Quantum Psychics - Scientifically Understand, Control and Enhance Your Psychic Ability Theresa M. Kelly, 2013-03-18 This groundbreaking book written by Metaphysicist and Bestselling Author Dr Theresa M Kelly utilizes an extensive list of

scientific studies and laws to reveal how the laws of physics do not have to be rewritten to explain how psychic abilities work. The author exposes that psychic abilities are possible due to wirelessly transmitted data and commands weakly emitted through the mind and bodies own natural electromagnetic radiation. She also exposes that psychokinesis is possible by means of coupling and critically tuned frequencies operating in the electromagnetic near field. The book includes several exercises and techniques enabling the reader to learn how to control and enhance their psychic or psychokinetic abilities including using scientific and safe means of enhancement. With over fourteen years of hands on experience in her field Dr Theresa M Kelly bridges the gap between physics and metaphysics in a manner both easily comprehensible to the layperson and easily appreciated by professionals.
