soft power intentions soft power and states performance during the global pandemic and soft power and values Part III investigates cases from China France Greece Israel Japan Kazakhstan Poland Russia South Korea Spain Turkey and the United States some in combination This innovative handbook is a definitive resource for inquirers into soft power desiring to familiarize themselves with cutting edge debates and research It will be of interest and value to students researchers and policy makers working in cultural relations international communication international relations public diplomacy and contiguous fields

To Secure These Rights Scott Douglas Gerber, 1996-09 From the opening chapter's bold revision of the character of the American Revolution to the closing chapter's provocative reinterpretation of many of the most famous cases in Supreme Court history this book demonstrates the importance of approaching constitutional interpretation from more than one discipline Indeed Gerber's analysis reveals that the Constitution cannot be properly understood without recourse to history political philosophy and law

The Augustinian Alternative Benjamin J. Wood, 2017-07-15 This book's central claim is that a close reading of Augustine's epistemology can help political theologians develop affirmative accounts of political liberalism This claim is set in a scholarly context that is profoundly hostile to constructive theological readings of liberal culture As a corrective to such antagonism this book suggests that far from being natural opponents Christian communities can work fruitfully with political liberals based on common principles A key component in this argument is the theological reevaluation of the ancient skeptical tradition While the ancient skeptics are habitually treated by scholars as minor characters in the story of Augustine's theological development this volume argues that they played a significant role in shaping both Augustine's theology and the subsequent character of the Augustinian tradition By placing Augustine's reading of the skeptics in dialogue with contemporary culture this book constructs a viable form of liberal Christian politics that is attentive both to his sensitive account of public life and his eschatological vision of the church

Constitutional Law, Religion and Equal Liberty Azin Tadjini, 2019-09-19 During the 20th century many countries embarked on a process of constitutional secularization by which the role of religion gradually became limited Yet by the late 20th century and increasingly following the end of the Cold War this development began to be challenged This book examines the return of religion in constitutions through the concept of constitutional de secularization It places this phenomenon in the context of the constitutional memory of the countries in which it has taken place and critically examines it against the development and standards of constitutionalism as the prevailing constitutional legal and political theory Central to this analysis is the impact of constitutional de secularization on

the regulation of equality in liberty that is both the regulation of constitutional rights and the scope for equality of those who are granted such rights The book argues that equal liberty forms an essential part of constitutionalism as a theory and that constitutionalism therefore entails a continuous development towards expanding it The first and second part of the book presents a conceptual framework for the study of constitutional de secularization The third part presents and analyses three cases of constitutional de secularization in Afghanistan Iran and Iraq The book will be of interest to researchers and policy makers interested in constitutional history and theory and the role of religion in law and its compatibility with human rights

Seeking Real Truths Patricia Vilches, Gerald E. Seaman, 2007 This volume is a multidisciplinary approach to Machiavelli's writings on government his creative works and his legacy It is meant for generalists seeking an introduction to Machiavelli and for specialists who are interested in a wide range of disciplinary views *The Origins of Free Peoples* Jason

Caro, 2011-05-12 **Isms in Politics** Keerthiraj, 2019 The book *Isms in Politics* is the attempt to be an outsider's approach towards political ideologies ruled and still ruling world in different dimensions Even though qualitative analysis seems inevitable while dealing with highly subjective spheres like political ideologies the maximum effort is made to limit the words to explain what it is rather how it should be This book contains nine chapters including Liberalism Socialism Nationalism Fascism Feminism Multiculturalism Conservatism Religious Fundamentalism and End of Ideology Debate *Political Order and the Plural Structure of Society* James W. Skillen, Rockne M. McCarthy, 1991 This excellent volume explores three forms of pluralist theory those based on historical doctrines of custom and tradition Catholic doctrines of natural law and subsidiarity and Calvinist doctrines of sphere sovereignty and creation and compares and evaluates each of these forms of pluralism within the context of American thought **Rise Collectivism Vol 1** William Howard Greenleaf, 2013-02-01 Published in 2003 *Rise Collectivism Vol 1* is a valuable contribution to the field of Political History
