Het Verhaal Van Een Taal Negen Eeuwen Nederlands:

Germanic Standardizations Ana Deumert, Wim Vandenbussche, 2003-01-01 This volume presents a comparative socio historical study of the Germanic standard languages Afrikaans Danish Dutch English Faroese Frisian German Icelandic Low German Luxemburgish Norwegian Scots Swedish Yiddish as well as the Caribbean and Pacific Creole languages Each of the 16 original chapters systematically discusses central aspects of the standardization process including dialect selection codification elaboration and diffusion of the standard norm across the speech community as well as incipient processes of de standardization and re standardization The strongly comparative orientation of the contributions allow for the identification of broad similarities as well as intriguing differences across a wide range of historically and socially diverse language histories Two chapters by the editors provide an overview of the theoretical background and rationale of comparative standardization research and outline directions for further research in the area The volume will be of interest to language historians as well as sociolinguists in general

Het verhaal van een taal J. W. de Vries, Roland Willemyns, Peter Burger, 1993 Overzicht van allerlei aspecten van de geschiedenis en de hedendaagse praktijk van het Nederlands

Language Contact at the Romance-Germanic Language Border Jeanine Treffers-Daller, Roland Willemyns, 2002 The current volume brings together sociolinguistic analyses of language contact along the Romance Germanic Language Border shedding more light on the variable and the universal elements in language contact and shift It covers the whole range of the border from French Flanders through South Tirol Every part of it has been treated by outstanding experts They describe the current state of the art in their portion of the language border and include information on the legal and or practical status of the language border and the status and function of all languages concerned Attitudinal and language planning initiatives as well as the standardisation status of the regionally official and minority languages are discussed Language borrowing code switching and other language contact phenomena are analysed in detail

Of Reynaert the Fox A. Th Bouwman, Bart Besamusca, 2009 An entertaining reworking of the most popular branch of the Old French tale of Reynard the Fox the mid thirteenth century Dutch epic Van den vos Reynaerde is one of the earliest long literary works in the Dutch vernacular Sly Reynaert and a cast of other comical woodland characters find themselves again and again caught up in escapades that often provide a satirical commentary on human society This charmingly volume is the first bilingual edition of the tale featuring facing pages with an English translation by Thea Summerfield making the undisputed masterpiece of medieval Dutch literature accessible to a wide international audience Accompanying the critical text and parallel translation are an introduction interpretative notes an index of names a complete glossary and a short introduction to Middle Dutch

A History of Science in the Netherlands Klaas van Berkel, Albert van Helden, L.C. Palm, 2023-07-03 In the 400 years of its modern history the Netherlands has produced a distinguished array of eminent mathematicians scientists and medical researchers including many Nobel prize winners and other internationally recognised figures from Stevin Snel and Huygens

in the 17th century to Lorentz Kammerlingh Onnes Buys Ballot De Vries de Sitter and Oort in the 19th and 20th centuries Yet it has often been noted that the history of science in the Netherlands is underrepresented in the international literature The handbook *A History of Science in The Netherlands* aims to correct this situation by providing a chronological and thematic survey of the field from the 16th century to the present essays on selected aspects of science in the Netherlands and reference biographies of about 65 important Dutch scientists Written by more than 10 experts from Europe and North America the handbook is the standard English language reference work for the field

The Dutch Republic in the Seventeenth Century Maarten Prak, 2023-01-19 Rembrandt Hals and Vermeer are still household names even though they died over three hundred years ago In their lifetimes they witnessed the extraordinary consolidation of the newly independent Dutch Republic and its emergence as one of the richest nations on earth As one contemporary wrote in 1673 the Dutch were the envy of some the fear of others and the wonder of all their neighbours During the Dutch Golden Age the arts blossomed and the country became a haven of religious tolerance However despite being self proclaimed champions of freedom the Dutch conquered communities in America Africa and Asia and were heavily involved in both slavery and the slave trade on three continents This substantially revised second edition of the leading textbook on the Dutch Republic includes a new chapter exploring slavery and its legacy as well as a new chapter on language and literature

The Transformation of Vernacular Expression in Early Modern Arts Joost Keizer, Todd Richardson, 2011-10-14 Including contributions by historians of early modern European art architecture and literature this book examines the transformative force of the vernacular over time and different regions as well as the way the concept of the vernacular itself changes in the period

A Key to Dutch History Commissie Ontwikkeling Nederlandse Canon, 2007 Many think they know the legends behind tulipmania and the legacy of the Dutch East India Tea Company but what basic knowledge of Dutch history and culture should be passed on to future generations *A Key to Dutch History* and its resulting overview of historical highlights assembled by a number of specialists in consultation with the Dutch general public provides a thought provoking and timely answer The democratic process behind the volume is reminiscent of the way in which the Netherlands has succeeded for centuries at collective craftsmanship and says as much about the Netherlands as does the outcome of the opinions voiced

Past, Present and Future of a Language Border Catharina Peersman, Gijsbert Rutten, Rik Vosters, 2015-07-24 This volume revisits the issue of language contact and conflict in the Low Countries across space and time The contributions deal with important sites of Germanic Romance contact along the different language borders covering languages such as French Dutch German and Luxembourgish This first monograph in English on the topic broadens our understanding of current day issues by integrating a historical perspective showing how language contact and conflict operated from the Middle Ages and the Early Modern Period the 18th and 19th centuries and into the 20th and 21st centuries

Pieter Bruegel's Historical Imagination Stephanie Porras, 2018-04-26 The question of how to understand Bruegel's art has cast the artist in various

guises as a moralizing satirist comedic humanist celebrator of vernacular traditions and proto ethnographer Stephanie Porras reorients these apparently contradictory accounts arguing that the debate about how to read Bruegel has obscured his pictures complex relation to time and history Rather than viewing Bruegel s art as simply illustrating the social realities of his day Porras asserts that Bruegel was an artist deeply concerned with the past In playing with the boundaries of the familiar and the foreign history and the present Bruegel s images engaged with the fraught question of Netherlandish history in the years just prior to the Dutch Revolt when imperial religious and national identities were increasingly drawn into tension His pictorial style and his manipulation of traditional iconographies reveal the complex relations unique to this moment among classical antiquity local history and art history An important reassessment of Renaissance attitudes toward history and of Renaissance humanism in the Low Countries this volume traces the emergence of archaeological and anthropological practices in historical thinking their intersections with artistic production and the developing concept of local art history

Four Centuries of Dutch-American Relations Hans Krabbendam, Cornelis A. van Minnen, Giles Scott-Smith, 2009-09-09 Since Henry Hudson landed on Manhattan in 1609 the peoples of the Netherlands and North America have been inextricably linked *Four Centuries of Dutch American Relations* written by a team of nearly one hundred Dutch and American scholars is the first book to offer a comprehensive history of this bilateral relationship This volume covers the main paths of contacts conflicts and common plans from the first exploratory contacts in the early seventeenth century to the intense and multifaceted exchanges in the early twenty first Based on the most up to date research *Four Centuries of Dutch American Relations* will be for years to come a valuable and much used reference work for anyone interested in the history and culture of the United States and the Netherlands and the larger transatlantic interdependent framework in which they are embedded

Variation and Reconstruction Thomas D. Cravens, 2006 The relation of language variation to reconstructed languages and to the methodology of reconstruction has long been neglected In this volume the relationship between language and variation is considered from a number of different angles looking at evidence from various language families In doing so the papers in this volume address a number of interconnected issues which are of current concern in comparative and historical linguistics

History in Dutch Studies Robert B. Howell, Jolanda Vanderwal Taylor, 2003 *History in Dutch Studies* re considers the central role of history within the discipline of Dutch Studies as viewed from a range of specializations within the field Contributions by scholars of Dutch history art history literature and linguistics all illustrate how the past and one s theories and views of history affect the practice of each part of the discipline One reflection of the history of the Low Countries in Dutch Studies is the range of the field it is interpreted broadly in this volume to include studies of Afrikaans as well as Dutch literature poetry as well as prose in light of their histories the history of Flanders and that of the Netherlands approaches within Dutch linguistics as well as a history of language contact and its influence on Dutch This breadth continues in the range of institutions and nationalities that are represented The volume

presents work from major scholars from the Netherlands Belgium and South Africa as well as from the United States of America These articles therefore provide a good cross section of ongoing research in the Netherlandic Studies the world over

Het Nederlands vroeger en nu Guy Janssens, Ann Marynissen, 2005 Handboek over het ontstaan en de ontwikkeling van het Nederlands voor extramurale studenten en docenten Nederlands **Globally Speaking** J. Rosenhouse, Rotem Kowner, 2008 The volume examines the motives for lexical borrowing from English during the last century the processes involved in the penetration of English vocabulary into new environments and the extent of its integration into twelve languages representing several language families Many of these absorbing languages are studied here for the first time

Dutch Colonialism, Migration and Cultural Heritage Geert Oostindie, 2008-01-01 Migration flows in the former Dutch colonial orbit created an intricate web connecting the Netherlands to Africa Asia and the Americas Africa to the Americas and to Asia in the nineteenth century Asia to the Americas with in the post Second World War period the direction of migration shifting to the Netherlands Some of these migrations were voluntary others were forced they helped to create colonial societies that were never typically Dutch but did have Dutch characteristics Power imbalance ethnic differences and creolization characterized the cultural configuration of these colonial societies This book with contributions by a number of Dutch scholars provides state of the art discussions on these migration histories In addition it presents reflections on the ways this past and its repercussions are remembered or forgotten or actively silenced throughout the former colonial empire This part of the book is embedded in the wider contemporary debate about the contested concept of cultural heritage and about the possibility of meaningful cultural heritage policies in a post colonial world **Ethnic Amsterdam** Liza Nell, Jan Rath, 2009 May this book contribute to a better understanding of the role of immigrants coming from more than 170 countries of the world during the last century in making Amsterdam the diverse city it is Job Cohen Mayor of Amsterdam

The History of Negation in the Languages of Europe and the Mediterranean David Willis, Christopher Lucas, Anne Breitbarth, 2013-07-25 This is the first of a two volume comparative history of negation in the languages of Europe and the Mediterranean It examines the development of sentential negation and negative indefinites and quantifiers in languages and language groups such as Italian English Dutch German Celtic Slavonic Greek Uralic and Afro Asiatic **Voor Magda** Johan de Caluwe, Jacques van Keymeulen, 2010 Tussen cultuur en politiek Pieter van Hees, Hugo de Schepper, 1995
