Mary Barrett,2010-04-09 A Collection of Reflective and Devotional Spiritual Studies What if there was a such a thing as a toolbox that could help us work on our relationship with God and others Would you be interested Our Spiritual journey is a work in progress keeping it maintained and productive requires the right tools for the job Unless we intentionally pick up and apply each tool they cannot be useful Without proper and well used Spiritual tools our relationship are not as fulfilling Tools are essentials the more we know about each tool the better it will work It takes commitment and dedication to using the tools that will make changes in our lives If we are open to using a Christian toolbox we will strengthen our relationship with God The job site of life is hard these tools make doing the work possible this is the fourth book in the Mother In Love Series we invite Jesus onto on the job site of our hearts as we spend time learning the tools of the Christian trade The blueprint we will follow offers us scripture personal stories questions and reflective contemplation If you're ready strap on that tool belt It is time to punch in and get to work Remember tools do not work if we are unwilling to use them

Understanding Religious Experiences J. Harold Ellens,2007-11-30 Today most people feel less interested in religion and more interested in spirituality If you ask what they mean they will tell you that organized religion tends to turn them off but nonetheless they feel a hunger in the heart that they cannot seem to fill They do not mean that they would rather have disorganized religion they mean that institutional religion does not seem to satisfy their spirits and feel there must be something more some better way of experiencing whatever that is for which they are hungry Much new experimentation is going on as a result Some of it is a search for the meaning to fill the soul and satisfy the spirit much of it is a search for meaning on the spiritual level itself Spirituality reaches always toward the question about the meaning of God the meaning of relationships with others the meaning of intimacy and the meaning of soul gratifying insights into truth Here Ellens carefully and sensitively explores the full range of our spiritual natures and the variety of spiritual experiences of which we are capable describing the way our souls and psyches work in our hunger and thirst for meaning He explains in an enlightening and unconventional way why and how every human desires to reflect upon learn and share a heartfelt experience of God and of others Readers will find in this book a description of the meaning of the biblical stories about spiritual experiences in addition to descriptions of the kinds of spiritual experiences that ordinary people are having how they are achieving them and the ways in which they are filling their lives with meaning that goes beyond the horizons of material life The author

paints this picture in such a way as to let us in on what biblically based authentic spirituality and spiritual experience really is and why it may or may not necessarily have anything to do with traditional institutionalized religion He carefully and vividly explains the notion of spirituality as it is illustrated in the Bible and discusses spiritual experiences such as prayer epiphany visions and other experiences He considers whether spirituality is mainly a connection with God with others or with both Readers hoping to get a better sense of what it means to be spiritual will have many of their questions answered in these pages
