Machine Man Vintage Contemporaries:

Machine Man Max Barry, 2011-08-09 Scientist Charles Neumann loses a leg in an industrial accident. It's not a tragedy. It's an opportunity. Charlie always thought his body could be better. He begins to explore a few ideas. To build parts. Better parts. Prosthetist Lola Shanks loves a good artificial limb. In Charlie, she sees a man on his way to becoming artificial everything. But others see a madman. Or a product. Or a weapon. A story for the age of pervasive technology. **Machine Man** is a gruesomely funny unraveling of one man's quest for ultimate self improvement.

Margaret Atwood's Apocalypses Karma Waltonen, 2015-01-12 Margaret Atwood's *Apocalypses* features essays by established and new Atwood scholars on Atwood's poetry, *The Handmaid's Tale*, and the famous *MaddAddam* trilogy. Readers will encounter ways to trace the theme of apocalypse through decades of Atwood's work and lenses through which to view various fictional apocalypses including disability studies, theology, and ecofeminism.

Heritage Vintage & Contemporary Photography Auction #5020, **The Machine Anxieties of Steampunk** Kathe Hicks Albrecht, 2021-11-04 What is steampunk and why are people across the globe eagerly embracing its neo-Victorian aesthetic? Old-fashioned eye goggles, lace corsets, leather vests, brass gears, and gadgets, mechanical clocks, the look appears across popular culture in movies, art, fashion, and literature. But steampunk is both an aesthetic program and a way of life, and its underlying philosophy is the key to its broad appeal. Steampunk champions a new autonomy for the individual caught up in today's technology-driven society. It expresses optimism for the future, but it also delivers a note of caution about our human role in a world of ever more ubiquitous and powerful machines. Thus, despite adopting an aesthetic and lifestyle straight out of the Victorian scientific romance, steampunk addresses significant 21st-century concerns about what lies ahead for humankind. The movement recovers autonomy from prevailing trends even as it challenges us to ask what it is to be human today.

The Gospel according to Science Fiction Gabriel McKee, 2007-01-02 In this thorough and engaging book, Gabriel McKee explores the inherent theological nature of science fiction using illustrations from television shows, literature, and films. Science fiction, he believes, helps us understand not only who we are but who we will become. McKee organizes his chapters around theological themes using illustrations from authors such as Isaac Asimov and H.G. Wells, television shows such as *Star Trek* and *The Twilight Zone*, and films such as *The Matrix* and *Star Wars*. With its extensive bibliography and index, this is a book that all serious science fiction fans, not just those with a theological interest, will appreciate.

The Ethics of Survival in Contemporary Literature and Culture Rudolf Freiburg, Gerd Bayer, 2021-12-14 *The Ethics of Survival in Contemporary Literature and Culture* delves into the complex problems involved in all attempts to survive. The essays analyze survival in contemporary prose narratives, short stories, poems, dramas, and theoretical texts, but also in films and other modes of cultural practices. Addressing diverse topics such as memory and

forgetting in Holocaust narratives stories of refugees and asylum seekers and representations of war the ethical implications involved in survival in texts and media are brought into a transnational critical discussion The volume will be of potential interest to a wide range of critics working on ethical issues the body and the politics of art and literature

Post45 Vs. The World: Literary Perspectives on the Global Contemporary William G. Welty, 2023-01-31 Much of the work done on the Post45 literary field carries an implicitly Americanist perspective Even the name of the field suggests a certain literary history with certain assumptions and blind spots about national spaces identities and histories But what would Post45 look like when considered from outside of the United States How do the current contours of the field exclude certain voices either in the United States or elsewhere in the world And how would such new perspectives shift the beginning and possible endpoint of that literary period What new narratives of the contemporary emerge if we begin telling the story in a different year or from a different national or global perspective This collection attempts to re frame the discussions in Post45 by engaging with non American writers texts and perspectives Additionally productive conversations emerge by attempting to think of canonical American writers like Mark Twain and Ishmael Reed from other national and global perspectives The authors consider both the ways texts themselves as well as their reception histories approach and challenge our understandings of the contemporary Ultimately the collection interrogates prevailing narratives of history culture identity and space within the Post45 field In so doing it re considers the historical periodization of the field which currently covers approximately 75 years of literary history The resulting essays thus work towards a new intertwined narrative about what defines the contemporary and how national and global literatures fit into that moment of world history

Cyborg Cinema and Contemporary Subjectivity S. Short, 2004-11-10 This book breaks new ground in providing an in depth critical assessment of cyborg cinema arguing that it remains one of the most intriguing and provocative cycles to have emerged in contemporary screen culture Tracing the cinematic cyborg s transition over the last two decades and evaluating the theoretical significance attributed to this figure it asks what relevance the cyborg continues to have in terms of understanding human identity our relationship to technology and to one another

Diseases and Disorders in Contemporary Fiction James Peacock, Tim Lustig, 2013-04-17 The essays in this collection address the current preoccupation with neurological conditions and disorders in contemporary literature by British and American writers The book places these fictional treatments within a broader cultural and historical context exploring such topics as the two cultures debate the neurological turn postmodernism and the post postmodern and responses to September 11th Considering a variety of materials including mainstream literary fiction the graphic novel popular fiction autobiographical writing film and television contributors consider the contemporary dimensions of the interface between the sciences and humanities developing the debate about the post postmodern as a new humanism or a return to realism and investigating questions of form and genre and of literary continuities and discontinuities Further the essays discuss contemporary writers attempts to engage the

relation between the individual and the social looking at the relation between the syndrome syndrome referring to the prevalence in contemporary literature of neurological phenomena evident at the biological level and existing work in the field of trauma studies where explanations tend to have taken a psychoanalytical form allowing for perspectives that question some of the assumptions that have marked both these fields The current literary preoccupation with neurological conditions presents us with a new and distinctive form of trauma literature one concerned less with psychoanalysis than with the physical and evolutionary status of human beings

Hell in Contemporary Literature Rachel Falconer, 2019-07-29 This book explores the idea that modern Western secular cultures have retained a belief in the concept of Hell as an event or experience of endless or unjust suffering The Relevance of Alan Watts in Contemporary Culture Peter J.

I Want to Do Bad Things: Modern Interpretations of Evil, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Far from the confines of black and white evil today is an often complex and ever evolving concept which can be found in all facets of life This book offers a collection of views on the concepts of evil and wickedness from a variety of subjects helping to show the range and scope of this universal concept Chapters begin by exploring the concept of evil from a philosophical perspective attempting to question the very nature of evil itself and what issues help to constitute the subject They continue by discussing evil as it relates to monetary value in terms of capitalism politics and binary code The last two sections focus on evil through the lens of literature and film touching upon a wide range of characters from the villain hero of the Elizabethan era to the modern day antihero featured in twenty first century film

Contemporary Australian Literature Nicholas Birns, 2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia's distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In Contemporary Australian Literature A World Not Yet Dead Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics

Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella
