Magia Sexualis Sex Magic And Liberation In Modern Western Esotericism:

Magia Sexualis Hugh B. Urban, 2006-10-04 This book offers a fascinating account of the development of Western sexual magic through the nineteenth and twentieth centuries Urban focuses on an extraordinary set of historical figures and his rich analysis illuminates the sexual and supernatural undercurrents that have shaped modernity Randall Styers author of Making Magic Religion Magic and Science in the Modern World **Aleister Crowley and Western Esotericism** Henrik

Bogdan, Martin P. Starr, 2012-09-20 Henrik Bogdan and Martin P Starr offer the first comprehensive examination of one of the twentieth century s most distinctive occult iconoclasts Aleister Crowley 1875 1947 one of the most influential thinkers in contemporary western esotericism Magic and Witchery in the Modern West Shai Feraro, Ethan Doyle White, 2019-06-26 This book marks twenty years since the publication of Professor Ronald Hutton s The Triumph of the Moon a major contribution to the historical study of Wicca Building on and celebrating Hutton s pioneering work the chapters in this volume explore a range of modern magical occult and Pagan groups active in Western nations Each contributor is a specialist in the study of modern Paganism and occultism although differ in their embrace of historical anthropological and psychological perspectives Chapters examine not only the history of Wicca the largest and best known form of modern Paganism but also modern Pagan environmentalist and anti nuclear activism the Pagan interpretation of fairy folklore and the contemporary Traditional Witchcraft phenomenon **New Approaches to the Study of Esotericism** , 2020-12-15 This volume offers new approaches to some of the biggest persistent challenges in the study of esotericism and beyond Commonly understood as a particularly Western undertaking consisting of religious philosophical and ritual traditions that go back to Mediterranean antiquity this book argues for a global approach that significantly expands the scope of esotericism and highlights its relevance for broader theoretical and methodological debates in the humanities and social sciences The contributors offer critical interventions on aspects related to colonialism race gender and sexuality economy and marginality Equipped with a substantial introduction and conclusion the book offers textbook style discussions of the state of research and makes concrete proposals for how esotericism can be rethought through broader engagement with neighboring fields

Occultism in a Global Perspective Henrik Bogdan, Gordan Djurdjevic, 2014-09-11 The study of the ideas and practices associated with occultism is a rapidly growing branch of contemporary scholarship However most research has focused on English and French speaking areas and has not addressed the wider spread and significance of occultism Occultism in a Global Perspective presents a broad international overview Essays range across the German magical order of the Fraternitas Saturni esoteric Satanism in Denmark sexual magic in Colombia and the reception of occultism in modern Turkey India and the former Yugoslavia As any other form of cultural practice the occult is not isolated from its social discursive religious and political environment By studying occultism in its global context the book offers insights into the reciprocal relationships that colour and shape regional occultism **Occult Roots of Religious Studies** Yves Mühlematter, Helmut Zander, 2021-06-08

The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological most prominently theological and phenomenological ideas first through the establishment of comparative philological and sociological methods and secondly through the demand for intentional neutrality This interpretation caused important roots in occult esoteric traditions to be repressed This process of purification Latour is not to be equated with the origin of the academic studies De facto the elimination of idealistic theories took time and only happened later One example concerning the early entanglement is Tibetology where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society Similarly the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance which hold that all religions have a common origin In this perspective it is not only the history of religious studies which must be revisited but also the partial shaping of religious studies by these traditions insofar as it saw itself as a counter model to occult ideas

Gurus of Modern Yoga Mark Singleton, Ellen Goldberg, 2014 *Gurus of Modern Yoga* explores the contributions that individual gurus have made to the formation of the practices and discourses of yoga in today's world

Routledge Handbook of Yoga and Meditation Studies Suzanne Newcombe, Karen O'Brien-Kop, 2020-10-28 The *Routledge Handbook of Yoga and Meditation Studies* is a comprehensive and interdisciplinary resource which frames and contextualises the rapidly expanding fields that explore yoga and meditative techniques The book analyses yoga and meditation studies in a variety of religious historical and geographical settings The chapters authored by an international set of experts are laid out across five sections Introduction to yoga and meditation studies History of yoga and meditation in South Asia Doctrinal perspectives technique and praxis Global and regional transmissions Disciplinary framings In addition to up to date explorations of the history of yoga and meditation in the Indian subcontinent new contexts include a case study of yoga and meditation in the contemporary Tibetan diaspora and unique summaries of historical developments in Japan and Latin America as well as an introduction to the growing academic study of yoga in Korea Underpinned by critical and theoretical engagement the volume provides an in depth guide to the history of yoga and meditation studies and combines the best of established research with attention to emerging directions for future investigation This handbook will be of interest to multidisciplinary academic audiences from across the humanities social sciences and sciences Chapters 1 4 9 12 and 27 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

An Indian Tantric Tradition and Its Modern Global Revival D.E. Osto, 2020-03-06 This book analyzes the contemporary global revival of Nondual aivism a thousand year old medieval Hindu religious philosophy Providing a historical overview of the seminal people and groups responsible for the revival the book compares the tradition's medieval Indian origins to modern forms which are situated within distinctively contemporary religious economic and technological contexts The author bridges the current gap in the literature between insider emic and outsider etic perspectives by

examining modern Nondual aivism from multiple standpoints as both a critical scholar of religion and an empathetic participant observer The book explores modern Nondual aivism in relation to recent scholarly debates concerning the legitimacy of New Age consumptive spirituality the global spiritual marketplace and the contemporary culture of narcissism It also analyzes the dark side of the revived tradition and investigates contemporary teachers accused of sexual abuse and illegal financial activities in relation to unique features of Nondual aivism s theosophy and modern scholarship on new religious movements NRMs and cults This book shows that although Kashmir aivism has been adopted by certain teachers and groups to market their own brand of High Tantra some contemporary practitioners have remained true to the system s fundamental tenets and teach authentic albeit modern forms of Nondual aivism This book will be of interest to academics in the fields of religion and Asian philosophies especially South Asian tantric neo tantric and yoga philosophies alternative and New Age spiritualities religion and consumerism and NRMs and cults Winner of the inaugural 2021 New Zealand Asia Society Book Award second prize

The Routledge Handbook of Religion and Secrecy Hugh B. Urban, Paul Christopher Johnson, 2022-03-29 Secrecy is a central and integral component of all religious traditions Not limited simply to religious groups that engage in clandestine activities such as hidden rites of initiation or terrorism secrecy is inherent in the very fabric of religion itself Its importance has perhaps never been more acutely relevant than in our own historical moment In the wake of 9 11 and other acts of religious violence we see the rise of invasive national security states that target religious minorities and pose profound challenges to the ideals of privacy and religious freedom accompanied by the resistance by many communities to such efforts As such questions of secrecy privacy surveillance and security are among the most central and contested issues of twenty first century religious life The Routledge Handbook of Religion and Secrecy is the definitive reference source for the key topics problems and debates in this crucial field and is the first collection of its kind Comprising twenty nine chapters by a team of international contributors the Handbook is divided into five parts Configurations of Religious Secrecy Conceptual and Comparative Frameworks Secrecy as Religious Practice Secrecy and the Politics of the Present Secrecy and Social Resistance Secrecy Terrorism and Surveillance This cutting edge volume discusses secrecy in relation to major categories of religious experience and individual religious practices while also examining the

transformations of secrecy in the modern period including the rise of fraternal orders the ongoing wars on terror the rise of far right white supremacist groups increasing concerns over religious freedom and privacy the role of the internet in the spread and surveillance of such groups and the resistance to surveillance by many indigenous and diasporic communities The Routledge Handbook of Religion and Secrecy is essential reading for students and researchers in religious studies comparative religion new religious movements and religion and politics It will be equally central to debates in the related disciplines of sociology anthropology political science security studies and cultural studies

Gnosticism and the History of Religions David G. Robertson, 2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

The Occult World Christopher Partridge, 2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism Written by a distinguished team of contributors the essays consider key figures beliefs and practices as well as popular culture

The Spiritual Imagination of the Beats David Stephen Calonne, 2017-08-17 The first comprehensive study to explore the role of esoteric occult alchemical shamanistic mystical and magical traditions in the work of major Beat authors

Contemporary Esotericism Egil Asprem, Kennet Granholm, 2014-09-11 The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today Combining historiographical analysis with theories and methodologies from the social sciences the volume explores new problems and offers new possibilities for the study of esoterica Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades The wide range of essays are divided into four thematic sections the intricacies of esoteric appeals to tradition the role of popular culture modern communication technologies and new media in contemporary esotericism the impact and influence of

esotericism on both religious and secular arenas and the recent de marginalization of the esoteric in both scholarship and society

Zionism Vs. the West Jonas E. Alexis, 2018-04-03 A person can be brought into bondage in two different ways by force or by his own will Force is a crude way of bringing a person into submission but using the persons own free will can be done sophisticatedly and covertly Under the banner of democracy and freedom America has been under the bondage of what E Michael Jones has aptly called sexual liberation and political control for over fifty years In the first two volumes of the trilogy Alexis explored these ideological themes In this last volume he expands on some of those pernicious ideas emphasizing how Zionism for over sixty years has shaken the moral philosophical and intellectual foundation of much of Western culture The Iraq War alone will cost America at least six trillion dollars and as if to prove that America is still in bondage the oppressors continue to use sophisticated means to seduce Americans so that perpetual wars will never cease to exist in the Middle East and in much of the world This book will seek to address these and related issues and in the process tell us something about the fundamental nature of reality and how to approach this cosmic conflict which has dominated the West for over a thousand years

The Power of Tantra Hugh B. Urban, 2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism

The Oxford Handbook of the Study of Religion Michael Stausberg, Steven Engler, 2016 The Oxford Handbook of the Study of Religions provides a comprehensive overview of the academic study of religions Written by an international team of leading scholars its fifty one chapters are divided thematically into seven sections The first section addresses five major conceptual aspects of research on religion Part two surveys eleven main frameworks of analysis interpretation and explanation of religion Reflecting recent turns in the humanities and social sciences part three considers eight forms of the expression of religion Part four provides a discussion of the ways societies

and religions or religious organizations are shaped by different forms of allocation of resources i.e. economy. Other chapters in this section consider law, the media, nature, medicine, politics, science, sports, and tourism. Part five reviews important developments, distinctions, and arguments for each of the selected topics. The study of religion addresses religion as a historical phenomenon, and part six looks at seven historical processes. Religion is studied in various ways by many disciplines, and this Handbook shows that the study of religion is an academic discipline in its own right. The disciplinary profile of this volume is reflected in part seven, which considers the history of the discipline and its relevance. Each chapter in the Handbook references at least two different religions to provide fresh and innovative perspectives on key issues in the field. This authoritative collection will advance the state of the discipline and is an invaluable reference for students and scholars.

The Vice of Kings Jasun Horsley, 2019-01-22 In today's post-truth world, we are becoming inundated with fantasy fictions, alternate news, and grossly oversimplified and wildly exaggerated conspiracy theories that identify cryptocratic power structures ruling our fates. But suppose the truth is both stranger than any fiction and more nuanced and disturbing than any theory. Suppose it is not conspiracy but complicity that creates our world. Beginning as an investigation into the author's childhood inside a closet aristocracy of progressive British entrepreneurs, *The Vice of Kings* uncovers a history both disturbingly personal and shockingly universal. By juxtaposing disc jockey Jimmy Savile's secret cultural, criminal, and political affiliations in the second half of the 20th century with the life and teachings of Aleister Crowley, in the first it uncovers an alarming body of evidence that organized child abuse is not only the dark side of occultism but the shadowy secret at the heart of culture, both ancient and modern.

Holy Horror Steve A. Wiggins, 2018-12-03 What exactly makes us afraid? Is it monsters, gore, the unknown? Perhaps it's a biblical sense of malice lurking unnoticed in the corners of horror films. *Holy Writ* attempts to ward off aliens, ghosts, witches, psychopaths, and demons, yet it often becomes a source of evil itself. Looking first at *Psycho* (1960) and continuing through 2017, this book analyzes the starring and supporting roles of the Good Book in horror films, monster movies, and thrillers to discover why it incites such fear. In a culture with high biblical awareness and low biblical literacy, horrific portrayals can greatly influence an audience's canonical beliefs.

Magia Sexualis Sex Magic And Liberation In Modern Western Esotericism Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the power of words has be more evident than ever. They have the capacity to inspire, provoke, and ignite change.
