Madame Blavatsky Personal Memoirs Introduction:

Madame Blavatsky, Personal Memoirs Mary K. Neff, 2015-12-01 For those interested in Occultism and its greatest modern exponent this Autobiography of H P Blavatsky brings together all the available events experiences and relevant facts of that vigorous brave mysterious and wonderful life arranged in their proper sequence The task has been somewhat similar to what H P B describes as her method of writing *Isis Unveiled* When I think and watch my thoughts they appear to me as though they were like those little bits of wood of various shapes and colours in the game known as *casse t te* I pick them up one by one and try to make them fit each other first taking one then putting it aside until I find its match and finally there comes out in the end something geometrically correct With an introduction by H P Blavatsky s sister Vera Petrovna de Zhelihovsky One Volume 414 pages

Helena Blavatsky Helena Blavatsky, 2004-04-07 At the age of 17 rejecting nineteenth century materialism Helena Blavatsky 1831 1891 left her native Russia and traveled through India Tibet Egypt Europe and the Americas seeking out the sources of ancient wisdom as a key to spiritual truth In 1875 in New York she co founded the Theosophical Society for the study of occult traditions Many popular ideas of rediscovered ancient wisdom including reincarnation and karma trace their origin to Helena Blavatsky and Theosophy This anthology includes material on her life and travels as well as excerpts from her major works

H. P. Blavatsky and the Secret Doctrine Virginia Hanson, 1988-05-25 An anthology of Blavatsky s contributions to world thought *Posthumous memoirs of H.P. Blavatsky, dictated from the spirit-world, under the supervision of G.W.N. Yost* Elena Petrovna Blavatskaya, 1896

Incidents in the life of Madame Blavatsky, compiled from ... Alfred Percy Sinnett, 1886

From Blavatsky to Krishnamurti: "It is Finished" Al Boag, 2025-09-16 This book highlights some important continuities as well as differences between the teachings of Helena Petrovna Blavatsky 1831 1891 co founder of the Theosophical Society in 1875 and Krishnamurti Jiddu 1895 1986 the Theosophist who was trained to be the World Teacher Until now very little has been written of the importance to Blavatsky of an esoteric eschatology and Christology and their relation to the secret core of her Path of Initiation the practice of an occult breathless meditation Similarly scholarly research has overlooked the evidence that Krishnamurti eviscerated the secret core of Blavatsky s teaching with his own esoteric interpretation of it which exists in his published work as the camouflaged core of his teaching Offering a fresh appraisal this work draws on careful exploration of the primary source material of Blavatsky and Krishnamurti as well as his Theosophical mentors Annie Besant 1847 1933 and Charles Webster Leadbeater 1854 1934 It will be of particular interest to students and scholars of esotericism new religious movements and the history of religions

Divine Feminine Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky's earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture Divine Feminine is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today
