A groundbreaking contribution to the discipline of philosophy this volume presents a collection of philosophical essays written in indigenous African languages by professional African philosophers with English translations on the facing pages demonstrating the linguistic and conceptual resources of African languages for a distinctly African philosophy Hailing from five different countries and writing in six different languages the seven authors featured include some of the most prominent African philosophers of our time They address a range of topics including the nature of truth different ways of conceiving

time the linguistic status of proverbs how naming practices work gender equality and inequality in traditional society the relationship between language and thought and the extent to which morality is universal or culturally variable

Beyond the Nile Sara E. Cole, 2018-04-17 From about 2000 BCE onward Egypt served as an important nexus for cultural exchange in the eastern Mediterranean importing and exporting not just wares but also new artistic techniques and styles Egyptian Greek and Roman craftsmen imitated one another's work creating cultural and artistic hybrids that transcended a single tradition Yet in spite of the remarkable artistic production that resulted from these interchanges the complex vicissitudes of exchange between Egypt and the Classical world over the course of nearly 2500 years have not been comprehensively explored in a major exhibition or publication in the United States It is precisely this aspect of Egypt's history however that *Beyond the Nile* uncovers Renowned scholars have come together to provide compelling analyses of the constantly evolving dynamics of cultural exchange first between Egyptians and Greeks during the Bronze Age then the Archaic and Classical periods of Greece and finally Ptolemaic Egypt and later when Egypt passed to Roman rule with the defeat of Cleopatra *Beyond the Nile* a milestone publication issued on the occasion of a major international exhibition will become an indispensable contribution to the field With gorgeous photographs of more than two hundred rare objects including frescoes statues obelisks jewelry papyri pottery and coins this volume offers an essential and interdisciplinary approach to the rich world of artistic cross pollination during antiquity
