Second European Edition

David Hillier, Mark Grinblatt and Sheridan Titman

The second European edition of *Financial Markets and Corporate Strategy* provides comprehensive coverage of financial markets and corporate finance, brought to life by real world examples, cases and insights. Placed in a truly international context, this new and updated edition takes an academic and practical view-point to guide students through the challenges of studying and practicing finance.

Aimed specifically at an international audience, this edition boasts hundreds of references to new and relevant non-US research papers from top finance journals. Whilst retaining the well respected structure of the successful US text, Professor David Hillier has also made a number of additions which include:

- Fully updated research, data and examples in every chapter.
- Coverage of the global financial crisis, the impact it made on the financial markets and the lessons being learnt by the finance industry.
- A stronger emphasis on corporate governance and agency theory.
- Updates on accounting standards, bankruptcy laws, tax rules and tax systems.

David Hillier is Vice-Dean and Professor of Finance at the University of Strathclyde Business School, Glasgow. His research has attracted an ANBAR citation and best paper prizes and he has been ranked in the top 3% most prolific finance researchers in the world over the period 1958 – 2008 (Heck et al, 2009). David has taught in a number of domestic and overseas locations, including Greece, Italy, Malaysia, the Netherlands, Spain, Tanzania and Thailand. He is also co-author of *Corporate Finance* (2010) and *Fundamentals of Corporate Finance* (2011) published by McGraw-Hill.
