Christianity and Private Law Robert Cochran, Jr, Michael Moreland, 2020-11-22 This volume examines the relationship between Christian legal theory and the fields of private law Recent years have seen a resurgence of interest in private law theory and this book contributes to that discussion by drawing on the historical theological and philosophical resources of the Christian tradition The book begins with an introduction from the editors that lays out the understanding of private law and what distinguishes private law topics from other fields of law This section includes two survey chapters on natural law and biblical sources The remaining sections of the book move sequentially through the fields of property contracts and torts Several chapters focus on historical sources and show the ways in which the evolution of legal doctrine in areas of private law has been heavily influenced by Christian thinkers Other chapters draw out more contemporary and public policy related implications for private law While this book is focused on the relationship of Christianity to private law it will be of broad interest to those who might not share that faith perspective In particular legal historians and philosophers of law will find much of interest in the original scholarship in this volume The book will be attractive to teachers of law political science and theology It will be of special interest to the many law faculty in property contracts and torts as it provides a set of often overlooked historical and theoretical perspectives on these fields

The Philosophy of Herman Dooyeweerd D F M Strauss, 2024-10 Herman Dooyeweerd 1894 1977 remains one of the most pivotal figures in Reformed Christian philosophy whose work offers a profound reorientation of how believers engage with the world of thought This book presents a scholarly introduction to Dooyeweerd's Philosophy of the Cosmonomic Idea or The Law Idea a system that challenges the dualisms and reductions of modern and postmodern thought by grounding every aspect of life in the Creator's sovereign law order Dooyeweerd's philosophy stands as a rigorous and uniquely Reformed response to the fragmented nature of contemporary thought He posits that all spheres of human activity be it science politics art or ethics are distinct yet integrally related each governed by its own modal laws within a coherent divinely ordained structure His work calls for a renewed understanding of the antithesis between the Christian and non-Christian worldview insisting that the root of all theoretical thought must be a radical commitment to the Word of God This expanded academic publication by D F M Strauss is an excellent guide for those familiar with Dooyeweerd and his philosophy

T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo-Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in

their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields

The Crisis of Evangelical Christianity Keith C. Sewell,2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The evangelical outlook is much less scriptural than evangelicals generally assume When it comes to appreciating the order of creation our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies As a result we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience The consequences are frequently enervating and corrosive Without disregarding what is important in the past evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism Evangelicals are encouraged to embrace an integral and full orb ed understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty first century

Contours of the Kuyperian Tradition Craig G. Bartholomew,2017-03-21 Abraham Kuyper was a remarkable figure in the modern age pastor theologian politician journalist and educator His writings launched what is known as Dutch neo Calvinism Widely known but little read Kuyper is now receiving the global recognition that his influential thought deserves in this introduction by Craig Bartholomew

Foundations and Practice of Research Andrew Basden,2019-10-11 Many of the issues on which meaningful research is founded are seldom discussed for example the role of everyday experience diversity and coherence of meaning in the world the meaningfulness and wider mandate of research the very nature and validity of theoretical thought and the deep presuppositions of philosophy and how they undermine the success of research Such questions are material to the philosophies that guide research thinking in all fields and since they cannot be satisfactorily addressed in a piecemeal fashion this book employs the radically different philosophy of Herman Dooyeweerd to consider them together Parts I and II discuss these issues theoretically and philosophically while Part III discusses them practically specifically the adventures that researchers across the world have had using Dooyeweerd s philosophy Foundations and Practice of Research assembles a wide range of experiences of using Dooyeweerd s philosophy in research in the fields of mathematics the natural sciences the social sciences design sciences and the humanities Case studies demonstrate how Dooyeweerd s philosophy has been found fruitful in most stages of research and the philosophical discussion backs this up This book challenges researchers to join the adventures including suggestions of potential research that could be carried out as well as questions still left unanswered

Dialogue and Antithesis Yong Joon Choi,2006 This academic monograph is a bold attempt to understand and critically

assess philosopher Herman Dooyeweerd's thoughts and his contribution to the world Philosophy [The Christian Philosophy of Herman Dooyeweerd](#) Pierre Marcel, 2015-11-13 Until now available only in typewritten manuscript Pierre Marcel's two volume analysis of the philosophy of Herman Dooyeweerd has now been made available to the reading public in a magnificent English translation by Colin Wright The first volume provides a detailed analysis of Dooyeweerd's critique of theoretical thought Dooyeweerd analyzed the very basis of thought itself its presuppositions and then also the consequences of those presuppositions The entire range of historical philosophy is taken into account as are all the schools that manifested themselves up until the time of his writing The second volume provides an analysis of Dooyeweerd's positive philosophy based on explicit presuppositions those of Christianity Dooyeweerd analyzes reality in the light of the framework of laws of thought embedded in the mind and in extant reality The result is an audacious synthesis that provides a foundation for justified reason Marcel constructively criticizes both these areas of Dooyeweerd's achievement in the two volumes now presented They will occupy the top shelf of the works dedicated to the analysis and continuation of the great Dutchman's philosophical magnum opus **Climate Crisis and Creation Care** Christine Nellist, 2021-09-28 This volume considers the interconnectedness of all creatures in relation to our planetary boundaries Through our constant consumption of resources we have had a distinctly negative impact on the world around us affecting everything from the weather food availability sea levels and the social fabric of our society This book explores how we arrived at such an unstable world and offers ecological theological and economically sustainable solutions to a global crisis [The World's Constitution](#) Adam K. Webb, 2025-01-02 Global governance is tightening and foreshadows that world state formation will become a live political issue in this century Some observers treat it as inevitable amid the urgency of global issues They foresee a technocratic scaling up of the model of state authority that has prevailed at the national level for over two hundred years Many critics and members of the public around the world look askance at that prospect They rightly fear a moral vacuum of authority disconnected from the world's traditions and a concentration of power that would be damaging to liberty or even dystopian in its upshot Still they often merely aim to stand athwart the scaling up of political institutions rather than actively trying to shape an alternative that can seize the global horizon The World's Constitution Spheres of Liberty in the Future Global Order offers a radically different vision of future world order that could work in a global space while shifting the balance of power from state back to society It draws on older resources in political thought both Western and non Western to upend mainstream notions of statehood and sovereignty that have been taken for granted for too long in the modern era It offers an original sphere pluralist framework that can reconcile liberty tradition and cosmopolitanism As a book rooted in the past but mindful of future constitutional and policy challenges it bridges ideas and real world implications with insights that cut across a wide range of topics from migration and social welfare to personal law systems and channels of representation It opens an exciting debate about global constitutional futures that is likely to become more salient over the next couple of generations The Open Access version of

The Power of the Church Michael R. Wagenman, 2020-11-20 It is fascinating that in all the media reports and discussions of the church's abuse of power in the early years of the twenty-first century few if any seemed to notice that the accusation of the church's misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated. Rather than an interest in the sociological aspect of this question, this book examines the more ontological and normative aspects of it. That is, it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them. As a cultural force and societal institution, what does the church constructively bring to the human community?

Philosophy of Revelation: A New Annotated Edition Herman Bavinck, 2022-05-03 Dutch theologian Herman Bavinck (1854-1921) is widely celebrated as one of the top theologians in the Reformed tradition and through the ongoing labor of translation teams, editors, and publishers, his vast writings are being offered anew to English-only readers. This book brings the groundbreaking framework of Bavinck's organic motif to the fore in one of Bavinck's most influential works. In the best sense of the title, the modern yet orthodox Bavinck offers readers here both a philosophy of revelation and a philosophy of revelation. *Philosophy of Revelation* was originally presented by Bavinck at the Stone Lectures at Princeton Theological Seminary in 1908 that by itself deserves being published. This classic text is updated and annotated and may function as a supreme entry into the mind of Bavinck. Bavinck saw theology as the task of thinking God's thoughts after him and tracing their unity. This project can be seen as thinking Bavinck's thoughts after him and tracing their unity. Chapters include: The Idea of a Philosophy of Revelation; Revelation and Philosophy; Revelation and Nature; Revelation and History; Revelation and Religion; Revelation and Christianity; Revelation and Religious Experience; Revelation and Culture; Revelation and the Future. Cory Brock is the assistant pastor at First Presbyterian in Jackson, Mississippi. Cory holds a PhD in Systematic Theology from the University of Edinburgh. Editor currently resides in Jackson, Mississippi. Nathaniel Gray Sutanto, PhD, University of Edinburgh, is an elder and theologian at Covenant City Church, Jakarta, Indonesia, and an adjunct lecturer at Westminster Theological Seminary, PA. Oliver O'Donovan's Moral Theology Samuel Tranter, 2020-10-01

This book offers the first sustained full-length treatment of the wide-ranging work of major Anglican theologian Oliver O'Donovan. Analyzing such key texts as *Resurrection and Moral Order*, *The Desire of*

the Nations and Ethics as Theology Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O Donovan s evolving vision of moral theology Tranter traces this tension as it relates to O Donovan s writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O Donovan s project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan s influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward
