Hemingway in 90 Minutes Paul Strathern,2005 As Canadian as the maple leaf is how one observer summed up the United Church of Canada after its founding in 1925 But was this Canadian made church flawed in its design as critics have charged A Church with the Soul of a Nation explores this question by weaving together the history of the United Church with a provocative analysis of religion and cultural change The story begins in the aftermath of Confederation when the prospects of building a Christian nation persuaded a group of Congregationalist Methodist and Presbyterian leaders to set aside denominational differences and focus instead on shared beliefs Phyllis Airhart traces the new church s struggle to save its reputation during a bitter controversy with dissenting Presbyterians who refused to join what they considered a creedless church Surviving the organizational and theological challenges of economic depression and war the future of the church seemed bright But the ties between personal faith and civic life that the founders took for granted were soon tattered by the secular cultural storm sweeping through western Christendom The United Church s remaking came with

the realization that creating a Christian social order in Canada was unlikely perhaps even undesirable in a pluralistic world A Church with the Soul of a Nation sheds light on the United Church's past controversies and present dilemmas by showing how its founding vision both laid the groundwork for its accomplishments and complicated its adaptation to the new world taking shape

The Essential Machiavelli Paul Strathern, 2002 The very name Machiavelli has become a byword for evil In The Prince he offered advice on how to rule successfully His ideas were devious and unscrupulous yet

controversy still rages as to whether he was a political realist or dangerously amoral The Artist, the Philosopher and the Warrior Paul Strathern, 2009 Details the incidental convergence of three of Renaissance Italy's most brilliant minds This title follows Leonardo Da Vinci Niccolò Machiavelli and Cesare Borgia through the mountains remote villages and hill towns of the Italian Romagna It is an account of what happened in one short season in 1502 The Artist, the Philosopher, and the Warrior Paul Strathern, 2009-09-29 Leonardo da Vinci Niccolò Machiavelli and Cesare Borgia three iconic figures whose intersecting lives provide the basis for this astonishing work of narrative history They could not have been more different and they would meet only for a short time in 1502 but the events that transpired when they did would significantly alter each man's perceptions and the course of Western history In 1502 Italy was riven by conflict with the city of Florence as the ultimate prize Machiavelli the consummate political manipulator attempted to placate the savage Borgia by volunteering Leonardo to be Borgia's chief military engineer That autumn the three men embarked together on a brief perilous and fateful journey through the mountains remote villages and hill towns of the Italian Romagna the details of which were revealed in Machiavelli's frequent dispatches and Leonardo's meticulous notebooks Superbly written and thoroughly researched The Artist the Philosopher and the Warrior is a work of narrative genius whose subject is the nature of genius itself
