An illustration at the bottom of the cover shows a large, golden sunburst with many thin rays emanating from it, similar to the one at the top. The sunburst is set against a dark, starry night sky. Below the sunburst is a landscape with rolling hills, trees, and a body of water. In the foreground, a white unicorn is running towards the right, with a small figure riding on its back. The overall style is whimsical and fantastical.

A Wind in the Door Madeleine L'Engle, 2007-05 With Meg Murry's help the dragons her six year old brother saw in the vegetable garden play an important part in his struggle between life and death.

Conversations with Madeleine L'Engle Jackie C. Horne, 2018-12-03 *Conversations with Madeleine L'Engle* is the first collection of interviews with the beloved children's book author best known for her 1962 Newbery Award winning novel *A Wrinkle in Time*. However Madeleine L'Engle's accomplishments as a writer spread far beyond children's

literature Beginning her career as a literary novelist for adults L Engle 1918 2007 continued to write fiction for both young and old long after *A Wrinkle in Time* In her sixties she published personal memoirs and devotional texts that explored her relationship with religion At the time of her death L Engle was mourned by fans of her children s books and the larger Christian community L Engle s books as well as her life were often marked by contradictions A consummate storyteller L Engle carefully crafted and performed a public self image via her interviews Weaving through the documentable facts in these interviews are partial lies misdirections and wish fulfillment fantasies But when read against her fictions these truths can help us see L Engle more deeply what she wanted for herself and for her children what she believed about good and evil and what she thought was the right way and the wrong way to be a family than if she had been able to articulate the truth more directly The thirteen interviews collected here reveal an amazing feat of authorial self fashioning as L Engle transformed from novelist to children s author to Christian writer and attempted to craft a public persona that would speak to each of these different audiences in meaningful yet not painfully revealing ways

Reading Madeleine L'Engle Heidi A. Lawrence, 2023-10-20 Using a critical lens derived from ecopsychology and its praxis ecotherapy this book explores the relationships Madeleine L Engle develops for her characters in a selection of the novels from her three *Time* Austin family and *O Keefe* family series as those relationships develop along a human nonhuman kinship continuum This is accomplished through an examination both of pairs of novels from the fantastic and the realistic series and of single novels which stand out as slightly different from the most prominent genre in a given series Thus this examination also shows L Engle s fluid movement along a fantasy reality continuum and demonstrates the integration of the three series with each other Importantly through examining these relationships and this movement along continuums in these novels the project demonstrates how ecopsychology and ecotherapy provide strong and important and as yet virtually unexplored intersections with children s literature

Dimensions of Madeleine L'Engle Suzanne Bray, 2017-01-03 Best known for her Newbery Medal winning novel *A Wrinkle in Time* Madeleine L Engle 1918 2007 had a long and successful writing career Her books enjoyed popular acclaim and she was in constant demand to give speeches write forewords and advise and encourage younger authors Yet her work particularly her adult fiction has been largely ignored by scholars This collection of new essays gives overdue critical attention to L Engle s complete body of work from her familiar young adult fiction to her religious writings poems and short stories

The Hebrew Bible in Contemporary Fiction and Poetry Lena-Sofia Tiemeyer, 2025-03-31 This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and or cultural expectations of modern interpreting communities The chapters written by an international group of scholars explore biblical retellings in a variety of modern languages ranging from Korean and Chinese to Hebrew and

Arabic Most of the contributions deal with retellings of the narrative books Genesis Exodus Judges Ruth 1 2 Samuel Daniel but a few are devoted to prophetic Hosea and poetic Psalms ones Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres Children and YA literature sci fi and fantasy Christian Inspiration fiction and in modern political discourse North and South Korea All the chapters further highlight how literary retellings of the Bible form two way movements They reveal the often subversive quality of literary retellings retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message The Hebrew Bible in Contemporary Fiction and Poetry is suitable for students and scholars of biblical studies working on intertextuality and reception history It is also of interest to those working on comparative literature particularly with regards to the Hebrew Bible in popular culture and literature

Ethics and Children's Literature Claudia Mills,2016-05-13 Exploring the ethical questions posed by in and about children s literature this collection examines the way texts intended for children raise questions of value depict the moral development of their characters and call into attention shared moral presuppositions The essays in Part I look at various past attempts at conveying moral messages to children and interrogate their underlying assumptions What visions of childhood were conveyed by explicit attempts to cultivate specific virtues in children What unstated cultural assumptions were expressed by growing resistance to didacticism How should we prepare children to respond to racism in their books and in their society Part II takes up the ethical orientations of various classic and contemporary texts including prosaic ethics in the Hundred Acre Wood moral discernment in Narnia ethical recognition in the distant worlds traversed by L Engle and virtuous transgression in recent Anglo American children s literature and in the emerging children s literature of 1960s Taiwan Part III s essays engage in ethical criticism of arguably problematic messages about our relationship to nonhuman animals about war and about prejudice The final section considers how we respond to

children's literature with ethically focused essays exploring a range of ways in which child readers and adult authorities react to children's literature. Even as children's literature has evolved in opposition to its origins in didactic Sunday school tracts and moralizing fables, authors, parents, librarians, and scholars remain sensitive to the values conveyed to children through the texts they choose to share with them.
